

# JOSEPH SIMON RAILED TICKET

### Analysis of Mayorality Vote Indicates That Concentration of Forces Would Have Turned Chief Executive's Position Elsewhere.

Analysis of the mayorality vote indicates plainly that Joseph Simon's election was due chiefly to the lack of concerted action among the voters opposed to his candidacy. Simon received a majority of all votes cast, but this fact becomes less significant when the results of the election are examined carefully. The total vote cast for mayor (unofficial figures) was 17,643, of which Simon received 8968, Munly 4777, Albee 2648, Norfolk (Socialist) 754 and McDaniel (Prohibition) 1582. The vote therefore exceeded that of all his competitors combined by 289.

But the majority of the vote together amounted to 7425, or only 1800 less than Simon's, and if the anti-Simon vote had been concentrated on a single candidate so as to afford hope of victory, it probably would have been increased to large figures. The Republican candidates for auditor, treasurer, city attorney and municipal judge received from 4000 to 5000 votes more than were given to Simon, and the returns show that many Republicans, aside from those who voted for Munly or Albee, refrained from voting for any candidate for mayor.

City Auditor Barber is engaged in tabulating the results of the election and the counting of the ballots will begin this afternoon. Official results will probably be made known tomorrow. Progress is necessarily slow, owing to the large number of measures which appeared on the ballot. Elsewhere in this issue of the Journal will be found a summary of the new laws and charter amendments adopted by the voters.

With complete returns from all precincts the unofficial summary of the vote for city officials at large is as follows:

Mayor	
H. R. Albee, Independent	2,648
T. S. McDaniel, Prohibition	1,582
M. G. Munly, Democratic	4,777
W. Norfolk, Socialist	754

## ALL COUNCILMEN ELECT BELONG TO REPUBLICAN PARTY

Complete official returns from the Second, Third, Fifth, Ninth and Tenth wards shows that in each ward the Republican nominee for councilman won out by a safe margin. The only contest that developed anything like a close race was in the Tenth ward, where Ellis, the Republican nominee, defeated Vaughn, the Democratic candidate, by 88 votes, out of a total vote cast in the ward of 2539. Up to 3 o'clock yesterday afternoon, when the returns from precincts came in, the indications were that Thompson, Independent, would run second in the Tenth ward, but Vaughn's surprisingly heavy vote in that precinct gave him a long lead over Thompson and landed him in second place.

In the Ninth ward, the official returns as taken from the sheet sent in by the election board, give Versteeg, the Democratic candidate, 76 votes, while his vote should have been 75. This was due to an error in copying the vote in precinct 73, where Versteeg was given but 9 votes, when it should have been 92.

The complete vote on ward councilmen is as follows:

- Second ward—Ganeau 254, Immomen 47, Wallace 875.
- Third ward—Bouthilln 123, Dunnington 617, Lovell 108, Stricker 30.
- Fifth ward—Fuchs 21, Miller 85, Proudfoot 386, Watkins 1167.
- Ninth ward—Menefee 1426, Morse 122, Linkas 128, Versteeg 76.
- Tenth ward—Ellis 864, Emerick 89, McDonald 103, Thompson 647, Torgeessen 160, Vaughn 776.

## ALBEE'S CAMPAIGN COST HIM NOTHING

H. R. Albee, defeated candidate for mayor, filed a statement of his election expenses with the city auditor this morning. The unsuccessful aspirant for mayor-ality honors swears his campaign cost him not a cent.

### Senate Supports Aldrich in Raising Rate Over the Payne Schedule.

(United Press Leased Wire.) Washington, June 9.—The senate today adopted the paragraph of the Aldrich bill restoring the Dingley rates on wool wastes. The vote was 40 to 30, nine progressive Republicans voting with the Democrats. The Aldrich rate is 30 cents a pound, an increase of 10c to 10c a pound over the Payne rate.

# QUAKE DESTROYS SUMATRA TOWN

### Reported That 250 Natives Killed, 1000 Injured, at Korencha.

(United Press Leased Wire.) Singapore, June 9.—Meagre advices received here today say that the town of Korencha, Sumatra, was destroyed a few days ago by an earthquake. The death list is supposed to number several hundred.

# SIX THOUSAND VISIT MILTON

### Annual Strawberry Day Attracts Visitors From Many Empire Towns.

(Special Dispatch to The Journal.) Pendleton, Or., June 9.—Fully 6000 people are in attendance at the third annual strawberry festival and horse show which began in Milton yesterday and is being continued today. In spite of a drizzling rain in the morning hundreds came from Walla Walla, Pendleton, Dayton, Prescott, Weston, Athena and the surrounding country. The rain soon passed away, however, and the crowd was in the best of spirits.

# GREEN CAPS MUST BE WORN BY FRESHMEN

(Special Dispatch to The Journal.) University of Oregon, Eugene, June 9.—The last assembly of the year was yesterday turned into a college hour by the students. Benjamin Williams was formally installed as president of the student body, taking the place of Thomas R. Townsend, the outgoing president.

# MINISTERS COMBINE AGAINST DIVORCEES

(United Press Leased Wire.) Sacramento, Cal., June 9.—Divorced persons wishing again to enter the matrimonial state will have to search farther than Sacramento to find a clergyman to perform the marriage ceremony. The ministerial union of this city has frowned upon the remarriage of persons divorced on grounds other than infidelity and its members have entered into an oral agreement not to marry anyone divorced for other causes.

# DIGS UP MISERLY FATHER'S GREENBACKS

(United Press Leased Wire.) Ellensburg, June 9.—While making an excavation under his house in Roslyn today, Charles Avenett unearthed a large copper can containing \$3000 in greenbacks, around which was wrapped a piece of paper covered with illegible writing. The money is in \$20 bills and is supposed to have been buried by Peter Avenett, the father of Charles, who died several years ago. Mrs. Avenett, the widow, now believes more money was hidden by her miserly husband, and search is being made.

# CLASS RATES ATTACH AS ORDERED

(Washington Bureau of The Journal.) Washington, June 9.—"All commodity rates shall remain as at present in effect, pending the hearing of Spokane's supplemental complaint in the coming fall. All class rates to Spokane which were ordered reduced 16 2/3 per cent shall go into effect July 1."

This was the result of the hearing today. Such an order, which will permit class rate changes to become effective in less than the 30 days statutory notice, was agreed to by J. N. Teal, representing Portland and all coast cities; H. M. Stephens, representing Spokane, and J. A. Hannaford, representing the railroads.

The expectation of a general shakeup in rates west from the Mississippi river found strength in Teal's plea to the commission to abandon its present custom of hearing, piecemeal, rate cases from town after town, thus never ending the rate controversy, but to group all pending cases and then apply the decisions to all western territory.

W. H. Wheeler, for San Francisco, and J. C. Stubbs, Harriman's traffic manager, followed Teal in asking the

same thing, and then Spokane's representative intimated that this was to be considered the only wise plan. The hearing was attended by a distinguished company of western railroad traffic experts. A feature of the meeting was the presence of representatives of the Baltimore, Philadelphia and New York chamber of commerce, as well as members of the Pennsylvania and New York central systems. Teal told the commission that the coast cities would object to the Pennsylvania and the roads in complying with the commission's order in the Spokane case, which plan, he said, was based on an artificial theory as to rate making.

Heretofore the market for produce has been limited, but by cooperation and the unit shipping plan practically everything is being marketed. At a recent meeting it was decided to hold a Farmers' picnic on June 19.

# ALMA BELL ADMITS SHE KILLED ARMES

(United Press Leased Wire.) Auburn, Cal., June 9.—Alma Bell, accused of killing her sweetheart, Joseph Armes, stated today in her cell at the city prison that she was sorry she had fired the fatal shot, and that she wished she had ended her own life at the same time. A friend of the girl testified yesterday at the coroner's inquest that Miss Bell said, shortly after the shooting, that she fired the shot that killed Armes. The inquest confirmed the belief that the girl called for Armes at his cabin near the city, and asked him to walk with her. Armes' brothers, Frank and Manuel, testified that soon after the couple left the cabin they heard two shots and found their brother dead. Miss Bell was nowhere in sight. Attorney Ben C. Taber has returned to defend Miss Bell.

# MCREERY IN JAIL AT REDWOOD CITY

(United Press Leased Wire.) Redwood City, Cal., June 9.—Accused of bigamy, V. A. McCreery, who eloped with Mary A. White, daughter of a wealthy resident of Redlands, is in the county jail here. He was brought here late yesterday from Portland by Sheriff Robert Chatham.

McCreery is said to have courted Miss White while employed in Redlands as a drug clerk. He eloped with her to this

city and they were married, April 11, by Justice James Hannon. Inquiries by Cyrus White, the girl's father, revealed the fact. It is said that McCreery had a wife and two children at Pasadena. White caused the arrest of McCreery in Portland, where the couple had gone, and secured extradition.

# WEALTHY NEW YORKER DEAD AT HONOLULU

(United Press Leased Wire.) San Francisco, June 9.—Word reached this city today of the death in Honolulu of Starr Hoyt Nichols, believed to have been a wealthy resident of New York and of New Britain, Conn. Nichols was found dead in his bed at the Hawaiian hotel in Honolulu Sunday morning. His head was under a blanket and his hand clutched an unopened chloroform bottle.

# Hair Removers Are Dangerous

Ladies should be most particular in choosing a hair remover and learn first what reputable authorities know about it. In treating superfluous hair it is of vital importance that the agent to be employed should be absolutely non-poisonous, antiseptic and germicidal, because if it is not so with frequent use it will produce eczema or blood poisoning.

From papers in his pockets it was found that Nichols was recently at the St. Francis hotel in this city and was a member of the University club of New York. His remains were buried in Honolulu on orders from a relative in the east.

Bottled in Bond

### The Uncrowned King of Kentucky

for 62 Years

WHY—The grains used in the distillation of W. H. McBrayer's Cedar Brook are especially selected with great care by experts who have made distilling a life study.

BECAUSE—The distillery, located in Anderson County, the heart of the Blue Grass region where famous limestone springs abound, makes this whiskey the peer of all others. After W. H. McBrayer's Cedar Brook Whiskey has been in bond 8 years, under the supervision of government officers, it is reduced to 100 proof by using pure limestone water. It is then bottled in bond, a little "Green Stamp" placed over the neck of the bottle—being U. S. Government guarantee of its integrity—thereby insuring to purchasers a whiskey which is justly regarded as the "Flower of Kentucky."
