

HAS NOT WHETTED KNIFE FOR PARKS

Seventh Ward Delegation Has Some Hope After In- terview With Mayor.

An interview with Mayor Simon by a delegation from the Seventh Ward Improvement league yesterday afternoon did not entirely throttle the hopes of his callers that he will ultimately approve the purchase of park sites in their territory.

According to statements made by members of the delegation after the talk with the mayor, Mr. Simon told them that he is not so much opposed to parks as they may have inferred from some of his published remarks. He would not commit himself, but promised to think the matter over and consider the desires of the Seventh ward.

The delegation, which was headed by L. E. Rice, particularly urged the acquisition of three small tracts in the Seventh ward, one at Riverfront another at Kenilworth and the third at Midway on the river. They urged these sites in preference to the Connell tract of 20 acres in Sellwood, adjoining the grounds already purchased for park purposes, recommended by Olmsted Bros.

It was urged upon the mayor that while over \$50,000 is asked for the Connell tract, \$50,000 will buy the three places suggested by the delegation. It was also declared that the plans of Olmsted Bros. for a boulevard intersecting the Southern Pacific car shops is impractical and should be abandoned. Included in the Seventh Ward Improvement league and represented by the delegation yesterday are the following improvement clubs: Waverleigh-Richmond, Kenilworth, Woodstock, Brooklyn, Midway, Sellwood, Rio Vista and South Mount Tabor.

BATY SAYS SURE HE WON'T RESIGN

Will Remain Captain of De- tectives as Long as He Can.

"Resign, I should say not! I will stay on the force as captain just as long as I can."

This is the statement made by Captain of Detectives Baty, relative to the report that he had asked that his resignation as captain of detectives be accepted.

"I will never quit under fire," continued Captain Baty. "I was certainly surprised when I read the report that I was to resign in an interview supposed to be coming from me. What really happened in an interview with Chief Cox was that I was asked to tell him about a number of things relative to the department and in the course of our talk I told him that I was willing at all times to abide by his wishes and that if at any time he saw fit to put me in uniform as captain of police I would be willing to do so by his wishes. I would tell him that I wished any chance to be made."

"There has been a lot published recently about me, all tending to hint at my removal from the position as captain of detectives, and I certainly am not going to quit now. But I have not had in my resignation nor am I going to do so."

Captain Baty has been acting as captain of detectives for the last 17 months although he was only officially appointed to the position about two months ago. Under his administration the detective department has done especially efficient work with a large percentage of the cases which have come up for investigation being cleared up.

Mutiny on German Warship.

(Special Dispatch to the Journal.)
Honolulu, July 13.—Members of the crew of the German ship Flensburg are held here as the result of a mutiny aboard the vessel last night. Drunken sailors armed with revolvers drove the ship's officers to the upper deck and threatened them with violence. The captain, aided by his officers, held the men at bay until the arrival of police from the shore.

BUSY BUSINESS MEN

Science Helps Them Out After Reck- lessly Abusing the Stomach

The most reckless man in regard to health is the busy business man. At noon he rushes out for a bite to eat. He bolts his food without proper mastication, and heaps on his stomach an extra burden greater than it is able to bear without breaking down.

His overworked stomach is crying for help; it appeals to him for relief in various ways: Expulsion of sour gas, waterbrash, sour taste in mouth, heaviness after eating, shortness of breath, bad breath, etc.

One Mi-o-na tablet taken with or after each meal will work any sufferer from dyspepsia wonderfully. It aids the stomach in the work of digestion which it must perform.

Mi-o-na tablets are sold by Woodard, Clarke & Co. at 50 cents a large box, with a rigid guarantee to cure dyspepsia and all stomach troubles, or money back. They make eating a pleasure.

Mi-o-na cleanses and purifies the stomach and bowels and puts vigor and strength into the overworked tissues. It is the surest stomach tonic in the world. Sold by leading druggists everywhere.

HOME

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

it—why not you?

CLUB WOMEN MAKE CHAUTAUQUA LOOK LIKE A MANLESS GARDEN

Fine Programs and Much Enthusiasm Mark Great Day at Park.

From the hour the gates were thrown open this morning the day needed no tag, for everybody knew it was Clubwomen's day; knew it by the great crowds that poured into the grounds from every car. Almost the first thing to catch the attention of every one on entering the grounds was the brilliant colored supplement bearing the huge fly and myriads of tiny ones, posted upon scores of trees at every quarter, and on every available building, and bearing the announcement of Professor Sweetser's lecture on the household that was given, with stereoscopic views, at 10 a. m.

It was a great lecture, and the class, largely increased by the day's visitors, was very greatly entertained and instructed.

Sweetser Is Graphic.
Professor Sweetser is graphic in his descriptions and assuming the position of a teacher, he reached his hearers in a peculiarly intimate and forceful manner. The clubwomen considered it a great compliment that he was willing to change the hour of his class for their benefit.

Dr. Chapman's class was an unalloyed pleasure today. Having changed his course somewhat, he took up the discussion of Emerson. The German dramatists have been abandoned, as it was found this course was too short to do either the subjects, the pupils or the instructor justice or be of benefit.

Mrs. Ellis Miller at her school of domestic science demonstrated fish cutlets with tartar sauce, cheese soufflé, cherry pudding with sauce.

Farmer Has Good Program.
As anticipated program for Monday's day the Forum presented a symposium of woman's work represented by the Congress of Mothers, Consumers' league and Visiting Nurses' association. It was a fine program, and presented many phases of these interesting societies and their philanthropic work.

Two hundred and thirty numbers, both the Forum and Mrs. Welster's art lecture came at the same hour, but there were plenty of women to go around and the crowd that was at the one was never missed from the other, and there were still some to spare who found some other things they liked better than either, for Chautauqua certainly furnishes entertainment for every taste or desire.

At noon the auditorium, now used for a gymnasium, presented a gala appearance. Women too numerous to count swarmed in, eyeing, operating, displaying and spreading out in tempting array the contents of their lunch baskets.

Women Swap Lunches.
Tables and benches were brought into requisition and each was supposed to feed from her own basket, "exchange" was the slogan of the hour. From two huge coffee urns the federation hostesses dispensed delicious coffee, and plenty of it for the entire lunch party. Mrs. J. D. Spencer, Mrs. M. A. Dalton, Mrs. John McRobert and Mrs. Pettinger were in command.

It is no small thing for the Chautauqua management to have brought to its platform today woman's work as represented by the Congress of Mothers, Consumers' league and Visiting Nurses' association. The lecturer, Mrs. E. C. Moore, who is speaking to this afternoon testifies to the estimate in which she is held.

A pleasant surprise was that not one of the program, when the presiding officer introduced Mrs. E. C. Moore, who is president of the Oregon Federation of Women's Clubs, who read an original poem—a tribute to ex-President Roosevelt on the manly attitude he always took toward the home and the family.

Monday Crowd Large.
The threatened sunshine yesterday morning sent an unusually large Monday crowd to Chautauqua, and they went early, for it is only the early bird that catches all the figurative worms held during the class hours.

Veering off from the schedule program, Dr. Chapman continued a discussion of Ibsen, taking up the great Norwegian's men and women in a comparative way, the conclusion being that all of Ibsen's women were truer, better types than his men.

One of the most interesting departments of work is the kindergarten, which is conducted by Miss Landin every morning from 9 to 11:30. The class has an average of 35 pupils and the teacher this morning expressed much gratification at the fact that it was not a shifting, restless class of children, but, on the contrary, the same ones come morning after morning.

The method of work has been to make two trips. Last week the tiny tots played a visit to the city park; they were made to construct with sticks and sand and other paraphernalia the castles they would take, were taught the principles of right getting off and on the cars, the changes, transfers, etc., and then they constructed the park as they had seen and remembered it. This week a similar trip will be made to Seaside. Little wonder the children that would otherwise be an annoyance to the study classes here find happy, healthful instruction of their own and in which they delight.

Yesterday morning's forum was one of the best yet presented. Miss Lincoln, who is a comparative stranger in Portland, charmed her audience with her Riley selections and was not allowed to leave the stage until she had been complimented by the audience.

WORK HAS GRIP ON ALL DENTISTS

Delegates to Convention Pay Close Attention to Very Interesting Program.

Another long day of hard work confronted the dentists in their meeting at the North Pacific Dental college today. Clinics, papers and addresses by the leading dentists in the association are to fill all of the morning and afternoon sessions today. This evening there is to be a banquet at the Nortonia hotel.

Plates are to be laid for 250 guests at the banquet and the list of toasts prepared by Toastmaster A. L. Heatie includes some of the best speakers in the association. Among them are Dr. Treve Jones who will respond to the toast "The Ladies"; Dr. W. A. Price, who will respond to "The State"; Dr. J. Q. Byram on the "Pacific Coast"; Dr. Wallace Shearer on "The Portland Dental Society"; Dr. M. C. Holbrook on "The State Board"; Dr. Mark R. Jones on "Dental Legislation"; and W. M. Davis and Dr. R. C. Brophy.

Chief of the papers to be read this afternoon was that of Dr. Julio Endelman of Ashland, who, despite the small town in which he has settled, is one of the foremost dental men of the country. He published a paper devoted to dentistry for some time and has only settled in Ashland in order to regain his health.

LOGGERS' CONGRESS TO MEET AT SEATTLE

(United Press Leased Wire.)
Seattle, Wash., July 13.—A loggers' congress, at which men engaged in the logging industry in all parts of the United States, but particularly from the Pacific coast, will be particularly interested, will open in Seattle next Monday and continue for three days. Addresses will be delivered by prominent loggers and on several occasions of important character with the government forest service. All phases of the logging industry will be discussed.

An effort will be made to organize a permanent loggers' congress and to elect officers. On Wednesday the visitors will be the guests of the Merrill & Ring Logging company and will visit the company's camp at Mukiltio.

Taft to Visit Yosemite.

(United Press Leased Wire.)
Washington, July 13.—President Taft will spend three days in the Yosemite valley when he goes to the Pacific coast this fall. The president has asked Congressman Needham of California to make all arrangements for a stage and saddle horses for the trip. He said two days would be devoted to a ride in a stage and on the third he would travel on horseback. The exact date of his trip through the Yosemite will not be determined until the entire western itinerary is mapped out.

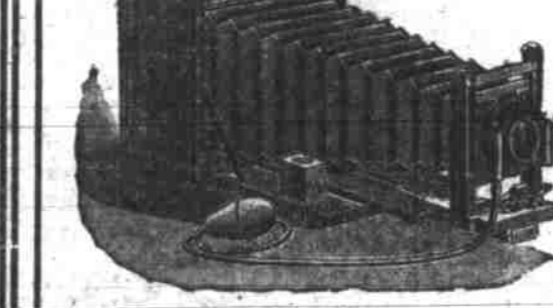

Miss Grace Keller, soprano at Chautauqua.

retire before she had responded to the fourth encore.

Dr. Royal Asked Questions.
Dr. Royal so interested his audience by his talk on "Nervousness in Children" that he was bombarded with questions from the audience and anxious mothers compelled him to hold an impromptu clinic at the close of the meeting.

Sunshine in the W. C. T. U. headquarters yesterday morning found the white decorations and white posies replaced by the crimson, fresh in every respect. A great stretch of canvas displays the motto of the organization, "For God and Home and Native Land." Underneath is a placard, "Oregon Dry 1910." Mrs. Unruh presided as hostess during the day conducting the exercises of the hour, 10 to 11, with her usual enthusiasm.

As a result of Mrs. Ellis' magnificent presentation of the work directed by herself in congress a number of ladies came to the headquarters and gave their names to the organization. Their cards will be passed on to the unions where they wish to be enrolled. All day Monday Mrs. Ellis' praises were being sung for her intelligent, conservative and highly interesting talk of Sunday evening.

Last night Mr. Flowers again carried his audience by storm in his interpretation of "Dickens' The Christmas Carol." Unless Mr. Flowers can be induced to return next year it will be many a day before his equal appears on this platform.

Tomorrow's Program.
MORNING.
9:00 to 11:00—Summer school.
11:00—Chautauqua forum—Congress of Mothers, State Consumers' league, Visiting Nurses' association in the fight against tuberculosis.
AFTERNOON.
