It Is Your Price, Not Ours, That Rule Here—Put It to the Test

The One and Only Place Where Your Dollars Will Do Double Duty—Come and Be Convinced

With 20 years in your midst, we hardly feel it necessary to go into detail here and list the different lines we carry in stock, as almost every woman, girl and babe in our great city is wearing or has worn garments from our house, so all we have to say is, if it is for the wife, the girl, the mother or her babe, and in style, it is in our stock. Come and see for yourself.

We Are Discontinuing a Number of Lines

Such as Notions, Babies' Wear, Handbags, Neckwear, some lines of Hosiery, and a great many other lines too numerous to mention. Dimes will be dollars in these departments.

First Floor

Millinery, Umbrellas, Veilings, Gloves, Neckwear, Handkerchiefs, Belts, Bags, Fancy Combs, Hosiery, Knit Underwear.

Third Floor

Muslin Underwear, Corsets, Children's Suits, Cloaks, Dresses, Shirts and Underwear, a splendid line of Babies' Wear, etc.

A Sale Without a Competitor

A sweeping landslide—the one place where the highest quality and the lowest price meet face to face and walk side by side.

THE CONTRACTORS served notice upon us this morning that they would take charge of our building Saturday night exactly at twelve o'clock, midnight, for the purpose of remodeling same as per plans and specifications now in their hands.

This Is One Week Sooner Than We Expected and Only Leaves Us

AND

One Hundred Thousand Dollars Worth of Merchandise on Our Hands

All high class Ready-to-Wear Ladies', Children's and Babies' wear. Everything needed by them from a paper of pins to an opera coat. Our eastern buyers have shipped heavily of new Fall goods. They must be cared for on arrival—our warehouses are full—no place to store merchandise. Therefore we are

Forced to Sacrifice and Sell

our entire present stock. This would be easy indeed if we only had the time. But think! **ONLY THREE DAYS!** Though the greatest undertakings have been accomplished in the shortest space of time, so we undertake this gigantic feat, with but one end in view, that is a successful finish. Opportunity knocks unbidden once at the door of everyone; it is knocking now at yours; will you stand idly by and let this golden opportunity pass you on or will you be with us and share its fullest benefits? Procrastination is the thief of time. Don't wait but come Thursday. Be among the first to share in the many pretty things on the four solid floors of priceless bargains.
