Got Diamonds Mixed—C. J. Greve, 162 First street, is minus a fine diamond ring, which he lost through the carelessness of one of his employes, and he has asked the assistance of the police to recover it. The loss came through mixing a phoney diamond with a genuine one, and the diamond setter is the man said to be at fault. Mr. Greve reports that yesterday morning a man giving his name as William Haddark came into his place of business with an imitation diamond ring, which he wished to have reset. The ring was sent up to the diamond setter and was reset, but in putting the ring back in the envelope the diamond setter made a mistake and enclosed a genuine diamond in the envelope marked for Haddark, and the latter took the good ring and has not been heard of since. The police have been instructed to look for Haddark, who is described as aged 35, 5 feet 8½ inches tall, with a sandy mustache and wearing a negligee shirt and light hat.

want Many Improvements—Severe condemnation of the action of the city authorities in delaying giving them the park they think they are entitled to has aroused a storm of protest in Kenilworth, and at a meeting of the Kenilworth Improvement club last night the whole thing was discussed. It was decided to keep at the policy of the club already started and secure all the improvements for that district that can possibly be secured. Efforts have been made to get a new park, a fire engine house and a number of other necessities, but as yet the club has been unsuccessful and has gotten nothing. The people of Evanston have joined with the club in its efforts and now expect to do big things.

Sellwood Boosters' Meeting.—A booster meeting in the form of a smoker will be given Friday evening in Union hall by the Sellwood Commercial club. Plans for the building of the new Commercial club have very nearly been completed and will be on exhibition that evening. The club is planning on a number of such evenings of enjoyment as are to be had Friday night and expects to accomplish great things through them. Cigars in plenty are to be given to the members attending and be given to the members attending and they will be allowed to "smoke up" to their hearts' content. It is planned to let the contract for the building of the new club Friday as well as go more deeply into the plans for the building.

Many Streets Torn Up.—Sellwood people wish that the firm engaged in laying the laterals to the sewer system there would not tear up quite so many streets at once. The pipe laying crews seem unable to keep up with the big steam ditch digger being used on the job and at present no less than 7 of 12 or 13 streets running east and west through that suburb are torn up. As the ditch runs directly through the center of the street and scatters the dirtover both sides of the street it makes it practically impossible for teams to get along the streets. They point to the manner in which the Mount Tabor water main was laid as assurance that the company can do the work if it tries.

Building Mount Eood Boad.—Work is proceeding on properties of the Mount Hood Railway company in a way that causes local railroad men to discredit the recently made announcement from the company that no more construction would be attempted until next year. The power plant on Bull Run is nearly completed and workmen are given constant employment there. Others are kept busy on the right of way. It was learned yesterday that \$270,000 worth of rolling stock has been manufactured by eastern car builders and is ready now for shipment. Engineering work alone has cost the company \$70,000.

Rooney Starts Another Suit Patrick Rooney, administrator of the estate of Fred J. Rooney, has for a second time begun suit in the circuit court against the Portland Railway, Light & Power company, a previous effort to recover damages for the death of his son being a failure. He then lost on non-suit, but hopes to get to the jury on his new complaint. He asks for \$7500 damages, the younger Rooney having been killed by a car at Third and Main streets on August 27, 1907. It is alleged that the car was running at excessive speed.

Got Many Beatings.—Alleging frequent beatings and insuits, Mrs. Bessie Pribble has sued for a divorce from Milton J. Pribble, longshoreman. She charges that she was whipped and thrown out of the house at 2 o'clock in the morning three months after marriage and that beatings were frequent thereafter. Sometime ago he was arrested on a charge of mistreating her. She asks for the custody of their two children, \$30 per month for their support and \$15 alimony. She married Pribble in 1903.

Asks Police to Find Eusband.—Mrs. E. E. Burrows has asked the police to assist her in finding her husband, E. E. Burrows, a contracting carpenter, who disappeared last week and has not been heard from since. Mr. Burrows is 36 years of age, weighs 160 pounds, is 6 feet tall, dark, has a short, dark mustache, and when last seen was wearing a dark coat and vest and striped, dark trousers. Mrs. Burrows lives at 1740 East Ninteenth street, Sellwood,

New Laundry Planned.—Ground is to be broken this week for a new laundry building to be put up by the present owners of the United States laundry and a number of Sellwood people. This is but one of the several additions expected to Sellwood's manufacturing and industrial plants this year. Several factories are contemplated, while a large symnasium, two churches and a new commercial club are expected to be built this year.

mother Lode Company Incorporated—Articles of incorporation of the Mother Lode Mining company have been filed with the county clerk by William A. Bantz, J. H. Cole and George H. Downs. The capital stock is \$2,000,000.

Mayer, other notes aggregating \$17,250, and several valuable tracts of real estate. Josephine Hirsch waives her right to any part of the \$4200 due as fees and allowances for services to herself and Mary Mayer.

Damage Is \$100—A small blase starting from an overheated stove called the fire department to the Geneva restaurant at 346 First street, about 9:30 this morning. The blase had gained but little headway when the department arrived and was extinguished with the use of the chemicals. Damage will amount to \$100.

Groeger Says Wife Deserted Eim-Rudolph Groeger has begun suit in the circuit court for divorce from Anna Groeger. They were married in Port-land on February 8, 1908, and he al-leges that she deserted him without cause less than three months later, on May 28.

from different parts of Oregon, Colorado, California, Montana, Utah, Washington, Wyoming, Idaho and Nevada, will meet Thursday at the Women of Woodcraft hall, 12th and Taylor streets, for the Grand circle session of the order, which will hold meetings for 10 days or two weeks.

The session is held to amend the bylaws, make new laws, to elect new officers, to hear the reports of the grand officers, and to discuss the business affairs of the order. The last session of this sort was held six years ago in Los Angeles.

A reception will be given August 2 by the Grand circle to the head camp officers of the Woodmen of the World, to the grand delegates and to the members of the Women of Woodcraft in Portland. Several officials of the Woodmen of the World, from Denver and other places, will be present.

An excursion on the Balley Gatzert to the Cascade Locks will be made on Thursday, August 5.

One of the most interesting features of the session will be the Grand circle trophy contest, to be held Saturday, August 7, and in which 17 teams will drill for a prize cup and other trophies.

Mayor Simon Names Weth- Law Makers of Women of Council Committee Refuses Permit to Places Violating the Cellars Ordinance.

The restaurant liquor license applied for by Pantages, Evans & Ryan, 285 Stark street, was yesterday refused by the liquor license committee of the city council. Councilman T. C. Devlin informed the committee that he had seen women drinking in the restaurant without taking anything to eat with their drinks. As this was a violation of the Cellars anti-women-in-saloon law it was deemed sufficient excuse to disapprove the request of the saloonmen who are notorious in police circles.

An application for a restaurant liquor

are notorious in police circles.

An application for a restaurant liquor license at 285 Washington street was also refused. This place was found to be in violation of the Cellars law because the passageway leading to it from the street was not wide enough.

Councilman Deviln made a motion to revoke the license of every saloon against which convictions are secured in the municipal court, "I don't care if the fine imposed upon the saloon be 5 cents or \$500; it shows us that the law has been wolated and that the proprietor is not fit to hold a license. I am in favor of revoking all such licenses." The motion was not carried.

Mr. E. L. Mills, our tract manager, here makes himself agreeable to those visiting the tract—he answers questions—he shows the visitor over the tract and helps the salesmen in every way possible, and he's kept busy, too. Mr. Mills is an agreeable fellow—you'd like him—we do.

Mr. Mills represents the head of the WESTMOREY.AND end of the sales force—he's on the ground all of the time. Those visiting the Board of Trade offices soon become accustomed to the face and personality of Mr. T. V. Beckwith. Between these two men WESTMOREY.AND is booming. They know how—how to make themselves agreeable and how to sell property—and that's principally because they are backed up with a property that "makes good." Visit them—visit the property—they'll be glad to see you and show you around.

## A NEW DEPARTURE

The cost of interments have been greatly reduced by the Holman Undertaking company.

Heretofore it has been the custom of funeral directors to make charges for all incidentals connected with a funeral. The Edward Holman Undertaking company, the leading Imeral directors of Fortland, have departed from that custom. When casket is furnished by us we make no extra charges for embalming, bearse to cemetery, outside box-or any services that may be required of us, except clothing, cemetery and carriages, thus effecting a saving of \$25 to \$75 on each funeral.
