

ELKS COMING PROVES TODAY

Portland's Antlered Herd Entertaining Hundreds of Eastern and Southern Brethren—Receptions for Every Night This Week.

Elks by the trainload are invading Portland today. Cotton state and many other state specials are rolling into the union station, bearing their hundreds of pleasure-seeking tourists.

Portland members of the antlered herd are busy acting as hosts, convoys and escorts for the visitors and the week will be full of entertainment for those who stay in the city for a few hours' visit before going on their way. These special trains will be of great benefit to Oregon, said John W. Wood, in charge of the "Cotton States Special," which brought 160 Elks from Mississippi, Tennessee, Alabama and Louisiana into Portland at 8:30 this morning. "We are more than delighted with the country and the climate."

"We left Meridian, Miss., July 2, and have been through Denver, Salt Lake, Los Angeles and San Francisco. Our trip through Oregon has been one of the most pleasant parts of our journey."

Ladies Come From Southland.

There were 40 or 50 ladies in the party of southern Elks who arrived on the "Cotton States Special," and 20 grand lodge delegates.

Six special streetcars awaited the Elks, and almost immediately upon their arrival they were taken to all points of interest in the city.

At about 10 o'clock and 10:30 this morning two other special trains arrived with a large number of Yonkers and New York Elks. They were entertained in the same way that the cotton states Elks were, spending the afternoon at the Oaks, where special features were provided for them.

A special Pullman car filled with Milwaukee delegates arrived late in the day.

Informal Reception Every Night.

Tonight and every night except Friday an informal reception with special music and refreshments will be given at the Elks lodge.

Saturday evening in honor of the grand ruler, Sammis, a special entertainment and banquet will be given at the lodge.

The reception and entertainment committees are particularly desirous that local Elks bring all the flowers they can to decorate the rooms of the lodge for the evening reception.

Committees Meet All Trains.

George Hutchin and a special committee met all the regular trains today in order to greet those Elks who are not traveling on the specials.

Every Elk in Portland has been appointed a committee of one to do his part in entertaining the visitors, although the committee in charge is composed of George L. Hutchin, chairman; Henry E. Reardon, secretary; T. B. McDevitt, Robert M. Townsend, Harvey O. Bryan, J. P. Finley, Clyde M. Billis and K. K. Knoll.

LOCAL OPTION UP AT WENATCHEE

(Special Dispatch to The Journal.)
Wenatchee, Wash., July 20.—The local option election in this city at 10 o'clock today will probably be the most hotly contested election ever held in this section. Ever since the election there will be three or four effective speakers on the platform, careful estimates predict that Wenatchee will be a dry town after August 24. Should it go wet it is doubtful if the saloons, which expire in September, will be renewed by the present council.

ALBANY STATE BANK ELECTS NEW OFFICERS

(Special Dispatch to The Journal.)
Albany, Or., July 20.—The Albany State bank has been organized and the following elected officers: William Bain, president; E. D. Gilbert, vice president; and H. H. Bouley, cashier. Other directors and stockholders are: C. C. Rawlings, E. W. Powers, J. N. Duncan, and E. C. Bain.

BRIDGE JOHN DAY AT CLARNO FERRY

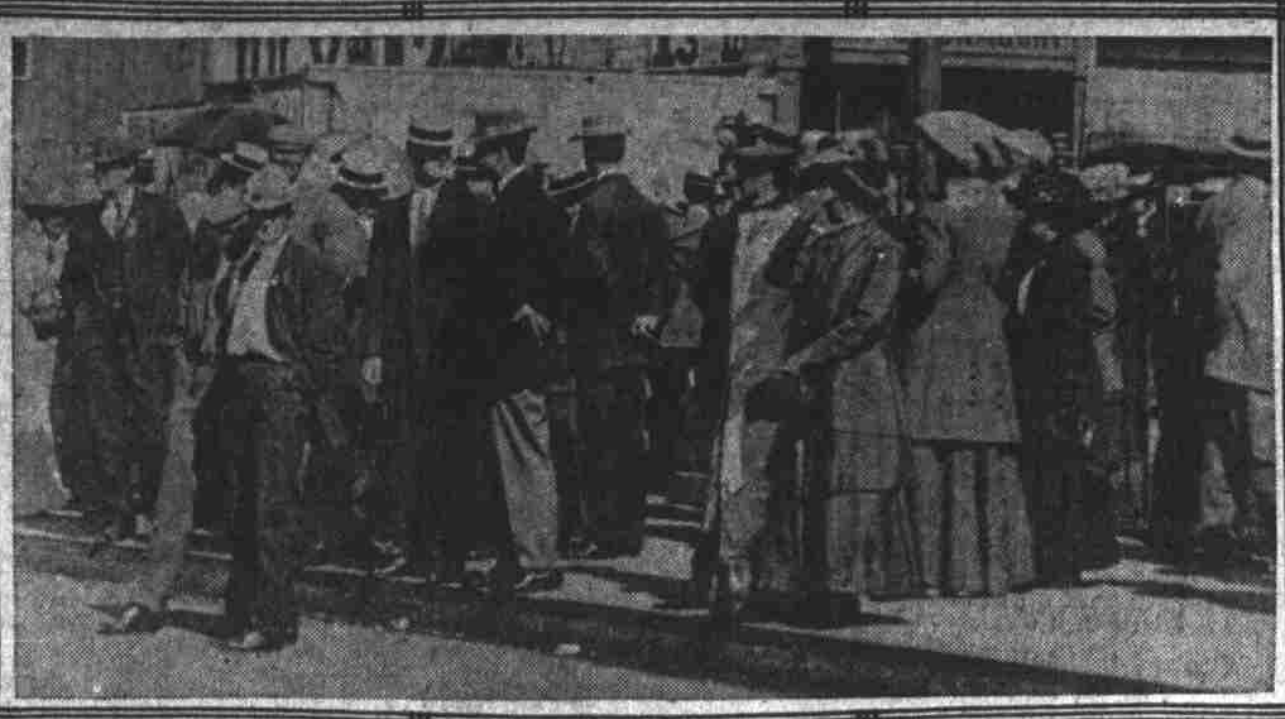

(Special Dispatch to The Journal.)
The Dalles, Or., July 20.—At a recent joint meeting of the county courts of Wasco and Wheeler counties it was agreed to build a bridge across the John Day river at Clarno ferry, the expense to be borne equally by both counties. The county court of Wasco was authorized to enter into a contract for the bridge. Acting on this authority, yesterday County Judge Lake and Commissioner Rooper awarded the contract to the C. G. Sheeley Contracting company of Denver for \$1750. The bridge is to be constructed of steel and will be a span of 220 feet, with wooden approaches on either side, and 16 feet wide in the clear. This bridge is on the main route of travel between Wasco and Wheeler counties.

May Merge Telephone Lines.

(Special Dispatch to The Journal.)
Vale, Or., July 20.—J. C. Stinsel, manager of the Independent Telephone company, and E. A. Clark, cashier of the Caldwell Commercial bank, are in Vale negotiating for the purchase of the local telephone lines. The Independent company has recently bought the Ontario lines and now proposes to merge them with the Vale lines.

The Canadian Pacific has the reputation of operating the finest equipped train via this scenic route can be made with comfort and safety. Through tickets issued from all points east to Europe in the orient, Australia, and to all the principal cities of the world.

Eastern Elks at Union Depot.

SCOTT JOHNSON IS MAN WANTED

Didn't Know Whether He Had Got His Man or Not but Gave Himself Up.

(United Press Leased Wire.)
Santa Rosa, Cal., July 20.—That Scott Johnson, who surrendered to the Sonoma county authorities two weeks ago, is guilty of killing a man named McAllister near Port Deposit, Md., is thought to have been established by a telegram from Sheriff Elmer of Harford county, Md., which arrived here late yesterday. The telegram read:

"Photograph received. Identified him so completely will leave for California this week."

Johnson gave himself up to Deputy Sheriff Ryan of Sonoma county, stating that the affair weighed so heavily on his mind that he was determined to tell the truth and take the consequences. His photograph, with a draft of the confession, was forwarded to Port Deposit.

When Johnson gave himself up he said he was not certain his victim was dead, as he fled immediately after striking McAllister with a hatchet. He said he had heard indirectly afterward that McAllister had died and that he was anxious to stand trial.

GOOD SHOWING IN UMATILLA SCHOOLS.

(By Journal Leased Salem Wire.)
Salem, Or., July 20.—Salaries of teachers in the common schools of Umatilla county have increased appreciably during the past year. Male teachers are now receiving \$77.30 a month as against \$69.85 last year. Female teachers are receiving \$57.75 as against \$55.85 a year ago. The enrollment in Umatilla county has increased nearly 1000 since last year, which is an increase of about \$25,000.

There has been a decrease in the enrollment of pupils in the Sherman county schools. In 1908 there were 779 enrolled and this year 763. There were less teachers employed this year than last. The salaries of teachers were increased about \$1000.

Since Hood River county has been cut out of Wasco no satisfactory comparisons can be made. The report of Superintendent Justus T. Neff, however, shows a decrease in the salaries paid male teachers. Male teachers received \$73 a month last year, while this year they received an average of but \$68. The salary of female teachers has increased slightly.

Church Builds Tabernacle.

(Special Dispatch to The Journal.)
Forest Grove, Or., July 20.—The Christian church people of this city are erecting a tabernacle on the church grounds, preparatory to the holding of revival services, which will begin July 23 and continue several weeks under the leadership of Rev. David E. Olson, an evangelist of wide reputation. The tabernacle will have a seating capacity of 1000. Much interest is being manifested by the townspeople over the forthcoming meetings.

Destroyer Launched.

Bath, Maine, July 20.—The torpedo-boat destroyer Flusser, the first of a fleet of five destroyers being built here, was launched this afternoon in the presence of a large crowd of spectators. The christening ceremony was performed by Miss Genevieve S. Verden of Louisville, Ky., grand niece of the late Lieutenant Commander C. W. Flusser, U. S. N., for whom the boat was named.

Chinaman Lifted the Lid.

(Special Dispatch to The Journal.)
The Dalles, Or., July 20.—For the past year the police have been convinced that Lee Ching, a Chinaman, who conducts a lunch counter in the brewery saloon, was selling liquor on Sunday, but they could not get proof against him until last Sunday, when

they sent a man into his place and had him buy a bottle of whiskey. Yesterday the Chinaman was arrested and taken before the justice court, where he pleaded guilty and was fined \$15. He promised that it would be his last offense. After the proceedings in the justice court he was taken before the

recorder's court and fined \$50 for selling liquor without a license.

Bubonic at Caracas.

Caracas, July 20.—There are 13 cases of bubonic at present in the hospital of Caracas.

FARMER'S DREAM IS COMING TRUE

Samuel Hill Establishes Paradise for Hard Working Tillers of the Soil.

(Special Dispatch to The Journal.)
Seattle, Wash., July 20.—Samuel Hill is carrying out a plan whereby a colony of the best people procurable will be able to enjoy the life-giving zone of the Pacific coast in a specially prepared locality equipped with every modern convenience, and yet in a farming neighborhood.

Mr. Hill and associates have completed the purchase of 8000 acres of land on the Spokane, Portland & Seattle railroad in a favored spot in Klickitat county, eastern Washington, and will be known hereafter as the Maryhill tract, the name being in honor of a relative of Mr. Hill. It is the intention of the men back of the enterprise to improve and plant the entire tract, to build houses and install therein all the modern conveniences and to secure farmers from the east, a number of which, it is expected, will be Quakers.

Already a hotel, schoolhouse and other advantages have been provided, and the work of converting the tract into a veritable Utopia has commenced. The tract has already cost Mr. Hill and his associates more than \$300,000.
