

LAST TRIP FROM LOMBARD STREET

San Francisco and Portland Steamers to Go to Pacific Mail Dock.

SWEDISH SINGERS ARE ON ROSE CITY

Seventy Members of Singing Society Entertain Passengers on Trip Up From San Francisco—Will Go to Exposition.

Beginning with her next trip, the steamer Rose City, which arrived at 1:30 o'clock this morning, will leave San Francisco from the Pacific Mail dock instead of the Lombard street dock as heretofore.

The Pacific Mail dock, which is known as pier 40, is where most of the Harriman ships land, and it is the idea of the company to have all of them go to the same pier to facilitate the San Francisco and Portland Steamship company's steamers, which are the Rose City and the Star, to land at the Pacific Mail dock.

Captain Mason of the Rose City reports a fine trip out, and that the entertainment for the passengers, as there were 70 members of the San Francisco Swedish Singing society on board, will leave here with members of the singing society of this city, on Wednesday for Seattle, where they will sing at the exposition.

When the steamer left San Francisco she was all decorated with flags and streamers and a band was down to see the singers off. Others of the passengers were H. E. Collier, city attorney of St. Johns, and Mrs. Collier, who made the round trip to San Francisco on the Rose City. In all, she had 211 passengers aboard and a full cargo of general merchandise.

NILE IS FIXED

Will Go to Puget Sound for Fall Loading. The British ship Nile, Captain Griffiths, which left Seattle for London, for Adrossa, Scotland, with a general cargo, has been fixed for fall loading on Puget sound. The Nile is a vessel of 1973 tons net register, and she will go to Vancouver, with stiftening for Seattle and Tacoma.

ALONG THE WATERFRONT

With 950,000 feet of lumber the steamer Majesty, Captain Anderson, steamed for San Pedro today. All stores for the Port of Portland dredges and tugs come to the commissary at the Ash street dock now and a great deal of confusion is thereby done away with, and they have a better check on what they did when the stores were taken, directly to the dredges. The artillery tender, Captain James Fornace, which left the Willamette Iron & Steel works for Astoria at 3 o'clock on Sunday morning, arrived at the latter place at 2 o'clock in the afternoon, making the run in seven hours. The tug Alarm, which was snagged down the river on Sunday night, was brought up to the Supple shipyard for repairs this morning, after a temporary

SURPRISED HIM

Doctor's Test of Food. A doctor in Kansas experimented with his boy in a test of food and gives the particulars. He says: "I naturally watch the effect of different foods in my children. My youngest son, a lad of four, had been ill with pneumonia and during his convalescence did not seem to care for any kind of food. "I knew something of Grape-Nuts and its rather fascinating flavor and particularly its nourishing and nerve-building powers, so I started the boy on Grape-Nuts and found from the first dish that he liked it. "His mother gave it to him steadily and he began to improve at once. In less than a month he had gained about eight pounds and soon became so well and strong we had no further anxiety about him. "An old patient of mine, 73 years old, came down with serious stomach trouble before I was called, had got so weak he could eat almost nothing, and was in a serious condition. He had tried almost every kind of food for the sick without avail. "I immediately put him on Grape-Nuts with good, rich milk and just a little pinch of sugar. He exclaimed when I came next day, 'Why doctor I never ate anything like that before that made me feel so much stronger.' "I am pleased to say that he got well on Grape-Nuts but he had to stick to it for two or three weeks, then he began to branch out a little with rice or an egg or two. "He got entirely well in spite of his almost hopeless condition. He gained 22 pounds in two months which at his age is remarkable. "I could quote a list of cases where Grape-Nuts has worked wonders. "There's a reason. Read 'The Road to Wellville' in pkg."

PERSONAL

F. A. Rosenkrans, injured on Sunday night in an automobile accident near the Twelve Mile house, is still in a serious condition at the Good Samaritan hospital. While there is little hope of recovery, his condition is said to be as good as could be expected under the conditions of his serious injuries. Sam Brickett, shot through the abdomen by some unknown assailant on July 14, is doing nicely and it is reported will soon be able to leave the hospital. He is now able to take nourishment as usual and it is thought will be able to resume his usual duties before long. H. I. English, who shot himself through the left breast in the Imperial hotel a few weeks ago, has practically recovered from the effects of the gunshot wound, which struck the side of his heart, and was so far improved that he has left the Good Samaritan hospital. He has now gone to the open air sanitarium for treatment for tuberculosis of which he is a sufferer. Charles E. Rogers, telegraph editor of the Evening Telegram, is reported now to be entirely out of danger at the St. Vincent's hospital. Mr. Rogers, who is one of Portland's well known newspaper men, was taken to the hospital last week suffering with septic poisoning. He was called on by the lower law. Dr. Fenton was called to attend him. The danger was passed this night and Mr. Rogers is now on the road to recovery.

Indian Students Graduate.

(Special Dispatch to The Journal.) Chehalis, July 27.—Sunday afternoon at 3 o'clock the Rev. David Zerrett of Salem delivered the baccalaureate address to the graduating class of the Chemawa Indian school, a large audience in the school auditorium. There were 5 girls and 15 boys, from Washington, Oregon, Idaho, Montana, California, New Mexico and Alaska. After the sermon the Indian band entertained the visitors with a sacred concert. The commencement exercises will be held this week.

IS YOUR BLOOD THIN AND POOR?

Then Read What This Wisconsin Woman Says About Her Own Case

In no disease is delay or neglect more dangerous than in anemia, or poverty of the blood. This disorder is common in persons who are overworked or confined within doors and makes its approach in so insidious a manner that it is often well developed before its presence is recognized.

But taken in time, the disease is readily curable, the specific being a tonic medicine which increases the number of red blood corpuscles. This is the blood to carry the life-giving oxygen to all the tissues of the body. Such a tonic is Dr. Williams' Pink Pills. These pills have had unbounded success in curing this stubborn disease because of this wonderful property.

The following cure of anemia by Dr. Williams' Pink Pills deserves a careful reading by every person whose blood is impure. Mrs. Ida Keller, of R. F. D. No. 6, Tomah, Wis., says: "About ten years ago my health began to fail. I was all run down, could not do any work, had no appetite, and was not able to sleep. I had night sweats, which were very weakening and my feet and limbs were swollen. My stomach was in such a bad condition that I could not even retain the doctor's medicine. My head ached all the time and I was subject to dizzy spells. I became reduced in weight from 145 to 100 pounds and was confined to bed for days at a time.

"I was under the care of two doctors but they gave me relief only for the time being. One of the doctors told my husband that it would be only a short time before I would be in the first stages of consumption. My mother finally advised me to try Dr. Williams' Pink Pills for Pale People. I bought a box and found it in my hands. I had taken the pills long I felt much better. I took several boxes and was able to do my usual work. I gained rapidly in flesh, could eat without distress and soon felt like myself again. I always speak well of Dr. Williams' Pink Pills for I know that they saved my life."

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

MRS. JACOBSEN HAD MONEY TO BURN

(United Press Leased Wire.) San Francisco, July 27.—Mrs. J. G. Jacobsen, wife of a saloon man, today is on the verge of nervous prostration and her husband is mourning the loss of \$5000 in currency, which Mrs. Jacobsen accidentally threw into the fire while burning papers. Jacobsen withdrew the money from the bank Saturday and placed the bills in an envelope. He left the envelope lying on a table. Part of the money was to defray the expenses of a trip to Colorado that Mrs. Jacobsen was preparing to take, and it was all in large denominations. As his wife threw the fortune into the flames Jacobsen recognized the envelope and made a wild grab in an effort to save his wealth. The fire soon reduced the currency to ashes. Hoping to be recompensed by the government, Jacobsen saved the ashes. He will send them to Washington for examination by a government expert.

SANDY DEAD THIS TIME FOR GOOD; 100 YEARS OLD

(United Press Leased Wire.) Olympia, Wash., July 27.—Sandy Parker, otherwise known as "Cultus Sam," a Mud Bay Indian, more than 100 years old, is dead again. This time his aborigine friends, and enemies, hope that the short and squat but excessively pugnacious red man is permanently defunct. Mindful of an experience six years ago, when Sam declined to remain dead, the Indians were so no haste to inter him. On the former occasion Sam appeared to be as dead as any good Indian ought to be, and the big chiefs of the tribe spent considerable time and talk in carrying out an elaborate funeral program. In the midst of the rites the "corpse" rose up and inquired the cause of all the merrymaking. So when Sandy, otherwise Sam, died again Saturday, the chiefs held a powwow and decided that they would take no chances. Accordingly, the funeral was deferred until yesterday, when it was deemed safe to proceed with the obsequies.

F. B. De Guire Dies.

(Special Dispatch to The Journal.) Silverton, Ore., July 27.—De Guire, one of the oldest men in Marion county and a pioneer of Oregon, died at the home of his son, F. De Guire, in this city late Thursday night. Interment will be made in the Miller cemetery this afternoon. Mr. De Guire was born in St. Genevieve county, Missouri, March 30, 1818, and moved to Oregon with his family in 1854, locating on a farm near St. Paul in this county. Here he remained three years, when they moved to Silverton, where he has since resided.
