Steamer Will Take Another Cargo of 3,000,000 Feet of Lumber to Hankow and Shanghai-Will Load at Linnton.

The British ship M. S. Dollar, Captain forton, which arrived this morning at o'clock, from Swanson Bay, B. C., has is distinction of being the first big teamer which ever went up the Canton liver as far as the city of Canton, which is 82 miles from the mouth of

hich is 32 miles from the mouth of s river. Officers of the steamer say that she d no difficulty in making the trip up. Canton, as there was plenty of water copt at the bar. The steamer, with e cargo that she had, drew 15.4 feet frward and 15.5 feet aft, and by wait-g for the tide she was able to get er in good shape. About half way up the river between e mouth and Canton is a barrier called Tai Sheh barrier, where she found e least water, the depth at that point ing only 18.3 feet, but sufficient for r to cleas it.

The itef officer said that there is plenty water to accommodate vessels at anton, but the facilities for handling mber are not very good yet, although ther arrangements will undoubtedly made soon

better arrangements will undoubtedly be made soon. The M. S. Dollar left here last May with a cargo of 3,000,000 feet of lum-ber for Manila and Canton. From here she went to Manila, by way of Moji, where she took on bunker coal, deliver-ing 1,500,000 feet of her cargo at the Philippine port. After unloading there she went on to Hongkong, and then to Canton with the remaining half of her cargo, which she delivered at the latter place, where it is to be used in railroad construction.

lace, where it is to be used in railroad omstruction. Ehe remained 10 days in Canton dis-marging her cargo, after which sha-rent back to Hongkong, where she locked up some general merchandise or San Francisco, putting into Meji on he way for bunker coal. From Kobi he proceeded to Hakodate, where she ok on 2000 tons of crude sulphur, and hen 1,250,600 feet of Japanese oak tim-ter at Otaru. From Otaru she came to an Pedro and San Francisco, where he discharged most of her cargo, the fficers reporting an acceptionally fine assage over. After discharging at alifornia ports she came up to Swan-on bay, B. C., being the first large ship) make that port, only small steamers aving gone in there before. While here she discharged 1000 tons of sul-hur for the Canadian Pacific Sulphide ulp company, who have a plant under intruction there.
