

BOYS GET BACK TO GO AGAINST SCHOOLING

City Attorney and Many Assistants Try to Defeat Attempt of Arleta Man to Hold Up Annexation of Mount Scott.

City Attorney Kavanaugh, assisted by Deputy City Attorney Tomlinson, Johnson & Stout and E. M. Sherlock, will try to defeat W. A. Schooling's suit to restrain the annexation of the Mount Scott district to the city before he gets a good start. A demurrer, asserting that Schooling's complaint does not state facts sufficient to maintain an action, was filed in the circuit court yesterday afternoon.

This demurrer is expected to raise most of the questions that would arise if the case were brought to trial. In view of the important interests concerned and the large number of people directly involved, it may be possible to make some progress with the case during the summer vacation, as an injunction is prayed for and this is one of the few classes of cases that the courts will take up before the September term.

It is now reported that private water interests of the Mount Scott district are back of the suit brought in Schooling's name, he being only a figurehead. According to this report, several conferences were held by the radical faction of the anti-annexationists, and considerable trouble was had in raising sufficient funds to employ an attorney. At a final meeting in the last days of June the funds were pledged, and at this meeting the men owning private water systems, who profit by staying outside the city, played the most prominent part.

Because of this phase of the case there is considerable indignation over the effort to block annexation by raising technical points of law. Schooling has since been arrested on a charge of selling liquor in a dry precinct. It appears that the things complained of have been matters of common knowledge in the city, and his friends think it peculiar that no action was taken against him until suit was brought in his name to stop annexation.

In his complaint Schooling alleges that over 400 fraudulent votes were cast in favor of annexation at the election last November, but that he is not taken seriously by the people of the district, who regard it as merely a part of an effort to establish a prima facie case and thereby delay annexation.

The majority for annexation on the face of the returns was over 300, and this is the first intimation from any source that fraudulent votes were cast.

More than 100 men in brown suits of identically the same pattern and that each wearing a tiny red badge, came into Portland yesterday on a special train to attend a special convention of the Knights of Pythias. The majority for annexation on the face of the returns was over 300, and this is the first intimation from any source that fraudulent votes were cast.

BOYS GET BACK FROM LONG HIKE

16 Y. M. C. A. Lads Walk 250 Miles to Exposition. Reporting Good Time.

Sixteen members of the boys' class of the Y. M. C. A. got back last night from a hike to Seattle. They have been gone since Monday, June 28, and in that time have walked nearly 250 miles. They spent five days in Seattle, Monday morning, June 28, at 5 o'clock they went by boat to Astoria, then they hiked across the state to Washington to Olympia and then went by boat to Seattle. They took the trip by easy stages of 35 miles a day and had but little complaint from the men. Monday morning they were shown over the city and then they hiked to the exposition. They were met at the fair and Sunday the boys were allowed to have to themselves. Monday morning they were shown over the city in observation cars. Monday afternoon they vanquished the Seattle Y. M. C. A. in a track meet by a score of 41 to 25. Kirkpatrick and Shnell of the Portland bunch were the stars of the meet, Kirkpatrick getting two firsts, a second and a third, and Shnell a first. Most of the athletes were in poor trim owing to blistered feet, which when increased in light fitting track shoes felt none too good.

Tuesday the boys went over to the Exposition. The start back was made at noon Wednesday. They reached Portland at a few minutes after 10 o'clock last night.

The boys report that they had a first class time everywhere they went. The farmers along the road where they stayed slept treated them royally and there left no stone unturned toward making them have a good time. They all enjoyed the fair. They were glad to get back to Portland, however, and lost no time in getting a drink of good Bull Run water.

After lengthy experimental tests, the government will establish electric motor car service at 25 sections of its railroads, using cars which will average a speed of 31 English miles an hour.

WHERE TO BUY AND WHY

This store presents the greatest and best selections by reason of its immense stock, wisely chosen, for its quality, workmanship and style. Besides, you have an absolute guarantee that is back of every purchase, which assures safe and economical buying.

DON CARLOS AND CAPTAIN KIDD ADD TO FUN AND MERRIMENT

Don Carlos and His Trained Gorilla, Captain Kidd.

All the committees in charge of the midsummer carnival and amusements fair to be given at the C. Y. M. C. Athletic park July 15 to 24, are hard at work completing arrangements for one of the greatest events for Portland this year, and a merry time of fun and frolic is assured all who attend.

Everything will be in shape for the opening night. Carpenters have been at work for the past three days building the booths for the manufacturers' exhibits. A large dancing platform with a good floor 50x100 feet will be erected. The showmen will start to stretch their canvas in a day or two, and all will be ready on time.

Don Carlos is here with his aggregation of trained animals, featuring his famous gorilla, Captain Kidd. This monkey weighs 95 pounds, stands four and a half feet high, and its muscular development is wonderful.

Professor Carlos has owned the ape for two years, having obtained the animal from Peking, in Havana. At first he could do nothing with the ape, as the attendants of the park had treated him harshly, but by constant kindness he has succeeded in training the animal to give his wonderful performance.

A big country store has been added to the stroll, and will be in charge of Andy Weinberger. Among the many other shows on the field will be the Merry Widow cottage, electric pianos, pianos, and organists, 25 in number, glass blowers and engravers, the famous Hoyt family, society circles, merry-go-round, Mowgli and Obala, the orangutans.

The event will close on the evening of July 24, with a brilliant Mardi Gras.

KNIGHTS OF PYTHIAS LEARN TO LOVE ROSE CITY QUICKLY

The Iowa lodge team make a specialty of degree work, and their present tour, the itinerary of which includes Seattle, Portland, Salt Lake City and Denver, is the seventeenth they have made for the benefit of other lodges.

Washington Pays Bill.

The expense of the present tour is to be \$1,000, and the lodge is indebted to the K. of P. grand lodge of Washington, which brought the Iowa lodge team across the continent, for the purpose of visiting the city of Washington, D. C., and also the presentation of the drama, "Damon and Pythias." The play was given in Seattle three times, and public demonstrations of the work were prominent features. An exhibition was given on the A. Y. P. grounds at the exposition. Incidentally the party included some of the leading Knights of Pythias in the United States. One of these, Supreme Representative J. D. Clark, a leading lawyer and business man of Dayton, Mr. Clark took one look at Portland, then refused to discuss K. of P. work until he had delivered himself of an enthusiastic opinion of the city.

"Portland," he said, "is what Seattle will be 25 years from today, if the people of Seattle quit chasing the dollar long enough to beautify their town. I like the people of Seattle first rate, but Portland is the most beautiful town I ever saw, excepting Dayton, of course. Portland makes the stranger feel its conservatism, its safety and its wealth. Seattle exists in an atmosphere of harum-scarum commercialism, half built and wholly unlovely. The people were good to us; there's no complaint on that score for they made us a \$750 expenditure out of their own pockets—but if they had a location and a city like Portland they might expect some time to do something."

In Line With Portland.

Another distinguished member of the party was Robert A. Carney, master of team work, and prominently connected with the National Cash Register company of Dayton. "Portland is the most beautiful city, even in the rain, that I ever saw, and if I were a younger man I'd come here and live." Mr. Carney declared unequivocally.

E. M. Lanece, keeper of records and seals for Ivanhoe lodge, K. of P. of Portland, headed the party that met the distinguished visitors at the union depot. Automobiles were provided for a tour of the city, each auto taking a different direction, that the composite

ALBANY BIBLE SCHOOL SESSIONS JULY 16-25

(Special Dispatch to The Journal.)

Albany, Or., July 10.—Arrangements and the program for the second annual summer Bible school of the Albany college are completed. Prominent speakers will be present at the sessions, which will take place in Bryant's park, from July 16 to 25. Classes will be led daily by the Rev. Milton G. Evans, D. D., president of the Crozer Theological seminary, Chester, Pa.; in the study of Christ as told by Mark; Dr. Evans is a leading Baptist and well known in Oregon.

Dr. Rev. Edwin Sherwood, Ph. D., of the Kimball College of Theology, Salem, will conduct daily classes in studies in "The Life of St. Paul." The Rev. Franklin H. Gmelin, Ph. D., of the First Presbyterian church of Albany, will be the leader of "Inductive Studies in the Gospels." The Rev. Charles A. Pippenger, general secretary of the Oregon State Sunday School association of Portland, will give a "Pre-view of the Graded Sunday School Lessons for 1910," and will give general addresses on Sunday school work.

The afternoons are to be given up to conferences on various religious movements of the day and addresses. Each evening the gathering will be addressed by well known speakers.

ADVOCATES SHOOTING CRAPS AS PASTIME

(United Press Leased Wire.)

Denver, July 10.—Advocating crap shooting as a pastime for city boys is the latest craze in the West. Luther G. Gulick, president of the Playground Association of America, sprung a sensation today at the meeting of the National Education association.

Gulick's address started a heated controversy by his advocacy of dice as playthings for city boys. Many of the delegates sided with the playground official and others were as strongly opposed to the idea. The question promised to remain a bone of contention for some time to come.

The National Education association is facing a serious financial problem, the outcome of which will probably be that the city offering the largest cash bonus will secure the national convention. The law of restriction, which limits the registration of the association to 4000, has created the problem. The executive is low and there means of raising funds except through a bonus offered by a city wanting the convention. It is reported that San Francisco has offered \$7000 for the 1910 convention.

BOY SENTENCED TO TWO LARBPINGS

Philadelphia, July 10.—Because he played craps Harry Gubie was sentenced to one "licking" by Magistrate Eisenbrown of the detention court. Because he lied about the playing, the boy was sentenced to eight hours imprisonment and another "licking."

When the sentence was imposed, the boy's father nodded his head with an energy that made the boy cry in anticipation.

Harry was arrested with Frank Lee-man. Harry is 15 years old and Frank is a year his senior. When they appeared before the magistrate Harry admitted throwing dice, but said it was only for points.

When Frank was called he admitted they had been gambling and said that 19 cents had been involved in their play. For his honesty he was let off with one whipping.

Harris—The Twentieth Century Standard Puzzle Book, 1907.
Pritchard—Photographic Studies of

COULDN'T FOOL HIM
Doctor Was Firm and Was Right.

Many doctors forbid their patients to drink coffee but the patients still drink it on the sly and thus spoil all the doctor's efforts, and keep themselves sick.

Sometimes the doctor makes sure that the patient is not drinking coffee and there was a case of that kind in St. Paul, where a business man said:

"I was a very severe illness last winter which almost caused my death, the doctor said Postum was the only thing that I could drink and he just made me quit coffee and drink Postum. My illness was caused by indigestion from the use of tea and coffee.

"The state of my stomach was so bad that it became terribly inflamed and finally resulted in a rupture. I had not drunk Postum very long before my lost blood was restored and my stomach was well and strong and I have now been using Postum for almost a year. When I got up from bed after my illness I weighed 85 pounds and now my weight is 120.

"There is no doubt that Postum was the cause of this wonderful improvement. I shall never go back to tea or coffee but shall always stick to the food drink that brought me back to health and strength.

Look for the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.
