DEKUM AVE. DISSATISFIED WITH MAIN Residents along Dekum avenue in Woodlawn are disgusted with the water service being given them these days. The main along that street is apparently rotten, for it is breaking all the time. It broke the night of July 7, and had there been

a fire serious damage might have resulted. Water in plenty seems to be there, but not sufficient pressure in many cases to pipe the water to the second floor of the homes. "Complaint is evidently made by those consumers of water who get their supply through a 2 1/2 inch wooden pipe on Dekum avenue between East Eighth street and Morse street," said Superintendent Dodge of the water department this morning. "The entire Woodlawn district was furnished with water through the wooden pipes when the city took over the system. "Might Have Changed Law. "Since then the city engineer has prepared plans and specifications for new water mains in the district, but the council, after passing resolutions of intention to lay the mains, rescinded its action. The reason given by the councilmen for this was that the law might have been changed at the June election, and it was deemed advisable to wait until after that time. "This office has again taken up the matter now that the election is over and the resolutions rescinded will be reintroduced. There was no material change made in the law as far as Woodlawn is concerned, so the new pipes may be put in as rapidly as the red tape governing the construction of such improvements will permit. "The mayor, who is already up against the red tape of the charter with regard to water main improvements, is anxious to get the hard surface pavement under way there is laid down. The street is now torn up and impassable. The pavement is supposed to be laid by September 30. "But the mayor has announced his intention of adopting a policy by which water mains will be laid in advance of hard surface improvements. To carry this into effect on Everett street he and other property owners will have to submit to the inconvenience of living on a street rendered practically useless for traffic by the proposed work. "By calling special meetings of the council and the water board the contract for the laying of the water main can not legally be let until August 15, and then 60 days more must be allowed the contractor in which to complete his work. "Is Much Red Tape. "The procedure necessary before a water main can be laid is as follows: First, a petition must be filed with the city engineer, and after these are filed with the council that body passes a resolution declaring its intention to make the improvement. This resolution must be advertised for 10 days. The charter provides that 20 more days must then elapse in which remonstrances may be filed. "If no remonstrances are made and overruled by the council the next step is to pass a time and manner ordinance. This ordinarily takes two meetings. The water board then advertises for bids. At least five bids must be set apart in which these bids may be received. The bids are considered at the next regular meeting of the water board, and if the usual

CARMEN TO HAVE A FINE PICNIC Third Annual Event at the Oaks July 21 Has Many Attractions. Watermelon eating contests, foot races, candy eating contests for the girls, pillow fights, tug of war, wrestling and boxing, as well as a high wire exhibition, a baby show and a violin recital—these will be the features of the Carmen's third annual picnic, which will be held July 21 at the Oaks. The committee in charge of arrangements for the picnic is now completing plans for the picnic, and is assured of a great success. Oscar D. Stanley is chairman of the committee, other members being W. V. Horton, J. T. Mackey and A. M. Singleton. The program, as now arranged, is as follows: At 1 p. m.—Baby show. At 2 p. m.—Foot races, watermelon eating contest, candy eating contest for girls, high wire performance, L. V. Fenner, a motorman, who will be dressed in his uniform; pillow fight, violin recitals with songs and music.

bers being W. V. Horton, J. T. Mackey and A. M. Singleton. The program, as now arranged, is as follows: At 1 p. m.—Baby show. At 2 p. m.—Foot races, watermelon eating contest, candy eating contest for girls, high wire performance, L. V. Fenner, a motorman, who will be dressed in his uniform; pillow fight, violin recitals with songs and music.

The Y. W. C. A. will take part in this program. At 7 p. m.—Tug of war, acrobatic exhibition by member of the Y. M. C. A., wrestling (Y. M. C. A.), boxing by members of the Carmen's association. The Brotherhood of Electric Railway Employees, under whose auspices the picnic is given, is a benefit organization giving a death benefit of \$1000, and paying drug, doctor and hospital expenses of its members. Tickets for the picnic may be obtained within a few days from Carmen. Eugene Autoists Organize. Eugene, Or., July 8.—The owners of automobiles in Eugene organized an association last night with about 30 members. The membership is expected to reach 50 before the charter list is closed.

TROOPS GUARDING NOVA SCOTIA MINES (United Press Leased Wire.) Halifax, N. S., July 8.—Five hundred regular soldiers were sent today to Nova Scotia by American members of the United Mine Workers of America employed in the mines of the Dominion Coal company. The strikers have made no disturbances today, and it is thought there is little danger of further trouble. The soldiers will remain on the scene until the differences between the coal company and the striking miners are settled. The soldiers sent to the mines today are under command of Colonel Wadmore of the Royal Canadian regiment, which is stationed here. Benton Delegates Named. (Special Dispatch to The Journal.) Proser, Wash., July 8.—The county commissioners of Benton county have named five leading men of the irrigated districts of the county as official representatives at the National Irrigation congress. The following have been selected: Pay Dan, Kennewick; R. H. Ben, Prosser; William Scott, Klona; C. E. Forsyth, White Bluffs; and Editor McCloskey of the Richland Advocate. Benton is one of the trustees of the Sunnyside Water Users' association.

HOW TO GROW FAT A Lazy Stomach the Cause of Thinness Nine Times in Ten If you are thin or lean, have scrawny arms and neck, you can't grow fat unless your food properly digests. People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood. Just as long as the nutritious matter passes along without being absorbed, just so long will you remain thin. Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mi-o-na tablets will put it right at once. Mi-o-na will cure indigestion and every conceivable ailment of the stomach promptly. It cures by building and going up and not by encouraging a tired stomach to continue its shiftless and health destroying habits. It promptly drives away sour stomach, belching or gas, heaviness after eating. Woodard, Clarke & Co. sell Mi-o-na for 50 cents a large box, and guarantee it to cure indigestion, sea or car sickness, vomiting of pregnancy and all stomach diseases and distress, or money back. Mi-o-na is sold by leading druggists.
