

Gas Range Offer

Last week of our special offer to place in your home one of these fine ranges on payment of

\$5 Down, \$1 a Week
Connected Up the Same Day as Ordered

The "New Method" Gas Range

We offer you a range without a peer in the history of range-building. A range built to consume ALL the gas—not waste it. A range guaranteed to consume ONE FOURTH less gas than the old-style range. Is not this a point worth investigating? Come in and look into this new idea before you buy. With the easy terms we also quote a special price this week.

\$25 Gas Ranges at \$20

THE STYLE OF THE "NEW METHOD" GAS RANGE IS AS ILLUSTRATED. Has a burner at each side extending from front to back. Each throws a sheet of perfect blue flame toward the center, covering evenly the entire broiling space. It has a simmering burner, four New Method top burners, guaranteed for five years, that will save you 25 per cent in your gas bill. New Method finish, that will prevent the steel rusting out in a lifetime, instead of in six or eight years, as it will if not protected. Has large baking oven and broiler.

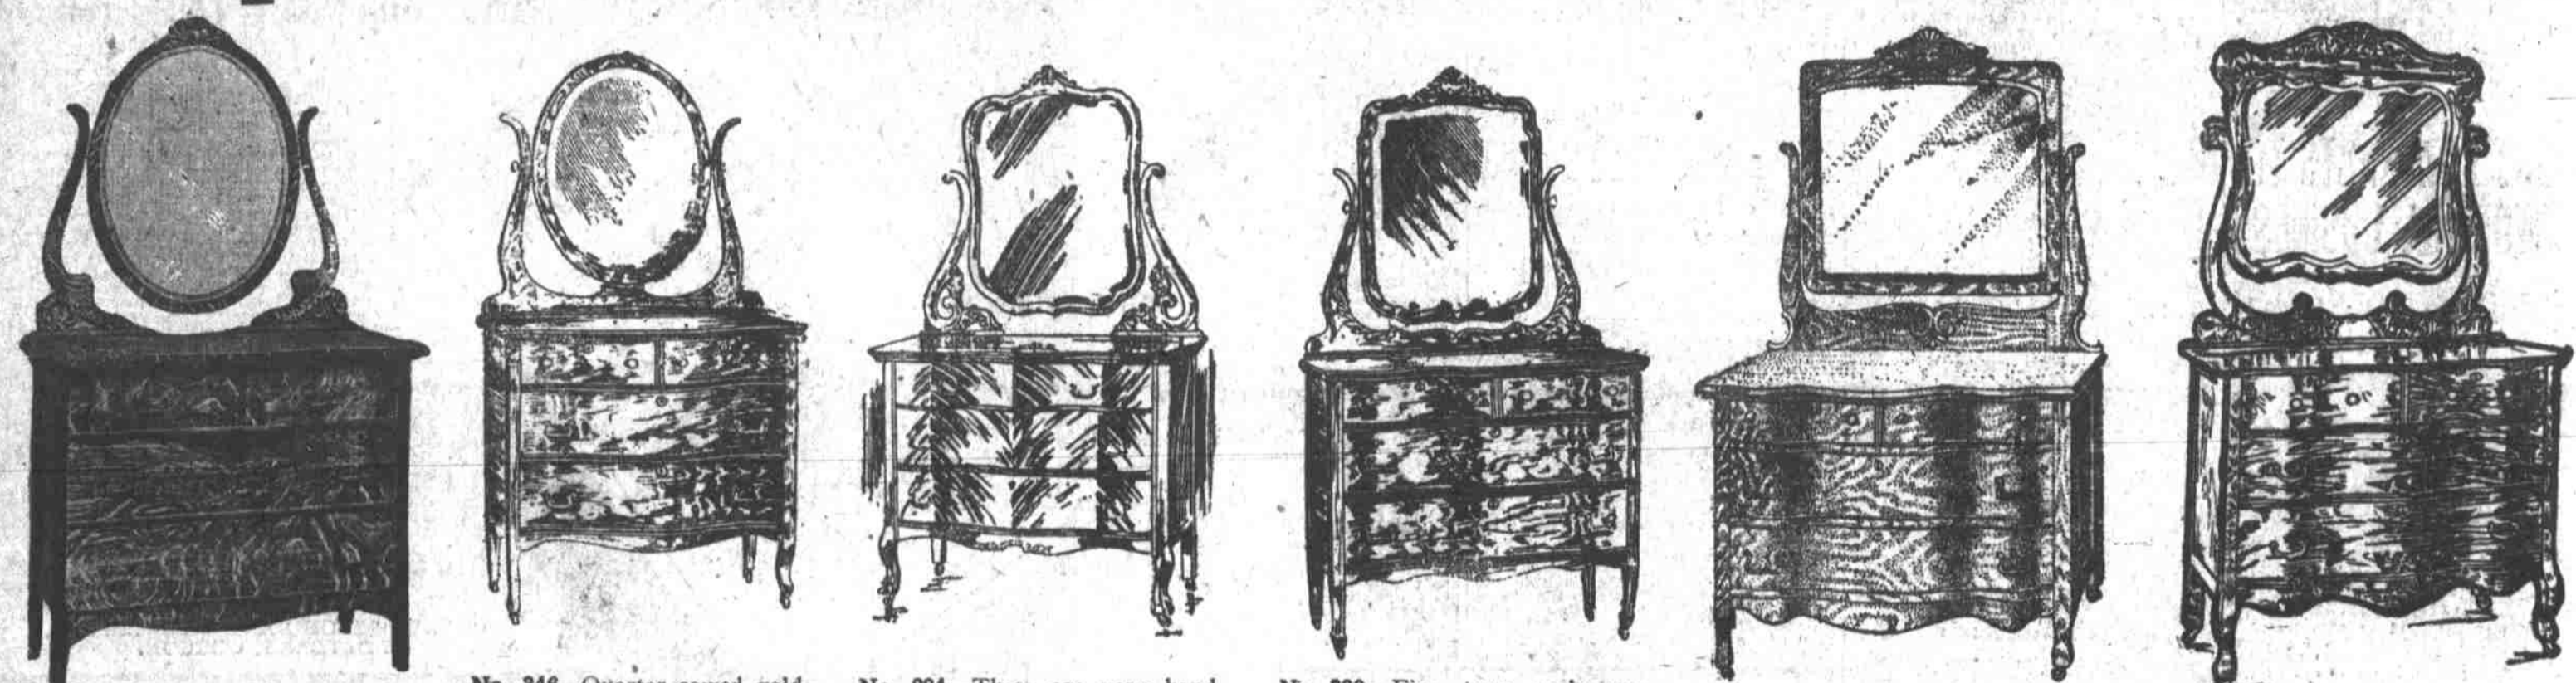

The Reason

The reason why the NEW METHOD patented steel burners have from 25 to 30 per cent higher efficiency than the other makes, is that they are made of Polished Key Steel, which, together with their funnel shaped jet holes does away with all the friction that there is in the rough cast burners with their thick jet holes. This allows a much larger quantity of air to be drawn in through the mixers and properly mixed with the gas without popping back, at the same time producing a much more intense heat without any odor. The more oxygen burned the less gas.

A Refrigerator Special Monday and Tuesday

"Alaska" Refrigerators

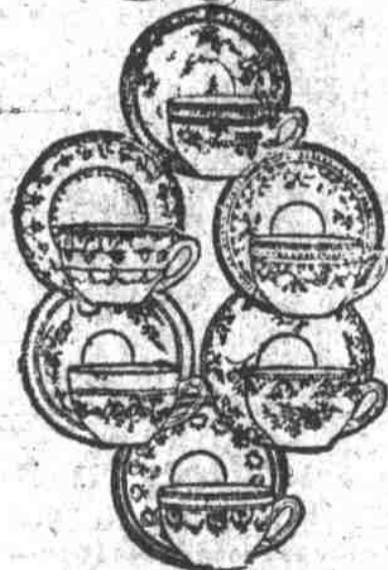

Only \$8

\$1.00 DOWN, 50¢ A WEEK.

For 30 years people have been buying ALASKA REFRIGERATORS and the sale has never flagged.

Thousands have been sold in Portland and we have the exclusive agency. Why buy one of those unknown and untried refrigerators simply because they look pretty with their white tiles, brass mounts, plate glass and other gimcrackeries? "After all, old friends are best." Don't buy any of these upstart refrigerators.
