One of the best values it's been our good fortune to be able to offer for some time. Made of solid oak in choice of golden, wax or weathered finish. The spring seat is upholstered in Fabricord. This rocker is one of the most comfortable models we've ever had on the floor.

THE sale event which begins here tomorrow is a bit different from those ordinarily held in furniture stores. But this is a very different furniture store in very many ways. Because of this sale beginning here tomorrow, you will not be tied down to selecting specials from one or two departments, but will find them all over this big store—in every nook and cranny of it, as it were. We say this store is different from others in the same line of business. Take the one point of "Same Price for Credit or Cash." Looking at what is done elsewhere—10 per cent off for cash—isn't that a confession that their credit price is just that 10 per cent too high?

It makes no difference to us whether we sell for cash or credit—if we've a choice, we'd sooner sell for credit.

Remember that we guarantee that every article sold here is as low or lower than same goods are quoted elsewhere. Now, don't take our word for this, but go around and compare our prices with those asked by others. We know that your verdict will be "Powers' is the store that saves you money."
