BAKER ADMITS HAVING WIFE IN CHICAGO

Son of Prominent Stock Man Who Wood and Won Fair Widow in Steamship Romance Confesses to Honolulu Authorities.

(Special Journal Correspondence.) Honolulu, T. H., May 29.—Raymond W. Baker, son of the secretary of the Chicago stockyards, who was arrested here last week on the charge of bigamy, has confessed that the woman he wooed on board the steamer on the way to Honolulu and whom he induced to break her engagement to the man she came to this city to marry and to take him for her husband instead, is not his legal wife.

When he was shown a cablegram from the United States marshal at Chicago, saying he had another wife living, Baker broke down and confessed. He admitted that he has a wife and child in Chicago and that he has never been divorced. The only excuse he gives for marrying Mrs. Eva M. Wallace is that he loved her.

Baker tried to basing on the name of his lawful wife, accusing her of infidelity and stating that if he wanted to, he could obtain a divorce from her on that ground. But he made no such attempt before marrying Mrs. Wallace. He says now that he is anxious to begin serving his sentence as soon as possible, and that when he comes out, he will devote the remainder of his life to trying to make happy the woman he has dishonored and deceived.

through his confession, forced though it was, he will get off with a light sentence. Mrs. Wallace, the woman Baker deceived, is left absolutely penniless and now dependent upon charity for even a bare board and lodging. Whatever money she had when she married Baker has been spent by him, and at the time he was arrested she did not have a 10 cent piece left.

MRS. EDDY MAKES VIGOROUS DENIAL

"I Exist in the Flesh and Am Seen Daily"—Reporters in House.

(United Press Leased Wire.) Boston June 8.—Mrs. Mary Baker G. Eddy at Chestnut Hill, Mass., has given the United Press a signed statement addressed "To Whom It May Concern." The statement says: "I have the pleasure to report to one and all of my beloved friends and followers that I exist in the flesh and am seen daily by the members of my household and those who have appointments with me."

"Above all this fustian, either denying or asserting the personality or presence of Mary Baker G. Eddy, stands the eternal fact of Christian Science and the history of its discovery and founder. It is self-evident that the discoverer of an eternal truth cannot be a temporal fraud."

The statement concludes with a reference to the prosperity of Christian Science throughout the world, and says: "We know all things work together for good to them that serve God, to them who are called according to his purpose."

The statement was given out at Chestnut Hill on behalf of Mrs. Eddy by her attendants, the head of the Christian Scientists keeping her word given two years ago that she would never again allow herself to be publicly interviewed.

Later Mrs. Eddy directed that a number of reporters be allowed to enter her home at Brookline. They were not allowed.

lowed to ask her any questions, simply being given the privilege of watching Calvin Frye, a servant who has been in her employ for years, escort her to her carriage. Mrs. Eddy was apparently aware of what was happening, but the reporters noted that she was more feeble than she was two years ago. After she departed the servants showed the reporters through the home. Secretary Dickey declared there was no mystery there and nothing to conceal. He explained that there was hardly a person in the household who was not there a year ago, and that the members came there to study, not because they needed employment.

Genuine Pianola Pianos in Display of Extraordinary Interest

The second floor of our building is devoted this week to the display and sale of the truly wonderful instruments, Genuine Pianola Pianos.

Never again will Portland witness a showing of so extensive and superb a variety of styles and designs.

Six solid carloads of Genuine Pianola Pianos, all of them the latest styles, were shipped to Eilers Piano House through an awkward misunderstanding on the part of our buyer and the manufacturers.

Rather than to return the bigger portion of these instruments to the factories at additional cost for freight charges, insurance, etc., we have decided to accept them. All of these instruments are being displayed at Eilers Piano House this week.

Never heretofore, not even in New York, has it been possible to show such a tremendous number of latest Pianola Pianos of each of the various styles and in the various superb and costly woods and finishes used only by the world-renowned makers of this magnificent art product.

There's many a "silent" piano in many a home, where there ought to be a Pianola Piano—a Genuine Pianola Piano—an instrument that is not "mechanical," but, on the contrary, makes it possible for every member of the family to produce the choicest of music with perfect individuality and expression.

We are now prepared to take such "silent pianos" in part payment for one of these very latest Metrostyle and Themodist Pianola Pianos, and we will make it an object for any owner of such old-style piano to do business with us now.

Will arrange most unusual liberal terms of payment for any responsible buyer not wishing on the spur of the moment to pay the difference in cash.

If you ever expect to own a Pianola Piano, now is the time to see about it at Eilers Piano House, Retail Department, "the always busy corner" at Park (Eighth) and Washington streets.

A NEW DEPARTURE

The cost of interments have been greatly reduced by the Holman Undertaking company. Heretofore it has been the custom of funeral directors to make charges for all incidentals connected with a funeral. The Edward Holman Undertaking company, the leading funeral directors of Portland, have departed from that custom. When casket is furnished by us we make no extra charges for embalming, hearse to cemetery, outside box or any services that may be required of us, except clothing, cemetery and carriages, thus effecting a saving of \$25 to \$75 on each funeral.
