

WILL BRING FINE STRINGS TO MEET STRIKE DOOMS IN LABOR CIRCLES

California Horsemen Give Controversy Over Open Shop Secretary Wisdom Much Encouragement. May Cause Tie-Up.

M. D. Wisdom, secretary of the North Pacific Fair circuit, returned from a visit to California last week during which time he canvassed thoroughly the horsemen of that state to see what success the northern circuit will likely have this year. He found that all but one horseman, W. G. Durfee of Los Angeles, who had some months ago signed a contract to take his string to an eastern circuit, are to bring their horses north.

To state that Mr. Wisdom and the directors of the circuit were pleased over the conditions found in the south, is putting it mildly, for according to his report the success of the northern west racing season is absolutely assured. Some 200 head of class pacers and trotters will be entered in the northwest races by California men alone, while a number of Grand circuit drivers and trainers are to handle them.

Foremost of these drivers will be Charlie DeRyder and Budd Doble, two of the most famous of drivers. DeRyder is a Grand circuit driver, but was so impressed by the turn racing in taking in the northwest that he decided to bring his horses to the northwest. Doble is the driver who was behind the great Dexter when he made his record at the training track, and who has won the training track at San Diego and San Francisco. He has also won the training track at Seattle, Walla Walla and Boise. Spokane too, is to have a five day meet at the same time as the racing is in progress in Portland.

From Chico, Cal., will come John Quinn and L. B. Daniels both of whom are to bring some fast horses. Quinn plans bringing eight or ten trotters and pacers, one of whom, Hymettus, holds the world record for 3-year-old gelding pacers with a record of two years ago of a mile in 2:08 1/2. He will be entered in all the big stakes. Quinn's leading mare is a 3-year-old, Bell, 2:08 1/2. She has done 2:06 1/2 already this year on the track at Chico and has led Quinn to expect great things of her. Daniels is bringing Catalina, who won everything in which she entered last year, and a number of other horses as fast as she.

From Sacramento will come W. J. Ivy with Sittensman, 2:11 1/2, whom he expects will take a number of the big trotting events and a fast pacer, Teddy Bear. H. B. Rutherford of Woodlands, brings a pacer, Josephine, and a trotter, Crilla Jones, both of whom Josephine was undefeated last year and is bigger and stronger this season. Crilla Jones is a 3-year-old mare of Spokane, a brother of Governor Hay of Washington. Rutherford is also bringing a number of youngsters. H. H. Helman is bringing a little mare, Cora, who was beaten out of the 2-year-old championship by an eyelash last year. She won a mile in 2:07 1/2 this season and is regarded as one of the best prospects in California. Another of the horses in California will be Charlie D., the undefeated, who will be brought north by James Thompson. Thompson was in charge of a string of horses at the recent horse sale and was charmed with the track at the country club. Charlie D. is a pacer with the fast record of 2:06 1/2. A number of other horses will also come.

TWO SALOONS HELD UP IN ONE NIGHT. Peretti Bros' saloon, 255 Union avenue, was held up by two masked men at 10:30 last night and the cash register robbed of \$400. The bandits then went through the pockets of the customers in the saloon, but secured little money from them. They then escaped. A second holdup occurred at about midnight in the Canteen saloon, 409 Couch street, when two masked men, evidently young boys, entered the place, but were frightened away and secured nothing. Bartender Lewis dropped behind the bar when the order to throw up the hands came and the bandits backed out hurriedly. Although the descriptions furnished by the two places differ slightly in detail, the police believe both holdups were committed by the same men.

This Is Lang Meet Me Face to Face Special All This Week I will place on sale a selection of all-wool tailored Suits in a variety of styles and fabrics. Suits that are usually sold at from \$27.50 to \$35.00. Silk taffeta lined at \$15 For those who haven't as yet bought their spring suit it will be of advantage to bear me in mind. If a saving of one half is worth investigating, see me first.

RUSHLIGHT IN MAYOR'S CHAIR

Councilman Presides at Executive Board Meeting.

In the absence of Mayor Lane, who is in Seattle attending the opening of the Alaska-Yukon-Pacific fair today, Councilman Rushlight this morning presided at the monthly meeting of the executive board to audit the pay rolls and transact other business. An application by the Woman's Exchange to erect a brick addition to the kitchen of their new quarters near Fifth and Yamhill streets was denied, as the city ordinance forbids adding to or building upon frame structures within the fire limits. The board afterwards reconsidered its action and referred the application to the city attorney. If the law can be construed favorably to the Woman's Exchange it is the desire of the executive board to grant the request.

At the request of R. R. Dunlavy, attorney for Ellis G. Hughes and the Irvington Investment company, the board rejected all bids for the improvement with hard surface pavement of streets intersecting Stanton street. Through a mistake this action was not taken at a former meeting when the board recommended that the city council reinstitute improvement proceedings and call for bids. Gregg B. Simons, manager of the Pacific Bridge company, asked the board to award at today's session the contract for the paving of East Burnside street from East Tenth to East Thirtieth, but it was deemed inadvisable to do so because the bid is at this time in the hands of the street committee for checking and that committee has not yet made a report. Mr. Simons desired the contract let at once, so that he could put a large force of idle men to work. The executive board will hold a special meeting soon to accommodate the contractor.

R. R. Dunlavy also asked the board to award to Elwood Wilson the contract for the paving of East Nineteenth street from Knott to Siskiyou without the formality of advertising for bids. This request was refused.

Building Permits. Knowles avenue, between Morgan and Herald, J. J. Wilson, erect two story frame dwelling, \$1500; East Twenty-second street between Knott and Stanton, Minto & Bushong, erect one and a half story frame dwelling, \$3200; East Twenty-second street between Knott and Stanton, John Minto & Bushong, erect two story frame dwelling, \$3200; East Twenty-seventh street, near Francis avenue, C. F. Anderson, erect one story frame dwelling, \$1000; East Seventy-eighth street, between Glisan and Oregon, A. D. McKleson, erect two story frame dwelling, \$1100; Morrison street, between Fifth and Sixth, Mr. Drake, erect grandstand, \$1000; Stout street, corner Salmon, N. A. King, erect two story frame dwelling, \$30,000; East Twentieth street, between Knott and Brazee, Frank Montgomery, erect one and a half story frame dwelling, \$3000.

Copper Hooks Remain Hidden. (United Press Leased Wire.) New York, June 1.—Despite the efforts of the investigators, it is said there have been no further developments in the search for the missing books of the United Copper company. Up to a late hour today the directors of the company were at a loss to discover means by which they might purge themselves of contempt when they appeared before Judge Lacombe in the United States court.

Experts Endorse a New Cooking Fat. "Marion Harland," Mrs. Janet M. Hill, and Mrs. Sarah Tyson Rorer, are three cooking authorities whose names are familiar to almost every housewife. Each has her own distinctive methods of work, but it is interesting to note that on the all-important question of a cooking fat, they are unanimous in recommending COTTOLENE. "Marion Harland" says of COTTOLENE: "It has given complete satisfaction." Mrs. Hill says: "I am a factory; glad to recommend it." Mrs. Rorer says: "A much more healthful product than lard."

VANDALS DESTROY WINDOW DECORATIONS. Report is made to the police station that vandals have been destroying the Rose Carnival decorations in the windows of a number of the downtown stores. Most of the depredations have been committed at night, but at noon today some vandals are reported to have destroyed the signs posted on the windows of the Guest Clear company stores at Sixth and Washington streets and Third and Alder streets. Chief Gritzmacher has issued stringent orders to the patrolmen to watch out for like depredations of this character and to arrest any one caught tampering with the signs.

HARNESS BUCKLE IS AT BOTTOM OF CASE. C. A. Patterson, a jeweler, was put on trial in federal court this morning charged with perjury. Patterson made an affidavit to the patent office at Washington, representing himself to be the inventor of an improved attachment to a single piece harness buckle invented by Edwin A. Egan. Egan contested the affidavit, declaring himself to be the real inventor. The case is being conducted on behalf of the government by Assistant District Attorneys Walter Evans and J. R. Wyatt.

JUDGE REID HAS LEFT THE BENCH

Forced Out Under Nepotism Charge—An Alaska Man May Succeed Him.

(Washington Bureau of the Journal.) Judge of the Valdez district, Alaska, filed his resignation this morning with the department of justice. It is the understanding that he was forced out under charges of nepotism. An Alaska man, name not ascertained, is groomed as his successor. Wickersham is said to favor this man. Reid was appointed from Oklahoma.

RESTAURANT MAN IS GIVEN HEAVY FINE. Ed Johnson, the proprietor of Delmonico's restaurant at Seventh and Morrison streets, was fined \$100 this morning on a charge of selling liquor without a license. He was represented by Attorneys Ryan and Petrain who served notice of appeal. Johnson held as his defense that he had been trying to get a license, and that owing to certain litigation now pending he was unable to receive a license.

Sky Photographs of Nysa. (Special Dispatch to the Journal.) Nysa, Or., June 1.—Professor George R. Lawrence of Chicago and a crew of assistants have been working in this territory for the past week taking aerial pictures of the Boise-Owyhee, including the Malheur and Lost River projects. The camera is placed upon three poles, which are leaded on the ends and on the end of each pole a silk line is extended downward with a weight at the bottom. By these the professor tells when the camera is perfectly still and ready for exposure.

SMITH IS SANE, SAY PHYSICIANS

Alleged Blackmailer of Salem Banker Must Face Serious Charge.

(By Journal Leased Salem Wire.) Salem, Or., June 1.—Albion Smith, the young man who is charged with having threatened to kidnap Banker Bush's daughter unless the banker should pay over a sum of money, and who is also accused of having used other methods to extort money from the wealthy Salem banker, was found to be of sound mind in a report filed this morning with the county court by the special commission appointed to examine into Smith's mental condition. The commission was composed of Dr. L. E. Griffith of the asylum medical staff, Dr. Frank E. Smith, and Dr. W. H. Cusick. The latter physician was not certain of the sanity of Smith, but allowed the other two physicians to file the report without protest. Smith will now have to stand trial on the charge of attempting to hold up the Hinges jewelry store at the next term of court, which will be in July. Should he be convicted, he will face, at the end of his confinement, another charge brought by the United States authorities, of using the mails for blackmailing purposes.

Alone in Sewmill at Midnight. Unmindful of dampness, drafts, storms of cold, W. J. Atkins worked as Night Watchman at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. "After using one bottle," he writes, "I went back to work as well as ever." Severe colds, stubborn coughs, inflamed throats and sore lungs, Hemorrhages, Croup and Whooping Cough get quick relief and prompt cure from this glorious medicine. 50c and \$1.00. Trial bottle free, guaranteed by Woodard, Clarke & Co.

Sherman, Clay & Co. Sixth and Morrison Streets, Opposite Postoffice. Consider the Man When buying a piano. The pleasure of producing good music one's self need not be confined to one or two members of the family. The Kingsbury Inner-Player In the home enables every member of the family to share in the enjoyment of music of his own choosing. We invite you to call at our warerooms to see it and play it yourself. If you have a silent piano now, we will take same and apply its full worth on an Inner-Player.

A. B. Steinbach & Co. We are exclusive Portland agents for Holeproof Hosiery for Men, Women and Children. Genuine Holeproof Sox Now 25 Cents a Pair. You can now buy a box of six pairs of Holeproof Sox—formerly \$2.00—for \$1.50. Those who have always paid 25 cents a pair for inferior Sox can now have the best at this price. Holeproof are the original guaranteed Sox—the first that were sold under a 6 months guarantee. The makers pay the top market price for their yarn—they buy only the finest and softest Egyptian and Sea Island cotton. But the top market price is now less than it was, so the makers are now saving you 50 cents on six pairs. Yet you get the same Sox as before. Come in and see what Holeproof are like. Judge if you want the genuine. Decide if any other brand is one-half so good. Learn what you save and gain when you wear Holeproof. Mail Orders Receive Prompt Attention, Delivered Free of Cost to Any Part of the United States, British Columbia and Alaska.

In the cocoa bean nature has cunningly stored nutrition and health-giving properties which are released in their natural fullness in Ghirardelli's COCOA. Rich, fragrant, nourishing. Don't ask merely for cocoa—ask for Ghirardelli's. The little Portuguese island of St. Thome, has climate and soil both peculiarly suited to cocoa culture. With a total area of only 355 square miles, of which only one-third is actually cultivated, it supplies one-fifth of the world's cocoa crop.
