

THINKING OUT
CROWDBOMBARDS
ACROSS WITH BRICK

One More of the Unfortunate
"Trouble Kids" Sent
to Hospital.

New York, May 29.—Lillian Brady, 5 years old, of No. 2701 Eighth avenue, is in the J. Hood Wright hospital, suffering from concussion of the brain and many bruises and cuts, as a result of having been struck by an auto in which were two women. The auto escaped after it had been chased several blocks by a crowd of yelling men and women, who bombarded the car with bricks. The accident occurred at One Hundred and Forty-fourth street and Eighth avenue. Many of the bricks which were seized from a pile of building material struck the machine, breaking the glass wind shield and narrowly missing the passengers, who crouched low as the motor car dashed ahead.

The injured girl is a member of Harlem's prize family of unfortunate children, who are known to their neighbors as "the trouble kids."

Live to Get Hurt.
There are four children in the Brady family, ranging in age from 2 to 9 years. Within the last three weeks each of them has narrowly escaped death, and the record of accidents they have suffered in all their little lives is so long that not even their parents could remember it.

Record of Mishaps.
The record of the other children, previous to Lillian's collision with the auto, in the last few weeks, is this: Wednesday, Alice, 9, was descending from the fifth floor when she fell on her head as she was closing it, knocking her unconscious and dropping her 10 feet to the floor of the top story. A 10-foot iron ladder leading to the roof tumbled on her, badly bruising her. She was taken home and attended by Dr. William B. O'Brien.

Mrs. Brady Not Acclimated.
"I'll lock them all up if they don't stop getting hurt," said Mrs. Brady today. "Alice has been laid up six times in her life—and that doesn't count the times that didn't keep her in bed. The other kids were laid up once, but I can't think of it to be them up at home."

Wickersham Wants Judge Reid Removed.
Washington, May 29.—It is understood that Attorney General Wickersham has recommended to President Taft the removal of Judge Elias Reid of the Third District of Alaska, against whom a charge was filed by the department of justice last week, charging him with the removal of the Alaska gold fields from the Republic under the authority of the general of Oklahoma under the new government. He was given the Alaska gold fields, which he has been charged that he took a number of relatives with him to Alaska, and that he organized his business in the name of the Alaska Central railroad and paid him far in excess of what his services were worth.

Rebels Capture President—Troops Rescue Him—Street Fighting.
Lima, Peru, May 29.—A revolution has broken out in Lima which may yet involve a good part of Peru. The rebels are in the city and there has been some street fighting, but details are lacking, as communication with the capital ceased this afternoon. At that time the cable operator reported there had been several encounters and the fighting was still going on. The rebels were led by Juan Velasco, who is believed to be the president of the nation. He has been on the verge of a break for some time. The government, however, is strongly interested and is likely to be successful in stamping out the rebellion.

PULLMAN STAR
SETS 9 3-5 MARK

Nelson Caught in Record
Time in Hundred Yards
—W. S. C. Wins.

One hundred yards in 9 3-5 seconds has been accepted in but two instances. Arthur Duffy ran the century in that time at Berkeley oval, New York, May 29. It is doubtful if the record made at Pullman yesterday will be accepted.

State College, Pullman, Wash., May 29.—Boating—Martin, Whitman, second, in both the 100 and 200-yard dashes here today, Jack Nelson of W. S. C. was credited with time of 9 3-5 seconds in the 100-yard dash. The timers, Professor Charles Timblin, head of the faculty athletic committee of the state college, Manager Herbert Wexler of the track team, and J. W. McCausland, have all had several years' experience with the water watch, and all gave Nelson's time of 9 3-5 in the 100. The race was run on a cinder track slightly curved at the start and the numbers were favored by a wind. W. S. C. overwhelmed Whitman in the meet by a score of 39 to 23 points, the latter forfeiting the relay. Whitman secured but one first, the pole vault, while the state college took all three places in the half mile, the 440-yard run, the broad jump and the hammer-throw.

Shotput—Halm, W. S. C. first; Conover, S. C. second; Lewis, Whitman, third. Distance, 40 feet 2 1/2 inches.
Pole vault—Foster and Felthouse, Whitman, tied for first; Dalquist, third. Height, 11 feet.
120-yard hurdles—Putman, W. S. C. first; La Pollette, W. S. C. second; Fee, Whitman, third. Time, 0:16 3-5.
220-yard dash—Nelson, first; Martin second; Coe, W. S. C. third. Time, 0:32 1-5.
Hammer throw—Cagle, Damman and Laird, all of W. S. C., tied for first. Height 134 feet 10 inches.
High jump—Whitman, W. S. C. first; Foster, Whitman, second; Phillips and Putman, W. S. C., tied for third. Height 5 feet 3 inches.
440-yard run—Lowry, North and Bartlett, all of W. S. C., time 0:54 3-5.
1 Mile run—Cogg, Stoopkey and Walsh, all of W. S. C., time 5:00 1-5.
Broad jump—Phillips, Thompson and Putman, all of W. S. C., distance 21 feet 11 1/2 inches.
100-yard dash—Halm, W. S. C. first; Lewis, Whitman, second; Halm, W. S. C. third. Distance, 120 feet 7 1/2 inches.
100-yard hurdles—Halm, W. S. C. first; Thompson, W. S. C. second; Cox, Whitman, third. Time, 0:26 1-5.
Relay conceded to Pullman.

It has been the subject of frequent conferences between them and the Greater New York justices. A call for a meeting will be sent at Albany, N. Y., on June 3 and 4, was mailed to each justice, but as it was found that all of the appellate court division justices could not be present the meeting has been temporarily postponed, but it is expected to be held later on.

COUNTY COURT ISSUES INSTRUCTIONS
TO DISCHARGE ONE OF
TWO NOW EMPLOYED AND
TURN OVER SOME OF WORK
TO CLERK FIELDS.

County Auditor Carl A. Brandes will be instructed by the county court to discharge one of his two deputies at the end of the present month. At the same time his office will be relieved of the work of making up the county pay rolls and of issuing warrants and requisitions for office supplies.

GIVE COUNTY CLERK WORK

Still another reason is offered in part explanation of the action of the county court. The effect of the change is to unload considerable work from the auditor to the county clerk, this being the making up of the monthly payrolls and the issuing of county warrants. It appears that this work under the law belongs to the county clerk, but the auditor has been able to handle it for a long time.

BIG MUSIC HOUSE BOOST-
ING A-Y-P EXPOSITION

The Eilers' Piano House will have the largest individual exhibit at the Alaska-Yukon-Pacific Exposition. Most extensive preparations have been made, and the display of costly Pianos, Orchestrons, Electric Pianos, Talking Machines, Pipe Organs, etc., will be unquestionably the most comprehensive gathering of such instruments ever shown at any international exposition.

The Eilers advertising man takes opportunity to further general exposition publicity by placing large banners on all of their big drays which are used to transport their exhibit to the grounds.—Seattle Times, May 26, 1909.
