

## TO DELIVER ALL FREIGHT ON DOCK

Steamer J. N. Teal Makes Special Trip to The Dalles This Morning.

## WILL BE IDLE DURING FRESHET

Open River Transportation Company Makes Special Effort to Get Freight Through Before Closing of Locks—Steamer Will Be Thoroughly Overhauled.

Making what will probably be her last trip until the high water recedes, the J. N. Teal will double on her trip and go up to The Dalles this morning. Instead of tomorrow, which would be her regular day, leaving the Oak street dock at about 11 o'clock.

The dock will be cleaned today of all remaining freight, which amounts to about 60 tons, and it will be put on board of the Teal, which will make the special trip up the river for the purpose of getting it to its destination before temporarily discontinuing her run. The J. N. Teal, which is not run between here and the locks, as there would probably not be business enough to justify her doing so, according to Dorsey E. Smith, superintendent of the Open River Transportation Company, but while tied up will undergo a thorough overhauling, which will cost money will be spent on repairs.

Mr. Smith, who will go to Celilo today to look after company interests, stated that there was enough freight on hand at Celilo to keep the Twin Cities busy for three or four trips, and that any through freight would be sent out to Lewiston, by way of Celilo over the O. R. & N. railway. He said that it is possible that the Teal might be laid up for two or three weeks.

## MOVE TO GREENWICH.

High Water Makes Change From Couch Street Desirable.

The steamer Alliance which left for Coos bay last night at 8 o'clock, probably not come in to the Couch street dock until the water recedes, but will tie up at Greenwich dock No. 2, where all of the freight from the Couch street docks has been taken, and where the office of the California & Oregon Coast Steamship company was transferred last night.

The Sue H. Elmore, captain Schradler, which arrived at 11 o'clock yesterday morning, had not begun to unload yet, but will discharge her cargo at Greenwich dock as soon as the office of the company are moved over there.

The Diamond company, which also has dock room on the Couch street dock, has moved its freight onto the new dock, which was built a few years ago, and which had gold dredging machinery installed on it. For some reason or other it was abandoned, probably as it was not making a paying thing of gold dredging, and the machinery taken out of it and sent to Alaska. The Diamond company recently came into possession of it. It is being put to use, beyond the use it is being put to now, has not been decided.

## LEAVES FOR SHANGHAI.

Norwegian Steamer Sverre Sails With Big Lumber Cargo.

Having taken on her cargo in an exceptionally short space of time, the Norwegian steamer Sverre, captain Jentoft, left dock yesterday afternoon at 4 o'clock, with 3,000 feet of Oregon fir lumber, dispatched by the Pacific Export Lumber company to Shanghai. The cargo being worth \$100,000. On her way to Shanghai the Sverre will stop at Nainai, H. C. to take on lumber for her cargo across the Pacific.

It was not expected that the Sverre would get away until early this morning, the captain having expected to sail at 1 o'clock, but as she had finished taking on her cargo Saturday afternoon, it was decided to sail immediately.

## ALONG THE WATERFRONT

The steamer Eureka tied up at Marten's dock last night with a general cargo and passengers from Eureka. The German bark Schwartzkopf, which is at Linton discharging ballast, will load lumber at the Inman-Poulsen mills.

A moonlight excursion was given last night by the Portland academy on the steamer J. N. Teal. A stringed orchestra was on board and the boat was decorated with colored electric lights.

The steamers Thomas, Wand and Daisy Mitchell have left San Francisco and are due to arrive here almost any day.

## WILL ENLARGE DOCK.

Extension to Be Built to Wharf at Ankeny Street.

Harry Howard, owner of the Ankeny street dock, has taken a lease on the 100 feet of water front south of the present Ankeny street dock for a number of years, for the purpose of building an addition to the present dock. It is understood that it was taken out for a long period. The present Ankeny street dock is subsided to the Columbia lighter company.

A pile driver has been put in place and the work of driving the piles will be commenced Monday, the river at this time being particularly favorable to this part of the work, as it allows the pile-driver to be placed wherever there are piles to be driven which would not be the case if the river were at its normal height, and a great deal of trouble would be experienced in securing the piles into the ground, as it would necessitate using two pile-drivers, one on the water and one on the land.

The size of the new dock will be 100 by 100 feet and will be used for the accommodation of sand, gravel and rock, and work on it will be rushed as much as possible, it being the intention of the owner to have it completed in 30 days if possible.
