Superintendents' Meeting.—The first gun in the Union Teacher Training class campaign will be fired Monday evening, when the Bible school superintendents of Portland meet at the Y. W. C. A. to perfect the plans for this great organization. The committee having the matter in charge, of which R. B. Steele, president of the State Sunday School association, is chairman, has been at work for several months getting things ready for the starting of this great class. The first session of the class will be held on the evening of September 13, at the Young Women's Christian Association.

Tilley is Blamed.—At the coroner's inquest held yesterday afternoon J. A. Tilley, proprietor of the New Grand Central hotel, was blamed for the death of Andrew Schilling, the boy who was killed in an elevator accident at that hotel on Tuesday night. The fact that Tilley was in the habit of leaving the elevator door open was the reason for his being blamed for the accident.

May Be Burial.—Complaints have been made at police headquarters of a man representing himself to be an electric light inspector gaining an entrance into various houses. The police believe the man to be a burglar planning on future raids. He does not believe the credentials and badge furnished by the Portland Railway, Light & Power company.

New Station Selected.—Mayor Simon announced yesterday afternoon that he had selected a site for the North Alhina station. The site will be located at Patton avenue and Williams street, toward where there is a tract belonging to the water board. Speculators who wanted to charge the city from the Grand \$4000 for a lot will be disappointed.

Woman is Robbed.—Mrs. M. Meyer, a visitor from Omaha, Neb., reported to the police last night that she had been robbed of her purse containing a gold watch and \$5 at the Union depot. She had left the purse on a seat for a moment and when she returned it was gone.

Services Tonight.—Services will be held in Congregation Anshul Shalom synagogue, corner Park and Clay streets, tonight at 8 o'clock. Music by the choir. Tomorrow morning services begin at 10 o'clock. Rabbi E. Abrahamson, officiating. All are welcome.

Hand is Crushed.—Lee Fredericksen, a logger, suffered a crushed hand while at work at Oak Point, Wash., yesterday and had to have four fingers removed from his left hand. He was brought here and attended at the Good Samaritan hospital.

Has Not Vanished.—The report from Tacoma that S. Steinberg, of First and Sheridan streets, South Portland, had disappeared while on his way from this city to Tacoma, is given no credence by his wife and friends. Steinberg changed his plans according to a letter his wife received from him yesterday, and went to Seattle instead of to Tacoma. His failure to appear at the appointed time in Tacoma evidently alarmed his friends there who expected to go into business with him. Steinberg did not carry 2000 with him, but had a checkbook on the First National bank. It is believed that he is now in Tacoma.

Good Roads Meeting.—The Good Roads convention will be held at Tualatin to-day, with delegates and visitors being attended to by a committee under the supervision of Alex Sweek and John Nyberg. The main feature of the convention will be an old time barbecue, which will begin at noon and last throughout the day. It is in the interests of good roads in the vicinity of Tualatin that the convention has been called. Special delegates will represent the Portland Automobile club. Among those who will address the convention are Judge W. R. Webster, W. A. Carter, E. T. Brown, John Manning and George C. Brownell.

Alleges Non-Support.—Cruelty, non-support, habitual drunkenness and vile and abusive language cover some of the allegations made in a divorce complaint filed in circuit court today by Ravelia Martin against James Martin. The two were married in Spencer county, Indiana, in 1897. The wife asks the custody of their one child, Christina, 3 years of age, and \$75 alimony. She also asks for a divorce on other complaint, alleges that her husband, Charlie Seavey, to whom she was married at Aberlin, Kan., July 27, 1898, deserted her more than a year ago. She wants the custody of their child, Maurice, 4 years old.

Apples Condemned.—Two shipments of apples from southern Oregon, affected by scale were condemned by L. C. Fones, county fruit inspector, this morning. Apples in the possession of east side Italian vendors were condemned for the same reason. It shall be no sales of diseased apples take place in Portland or Multnomah county, said Mr. Fones this morning. The designation colored woman, as a matter of local pride we would rather see it used as a park entrance. Two years from the present time our new car barns will be completed and the Washington street property will be needed no longer for that purpose.

Says She is an Indian.—In referring to an article published in The Journal of Tuesday, August 3, Mrs. Dr. Wheatly Howe Sherwood stated this morning that the designation colored woman, as applied to herself is erroneous. She says she is an Indian, using Indian medicine for the treatment of various disorders. She accuses her husband of being a highwayman.

Executive Committee Meets.—A meeting of the executive committee of the Portland Commercial club was called for 8 o'clock by the chairman, Stone B. Wilcox. An auto tour of the auto club to Seattle is being arranged for August 31.

Heads is Settled.—Nancy K. Gibson, an administratrix of the estate of James K. Gibson, county fruit inspector, this morning in probate today. It was shown by the administratrix that the property of the estate had a rental value of \$150 per annum.

Scandinavian Services in Alberta.—There will be Scandinavian services in the Presbyterian church, corner Ninth and Wygant streets, tomorrow at 11 o'clock. All are most cordially invited to attend.

JOSELYN NOT CRAZY TO SELL

Says City Can Have Car Barn Site If Wanted for \$100,000.

Mayor Simon may do as he pleases about the purchase of the car barn location at Twenty-third and Washington streets to be used as an entrance to the city park, according to B. S. Josselyn, who proposed to sell the property to the city two years hence at its present valuation, without interest. Mayor Simon regarded the proposal with much favor when we talked it over together. But if the city does not want the property on the terms suggested it will be disposed of to capitalists who want to build a number of apartment houses there. These might obscure the view, and as a matter of local pride we would rather see it used as a park entrance. Two years from the present time our new car barns will be completed and the Washington street property will be needed no longer for that purpose.

GENTRY'S SHOW HAS INCREASED

Gentry Brothers' dog, pony, elephant and monkey show gave two of those high class performances for which it is so popular on the circus grounds at Williams and Holladay avenues yesterday. Only the performances were higher class than in the past. The seating capacity is much greater this year—and it is needed everywhere—and the number of ponies, dogs and monkeys as well as human performers is much larger than ever before. The Gentrys essentially the children's show, and if ever the circus trust should send all the circuses to kingdom come the little folks would not pine away, just so long as the Gentrys are here. The size of the main animal and other tents has been so much increased the last few years, because of deserved popularity of the production, that they have every appearance, on first glance, of Barnum's or Ringling's big shows.

CIVIC ALLIANCE IS TO MEET AUGUST 10

Preparations are being made for a conference of the members of the American Civic alliance, which is to be held in Portland at the Hotel Portland on August 10. Membership in the alliance is limited to 4000 leading citizens throughout the United States, and the purpose is to form a non-partisan body representative of the best intellect and conscience of the nation. The alliance purposes to construct and maintain a scientific institution for the study and practical working out of political problems on local, state and national questions. By the aid of this institution the alliance hopes to become an influential factor in the formation and direction of sound public opinion, there-

HEROIC FIREMAN SAVES COMRADE

John Coveney Goes Through Fire to Haul David Francois Out.

David Francois, a truckman on Truck 5, was overcome by smoke in a fire last night, and was only rescued from death through the prompt action of Acting Captain John Coveney of Truck 6, who came to the rescue and went through smoke and fire and removed Francois from his dangerous position. Francois had fallen to the floor in the basement of W. J. Geboth's residence, at 1171 Kerby street, where the fire was confined. The smoke, which was dense, was too much for him. When Coveney called to him and received no answer, and despite the intense heat near the doorway, he plunged through, made his way to the corner where Francois was lying, and carried him to the air, where he was revived. Coveney's action is said to be especially daring, as to reach the unconscious man he had to go through the worst part of the fire, although the fire had not reached the spot where Francois had fallen. The alarm was turned in at 2:14 a. m. and proved to be the residence of W. J. Geboth, at 1171 Kerby street. In the cellar there were stored a large quantity of household goods, the equipment for a lodging-house formerly conducted by the owner. The residence was a handsome two and one-half story building, but through the prompt action of Chemical 4 the fire was confined to the

WESTMORELAND

IF YOU ARE MAKING PROVISION FOR THE FUTURE, YOU ARE BUYING A LOT AT

Westmoreland

WESTMORELAND and success are synonymous. As long as real estate values continue at their present low level, there's a great chance for WESTMORELAND buyers at the present prices.

The average price of lots at WESTMORELAND is \$700, and the average person spends that amount in three years on trifling amusements.

A large income is not necessary to the purchase of a WESTMORELAND lot—it's the share that usually gets away from you without an accounting that turns the trick. You can't dodge the fact that Portland is a "comer"—there isn't one of us but that believes in the ultimate bigness of our town—we know it. In the scope of our plans let's not forget the units that go to make up the success of the whole—WESTMORELAND is not the least of these.

Portland's success guarantees that of WESTMORELAND. Look on your city map and satisfy yourself, and then apportion your income to include a generous slice of future prosperity.

basement and the loss held to between \$1000 and \$2000.
 No hose was turned on the building, and the damage was thereby held to the minimum. Defective wiring is given as the cause of the fire. The total value of the house and furniture is estimated at about \$7000.

"Whether the Swedes are 'sore' at Governor Johnson or not, the people of the state of Minnesota, are his admirers almost to a man," said G. C. Cogswell, Duluth, Minn., at the Oregon. "He is the best governor Minnesota ever had. You will notice, too, that he isn't worrying about what the Swedes think of him."

A NEW DEPARTURE

The cost of Internments has been greatly reduced by the Holman Undertaking company.

Heretofore it has been the custom of funeral directors to make charges for all incidentals connected with a funeral. The Edward Holman Undertaking company, the leading funeral directors of Portland, have departed from that custom. When called in by us we make no extra charges for embalming, hearse to cemetery, outside box or any services that may be required of us, except clothing, cemetery and coffins, thus effecting a saving of 25 to 37.5c on each funeral.
