The pastor says the chief of police was notified last summer of the baseball nuisance, but that it has not been abated.

Sessions Held in Church—At the Free Methodist conference now in session the exercises and sessions have so far been held in the church building, on account of the cool weather. ELLERS TO BUILD LARGE STRUCTURE

Covering the entire half block fronting on Pettygrove street, between Fifteenth and Sixteenth, the Ellers Piano House is preparing to build a five story brick structure in which will be located the company's warehouse, inspection and display rooms, distributing department, barn and garage. The Alaisie mill property, which was formerly held jointly by Frederick Ellers and the Alaisie heirs, was divided yesterday and deeds to that effect have been filed for record.

The Ellers will at once improve their half of the block, which will involve an expenditure of about \$75,000, and which will provide this concern with the largest and most modern piano warehouse and display rooms on the Pacific coast. Upon the new premises will also be built immediately the new factory and finishing shops for the Ellers orchestral piano. The delivery service of the concern, horses, drays and automobiles, will be splendidly housed in a strictly modern and up to date barn and garage. The sixteenth street frontage, which has a carriage, will be developed in the shape of display rooms with high ceilings, and here will be the show rooms for pipe organs, orchestrations and other automatic instruments that have come so rapidly into public favor of late years. The entire line of school and church organs will be displayed over there, and above them will be the wholesale offices of the concern. Contracts will be let for the erection of these buildings as soon as the plans are prepared.

Principle O. H. Byland of the Rainier High school is a guest at the Imperial.

A NEW DEPARTURE
 The cost of interments have been greatly reduced by the Holman Undertaking company.
 Heretofore it has been the custom of funeral directors to make charges for all incidentals connected with a funeral. The Edward Holman Undertaking company, the oldest and largest directors of Portland, have departed from that custom. When casket is furnished by us we make no extra charges for embalming, hearse to cemetery, outside box or any services that may be required of us, except clothing, caskets and carriages, thus effecting a saving of \$25 to \$75 on each funeral.
