closing gate on the draw and again tied up traffic until Officer Sherwood could make him back his machine off the draw. The officer took the number of the machine and made a report to Chief of Police Cox, stating that the boy looked to be not over 15, and censuring the owner of the machine for letting such a young person drive it. He reports that a woman on a car advised the boy to state that he was 15 years old.

Fined for Assault—Frank O'Neill, in charge of some work in Sellwood, was fined \$25 in police court this morning on a charge of assault on John Surra. He stated after court that he would appeal the case to the circuit court. It appears from the testimony that Surra was sent to work for O'Neill at Sellwood by an employment agent and that after working there two days was discharged. On demanding his ticket which he had received from the employment agent from O'Neill, in order that he could get a rebate, he claimed that O'Neill struck him and gave him a bad beating. A small boy testified that he had to throw water on Surra to revive him after O'Neill had felled him.

Mrs. Spencer Gets Divorce—Mrs. Anita C. Spencer was granted a divorce from S. C. Spencer by Circuit Judge Gatens yesterday. Although sensational charges were made in the complaint, the declivity offered covered the entire fact of desertion. This was by agreement between husband and wife. Spencer making no effort to resist the decree. His attorney consented that the case be heard at once. Spencer turned over to his wife \$5000. Mrs. Spencer asked for \$10,000. They were married in October, 1928, the date of alleged desertion being February 15, 1928.

Exaggerated Waiver Hearing—C. A. Langston, the man accused of stabbing bartender Harry McNabb in the Rose City bar at Fourteenth and Marshall streets on Tuesday, waited in vain to appear before the grand jury and was held under \$2500 bail. George Serrano, a witness in the McNabb case, was held as a witness under \$1000 bail. McNabb, who is still in the hospital, did not appear in court. He is reported to be getting along well, but the doctor says he is still suffering from his injuries.

Nels Johnson Fined—Nels Johnson, a man who threatened to "shoot up" the Saranac saloon at 41 North Sixth street yesterday, was fined \$10 by Judge Bennett in police court this morning. Johnson was drunk and entered the place yesterday and demanded a drink. When the bartender refused, Johnson threatened to shoot every one and everything in the place, and an officer was called. Officer King searched the man and found no weapon, but the man became so abusive and profane that he was taken to the station and fined this morning.

Court Wants Foots—A bench warrant was issued by Judge King this morning for the appearance of E. J. Foots in police court on August 3. Foots, who is said to be a bar agitator, and is now prevented by injunction from spreading his antagonistic reports relating to the employment agencies, was released on his own recognizance yesterday to appear this morning. He was arrested on a charge of using profane and abusive language toward H. J.

Bennett, and his attorney, Isaac Sweet, appeared to the court yesterday asking that his client be released on his own recognizance, holding that the man was of such a sensitive nature that he would consider being held under a bond as much a disgrace as a conviction. The attorney guaranteed the appearance of Foots in court this morning. When Foots did not appear Judge Bennett issued a bench warrant for the apprehension of Foots.

Mysterious Shot Amuses—Two mysterious shots at 3:15 a. m. today aroused the neighborhood around East Twenty-sixth street and Hancock street. WESTMORELAND!

When the Rainy Day Comes, Your Own Home is the Best Umbrella

Rainy days are bound to come—what are you doing to help tide them over in safety? Anything? You can put a little in the bank each week—you can hang an old stocking up in a dark corner of a closet, you can save money in numerous ways, BUT when all is said and done you will come right back to the starting point—real estate. Real estate is the Alpha and Omega of human progress in this world. The prosperity of a community—a country—depends upon the condition of its real estate. The value of real estate in its turn depends upon the community, for where we find a rapidly increasing population there we find the best opportunities for investment. Portland, in its present-day condition, represents the highest realization of real estate investment possibilities. Get out of that short-sighted habit. Look beyond the present, into the future—you'll see great things there. Rake Portland over with a fine-tooth comb, turn it upside down and then make your decision, and we can tell you now what it will be—WESTMORELAND. Build your home and your hopes there. Visit our tract office. It's open every working hour of every day.

Evangelical Meetings—With a round-table and a business meeting, and a workers' conference, the Sunday league of the Evangelical association conducted its annual convention at the Jennings lodge campground last night. For two days the league has been holding its organization and improvement of Sunday schools. Today and tomorrow the Young People's alliance will convene. Capital Is Increased—In order to meet the requirements of a new Washington statute, the Columbia Life & Trust company stockholders held a special meeting yesterday in the company's office, Lumbar Exchange building, and increased the capital stock of the corporation from \$100,000 to \$200,000. Under a recent statute of the Washington legislature, all corporations organized in other states are required to have a paid up capital of not less than \$100,000. The Columbia Life & Trust has been operating in Washington and found that state a profitable field. This company also operates in Idaho, and is contemplating entering California. The entire increase of capital has been subscribed for by the present stockholders.

Costs Money to Open—No action was taken by the fire committee of the executive board yesterday, however, with regard to the Heilig theatre. It is said that the committee will recommend to the executive board today, however, that certain costly repairs be required in case the owners decide to reopen the showhouse. It is felt that the repairs will be made. Prospects are good for the play place to remain closed indefinitely.
