subscriptions aroused the interest and enthusiasm of the people of this state to a greater degree than in the \$6000

to a greater degree than in the \$6000 prize contest recently inaugurated by The Oregon Journal. The prizes have all been selected with the greatest care and include the best and most varied assortment that could be procured for the money.

Unlike former contests, entries have by no means been restricted to boys and girls, and grown people in large numbers have entered the race for the Buick automobile. Chickering piano, the residence lots in Waverleigh Heights and Gearhart Park, and for the other valuable prizes which are to be given away. Ladies with ambition and a little spare time find this a splendid opportunity to win a valuable prize, which may be turned into cash or otherwise utilized to their advantage and enjoyment. The work requires but a few weeks' effort and many of the contestants come from prominent families of Portland and vicinity. In fact, these are the candidates who will poli the largest number of votes, for their friends will fladly help them to win, particularly after they have shown their own ability and determination to win.

win, particularly and determination to win.

Miss Pearl Barde, who has met with marked success in her campaign thus far, is the daughter of one of Portland's foremost business men, and is an accomplished musician, who has studied under some of the best musical instructors in the city. She has a wide acquaintance among the meredy and willing to assist her by giving her their subscriptions, and by furnishing her with names of others likely to subscribe. Miss Barde has her eye on the five passenger Buick automobile, and judging from the number of votes she turned in on the opening day of the contest, she is going after the prize with zeal.

Miss Elene Gilhousen of The Dalles is also making a splendid showing. She turned in more than 10,000 votes on Monday in spite of the fact that she was making preparations to attend a wedding in another city, and will be unable to do any more work for a few days. The newly married couple will have to take a metropolitan newspaper, and of course Miss Gilhousen will secure their subscription for a couple of years.

In Portland there are two other ladies.

Of The Oregon Journal and the necessary receipt books, voting caupons and advertising matter will be sent you as soon as your qualifications are passed upon by the management.

Econ Get Votes.

Candidates should at once Interest their friends in the contest and by united effort and action induce as many people as possible to vote for them by subscribing to The Oregon Journal six months or so in advance. The prizes will be awarded in accordance with the number of votes a candidate has at the close of the race, about eight weeks from this date. The contestant than ding second having second contestant standing second having second contestant who makes an effort is assured of receiving some remuneration. No element of chance enters The Journal contest, as a cash commission on the contestant who remain in the race to the end and do not finish among the prize winners.

Voting Power of Subscriptions.

In Portland there are two other ladies who are making a good start. Both have resided here for a number of years and have many friends in town, as well as in the suburbs. They are Mrs. Bertha Morgan, whose husband is doing good work for her, and Miss Videli Jenne of 282 East Sixty-first street. Mrs. Morgan wants either the lot in Waverleigh Heights or the one in Gearhart Park, but of course she believes in the motto, "Hitch your wagen to a star," and she is striving for the Buick automobile, which could be traded for several lots. Miss Jenne is also working for first prize, but would like very much to obtain the scholarship in the Oregon Conservatory of Music.

It was the intention of the Contest Department to publish the scores of the contestants today, but as it has been impossible for most of the candidates in the out-of-town districts to send in their subscriptions in time, and as many of the others have only just enrolled, it has been deemed advisable to wait a day or so to give all a fair chance.

### No Matter What Skeptics Say We Have Proved That Mi-o-na Will Cure Dyspepsia

"I gratefully acknowledge what Micona has done for me. I have taken 2 boxes and can say I have been cured of stomach trouble which no one on earth had it any worse than me. I have increased in weight. My weight is 120 lbs., the most I have weighed in 14 years. I think that everyone who is troubled with their stomach should try this wonderful medicine."—Yours very truly, Mrs. Emma Schultz, Akron, O.

There are any number of thin and sorawney people in this world who are in that condition simply because the stomach is out of order and does not extract the nutritious matter from the food to supply flesh to the bones.

If these people would take Mi-o-na tablets with or after meals for a month they would take on good solid flesh just the same as Mrs. Schultz did.

Mi-o-na tablets are known the country over as the surest cure for indigestion, belching of gas, sour stomach, coated tongue, sick besdache, heartburn and catarrh of the stomach. Leading druggists everywhere sell Mi-o-na. Woodard, Clarke & Co. sell them in Portland for 60 cents and guarantee them to cure or money back.

## AFTER A FEVER

And Other Acute Diseases a Tonic Is Often Needed to Restore Normal Health.

The evil effects that follow many diseases particularly the grip, pneumonia, and the wasting fevers, such as typhoid and malaria, are caused by the backers dition in which these diseases leave the blood. As a result the flesh continues blood. As a result the fiesh continues to fall away, the sufferer grows nervous and irritable, and even slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites bronchitis or even consumption. What is needed is a new supply of rich, red blood to carry health and strength to every part of the body. Such a specific has been found and in hundreds of cases it has been proved that Dr. Williams' Pink Pills have accomplished this re-Pink Pills have accomplished this re-

Mrs. L. Leisewring, of No. 610 Sixth avenue, Williamsport, Pa., says: "When I was 13 years old I had an attack of typhoid fever. I was sick for over three months and was left in a very weak condition. I continued with the doctor's medicine, which helped me i very weak condition. I continued with the doctor's medicine, which helped me for a time, but it haver made me entirely well. When I reached my eighteenth or nineteenth year, my health was very poor. My blood was so thin that my lips had no color and my ears were nearly transparent. I could not go all the way upstairs without sitting down and resting. My heart palpitated. I was chilly most of the time and wanted to be where it was warm. There was an annoying ringing sensation in my head. I was nervous, irritable, had no strength or ambition and was so weak that I was out of school for one whole term. The doctor and my friends thought I would go into consumption.

"I read about Dr. Williams' Pink Pills in the papers and decided to try them. I had taken only a few boxes when I began to improve wonderfully. My color came back, the ringing sensation stopped and I became stronger in every way. After a further trial I was entirely cured and was stronger and healthier than I had ever been. That I have never been in a run-down condition since is due, I think, to Dr. Williams' Pink Pills."
