

BABY TRIPP HAS SPED UP PRESENTMENT OF ACCIDENTS

Saves Apartment House by Marvelous Knowledge of Impending Disaster.

Presentment of the 2-year-old babe that danger was impending probably saved the apartment house at 154-north Tenth street from total destruction by fire with perhaps loss of life. If fire had gained headway in the frame building the firemen declare it would have burned like tinder.

Baby Tripp, 2-year-old daughter of Mr. and Mrs. E. J. Tripp, who occupy one of the apartments in the house, is acclaimed the heroine today and several of the roomers believe that to her marvelous foresight they owe their lives.

When soon after 1 o'clock Wednesday night Mrs. Tripp attempted to put the child to bed it began to cry wildly. Further attempts brought forth the same concert. The baby had never before shown such a "what's the matter, baby?"

"What's the matter, baby?" asked the mother.

"Baby, take!" the baby kept repeating, pointing to the outside.

When a child Mrs. Tripp had several times foretold approaching catastrophes and calamities. Seeing the baby was badly frightened and evidently wanted to be kept outside, where it was perfectly quiet, she became nervous.

After the fire had been put out the baby peacefully submitted to being put to bed.

WIFE'S DEVOTION CONVINCES JUDGES BROTHER

Mrs. Finch's Loyalty to Condemned Husband Displeases Her Family.

That Mrs. James A. Finch's devotion to her husband, who is condemned to die for the murder of Ralph R. Fisher, has caused an estrangement with her family, came to light yesterday through the filing of a suit by Mrs. Finch against her brother, John Petty, seeking to cancel a contract for land purchased from her by her brother.

Back of this suit is the story of Mrs. Finch's unwavering loyalty to the cause of her husband. Every visiting day she is with him and her property has been left in his hands. It is the story of a woman who has refused to be swayed by the arguments of her family and friends who believe that her husband is a criminal.

According to the complaint, Petty agreed with Mrs. Finch to buy 10 acres of land in the city of Portland for \$10,000. He paid \$1,000 in installments. He paid \$1,000 in installments. He paid \$1,000 in installments.

traced to Spokane, have not been captured. Deputy Sheriff Charles Painter is now in the Falls City looking for the men.

The "gas" was an old one. One of the strangers called first and asked if Mr. Strange possessed any of the stock of a certain company. He did not, and the stranger was very sorry, as he was anxious to get hold of some and would pay a fancy price for it. Then the second stranger appeared, and wanted to sell some of that same stock. Strange "bit" and still has the stock, and is out \$2800 on the deal.

THIEF STEALS VALUABLE PAPER

He Can't Get Any Cash on It, However, but Owner Loses \$8000.

Bellingham, Wash., Aug. 12.—Although E. R. Keplinger, manager of the Bay City Manufacturing company, is today lower to the extent of \$8000 as a result of the visit last night of a thief at the plant, the burglar is not a penny better off than he was before he made the touch for it will be impossible for him to realize upon the paper he stole. This fact does not, however, make the loss of the manager any the less.

Entrance to the mill office was gained during the night through a rear window. The safe is always left unlocked, so burglars will not wreck it, and the thief had no trouble in getting the papers.
