Delegation to Leave Port-| Grainhandlers Return land Next Week for Coos Bay Is Gradually Growing Larger-Fine Trip Promised.

& California Steamship company promises to bring the steamer Alliance, sailing tonight for Coos Bay, back in time to sail Wednesday if they can be assured 75 passen-Those desirous of golfic to the Coos Bay celebration are earnestly urged to respond promptly by sending their names. to the Journal as the steamer must be recalled by wire. Otherwise she will not be back in time

a fortished delivered than the following have engaged passage Coos Bay, and will enjoy the hostality of the Marshfield and North and clubs: W. B. Glafke, of the chamer of commerce; Dwight Edwards, om J. Zan, of Zan Bros.; J. W. Lewis, the Crane company; Richard T. Cox. S. Jackson and George Trowbridge, it is important that the delegation as large as possible, all persons who e willing to make this fine trip and e Coos Bay are requested to send eir names to The Journal. The Breakwater and Alliance are fine d commodious vessels, the hospitality Coos Bay is famed, and the whole ip promises to be not only instructive it very pleasant.

The fare, including stateroom and eals, is \$10, or \$20 for the round trip.

the finest work ever turned out . by the United States mints. The reached Portland and the possessors of this beautiful coin feel very wealthy as it looks, feels and glitters like a nice five dollar gold piece. Under the law the design of the penny cannot be changed for 25 years and by the time the new design can be changed the Indian, so long decorating the one cent coinage, will probably be as big a curiosity as the new coin is today with its head of Lincoln and statement in big type 'that it is worth only one cent. The words "In God We Trust" are retained on the new penny piece. Over 20,000,000 Have been minted in Philadelphia. There has long been talk of changing the nickel, the design

of which has been running for much over 25 years, but nothing more has been done by the mint bureau except to have some new designs made in case it should be decided to make a change. The Lincoln head pennies were

designed by Victor Brenner, of New York, and had the approval of President Roosevelt, who directed many changes in coins,

*********** TRE OF HOP SING TONG IS AROUSED

Santa Barbara, Cal., Aug. 1s.—Local members of the Hop Sing Tong, aroused by the failure of a coroner's jury to hold F. H. Robinson responsible for the death of Leo Luen, whom he ran down in an automobile, have appealed to the powerful Six Companies of San Francisco to take action.

Leon Luen, who was formerly a cook in the employ of Admiral McCalla, was killed by Robinson's machine. The Chinaman stepped off a streetcar directly in the path of the automobile and the jury freed the chauffeur of blame.

Yesterday a petition to the Six Companies was circulated among local Chinese and forwarded to San Francisco. A similar petition, asking the San Francisco corganization to aid in presocuting Robinson was drawn n Los Angeles, and several hundred signatures secured. The Chinese have engaged counsel.

Boston-Chicago Time Cut.

Boston. Mass., Aug. 14.—The time between Boston and all points west will be cut considerably as a result of the new train service to be inaugurated tomorrow between this city and Chicago. The new service will be maintained by trains that will be duplicates of the famous Twentieth Century Limited between New York and Chicago and will cut the time between Boston and the western metropolis from 28 hours to 20% hours.

Gibbons to Dedicate Cathedral.

Salt Lake City, Utah, Aug. 14.—Graced by the presence of eminent prelates of the Roman Catholic church from many parts of the country, the new cathedral recently completed in this new cathedral and numerous other disputations of the country. The cathedral was built at a cost of nearly \$500,000 and is one of the finest buildings of its kind in America.

Work After Signing Contract for Year as Suggested by Shippers-Open Shop Abandoned.

At 11:30 o'clock this morning the grainhandlers went back to work under the old terms. The exporters have withdrawn their demand for open shop conditions and all is serene on the waterfront. This does away with conditions which have threatened for a week to tie up all shipments of wheat out of the Columbia and to divert an immense business to Puget sound.

It is understood that the grain handers were induced to sign up by the united action of the Waterfront Federa-tion. The Longshoremen after discuss-

but will load cargo in due course.

but will load cargo in due course.

A long distance telephone from the chamber of commerce of Marshfield received yesterday by the Portland chamber of commerce states that elaborate preparations are being made by the cities of Marshfield and North Bend for the entertainment of delegates to the Oregon-Idaho Development congress which meets there next week.

The Portland chamber has appointed W. B. Glafke to represent it at the congress, while Dr. J. R. Wetherbee will probably represent the commercial club. It is hoped that a considerable delegation beto coos Bay, and will enjoy the hospitality of the Marshfield and North Bend clubs: W. B. Glafke, of the chamber of commerce; Dwight Edwards Dom J. Zan, of Zan Bros.; J. W. Lewis of the Crane company; Richard T. Cox. C. S. Jackson and George Trowbridge. As it is important that the delegation be as large as possible, all persons who

Of Annual Occurrence. The trouble between the grain exporters and the Grainhandlers' union has been of annual occurrence, and for that reason was looked upon with much disfavor by all interests of the port. Nearly every summer for the past several years, the wheat shipping business has been interrupted more or less because of the grainhandlers refusing promptly to sign up. Repeatedly, it is said, they have asked for 40 cents, but as often their demands have been lost after strikes or lockouts of different duration.

after strikes or lockouts of different duration.

About two years ago the trouble led to serious complications, the police having to be called in to guard the docks and quell attempts at attack upon the men called in to replace the strikers. Several ships were delayed in the harbor, and after all work was resumed on practically the same basis as before the trouble.

every man who can stand up under the work.

Under the old scale the wages of the grainhandler for an eight hour day amounted to \$2.50, and with overtime the average wages went something over \$3, according to the best information available. As the busy season lasts but six months, the earnings of the grainhandler amount to not more than \$450 a year unless he is among those constantly employed.

Most of the mon must, consequently, seek other work during the dull season. Many of them go fishing while others get various waterfront jobs or go into the country.

DYNAMITE EXPLODES! TWO MEN KILLED

Gary, Ind., Aug. 14.—Two workmen are dead as a result of a terrific explosion in the works of the Aetna Powder company at Aetna. Ind. One building owned by the Aetna company was destroyed and others badly damaged. Dozens of windows in the town were shattered.

The accident occurred late yesterday. Joseph M. Kohlda, 37 years of age, a head mixer, who was in charge of the building, and Michael McCarthy, his helper, were killed. Kohlda was blown literally to pieces. A search for his body resulted in the discovery of a few shreds of flesh and cloth, and two metal buttons.

Four hundred employes at work in other buildings were thrown into a panic by the explosion. They could not be induced to return to work for more than an hour.

The cause of the accident is not known.

Is Best for Oregonians

It Will Be a Fight to the G. H. Thomas Answers At-Utter Finish, With Taft as the Referee.

By John E. Lathrop.

Washington, Aug. 14.-It will not be

the corporation or currency reform issue that will decide the success of Taft's administration, but it will be. "Shall the Conservation of Policies of Theodore Roosevelt Live?"

The struggle, first confined to Wash ington has been extended until it ramifies to every state in the Union, involves the executive departments and copgress and will absorb the attention of the nation because warfare has been declared by Gifford Pinchot, head of the conservation commission, to the bitter end. He realizes that either he must go and conservation receive a temporary setback, or his opponents must leave the cabinet and their potent official positions.

Foes Who Claim to Be Friends.

Warfare thus far has been over the abstract principles, "Shall there be a liberal construction of the law of strict construction?" But this is not the real conflict. It has always been observed that those who fought Pinchot under pretense of solicitude for the sanctity of the law, were arrayed with those who blocked every legislative reform proposed. Every time bills were offered here to prevent the interests from grabbing natural resources these sticklers for legal technicalities have been active, and they have fought all bills carrying appropriations asked to carry on the work of the conservation commission. They have opposed all legislation proposed preventing continued absorption of water power sites, and such bills have been defeated or pigeonholed in the desks of committee chairmen who were foes of conservation.

Through all these conflicts the opponents of conservation have by overmuch protesting made their protestations of friendliness conspicuous as contradictions of their votes or official acts as department chiefs or subordinates.

The Positive Proof of Enmity.

The Positive Proof of Enmity. The Positive Proof of Enmity.

This damning fact stands forth as proof positive that congress has no intention of assisting the conservation movement, that not one dollar of federal money is in use to carry on the work of the joint conservation commission which represents 50 great national organizations and state commissions in all but seven states.

There will be a cleaning out of official families here. Either Ballinger. Dennett, Pierce and Schwartz of the interior department, with a host of subordinates, will go, or Secretary Wilson, Pinchot, Price and Kellogs, with another host from the forestry bureau, will go.

It's Up to Taft to Decide, President Taft must decide which interest shall prevail. That he could not if he would avoid such a decision, is known here by all. Tips from Beverly are to the effect that the president upholds Ballinger and that Pinchot must go. In that case Secretary Wilson will also go.

The Pinchot men here say, "Walt a tew days; disclosures will justify Pinchot before the president and he will not permanently uphold Ballinger."

While Liberati is no stranger to Portiand, having given the opening concerts at the Lewis and Clark exposition, he has not visited here for several seasons, and many present residents of the city and vicinity probably never had the pleasure to hear him. Those who have heard him will want to report that memorable experience while

SHOWER FOR MISS LEORA THORNE

Newberg, Or., Aug. 14.—The elegant home of Mr. and Mrs. Thomas Gardner of Newberg was brilliantly illuminated last night in honor of Miss Leora Thorne, whose host of friends had gathered to give her a miscellaneous shower in anticipation of her wedding.

The evening was spent delightfully with music, readings and other amusements. Two of Newberg's successful music teachers, Miss Jessie Brittand Mrs. Charles Wilson, rendered selections on the piano. Miss Dorris Gregory, a young violinist, produced several selections from the old masters, and Miss Jessie Gardner gave excellent readings. After partaking of dainty refreshments the party dispersed.

Those present were Nora Parker, Mrs. Walter Parker, Pearl Moore, Ione Hill, Mrs. Calvin Martin, Millie Paulsen, Mrs. William King, Syble Woodward, Loia Kaufman, Lily Hagman, Olive Stratton, Jessie Britt, Emma Dorraner, Buelah Spaulding and Mrs. Myrtle Hill.

MANAGER BRITT BOOSTS KETCHEL

San Francisco, Aug. 14.—Stanley Ketchel and Willie Britt will take the steamer at Point Arena tonight for San Francisco and will arrive here Monday morning. After straightening out a few minor matters the pair will leave for New York to fulfil the Assassin's engagement with Sam langford early in September. In a letter to a friend in this city Britt declares there will be no run out, that Ketchel's roughing trip in the Mendorino mountains has done him a world of good and that he is in better condition than he has been for a year.

year.

Jack O'Brien and Jim Coffroth are in conference this afternoon over a fight to take place in September, in which O'Brien expects to be one of the principals. Kaufman, Papke and Jehnson are the men Coffroth has in mind, with the chances favoring Kaufman, as O'Brien has agreed to go 25 rounds with the blacksmith.

tacks on Primary System.

Portland, Or., Aug. 13 .- To the Editor of The Journal-The Oregonian in its oration or currency reform is hostility to the primary law would preof judice the people of other states and of Oregon against the primary system of nominations by repeatedly charging that Democrats in wholesale numbers false-ly register as Republicans to partici-pate in the Republican primary nom-

nations.

These editorial assertions are also calculated to distract attention from the "If I can not master the Republican party in Oregon, no one else shall" spirit of the contentious Republican chiefs.

Tenproper Republican or Democratic

chiefs.

Improper Republican or Democratic party registration is very slight. Since the contrary charge is so conspicuously published I feel that it is but just to let it be publicly known where responsibility belongs for the alleged weak Republican nominations. District Property of the alleged weak Republican nominations.

Therefore on the ninth instant the following letter was submitted for publication. Last night I was informed that it will not appear in the Oregonian. The reason for such refusal is apparent.

G. H. THOMAS.

Following is the letter referred to by Mr. Thomas:

"Portland, Or., Aug. 3.—To the Editor of the Oregonian—All is not fair in politics. Let us be fair, Mr. Editor. Referring to your editorial in today's issue. The Oregonian knows that the faction now dominating the Republican party has preferred, and has for years consistently supported Democrats for chief offices, and the Oregonian knows that Senator Fulton and H. M. Cake trained with the Republican faction opposed to the ring now in control in Multnomah county.

posed to the ring now in control in Multnomah county.

"Senator Fulton was slaughtered in the primaries, and Mr. Cake was slaughtered in the general election not by Democratic intermeddling, but by minority Republican machinery covertly manipulated to elevate leaders of a Republican minority by crushing in defeat the leaders of the late majority faction. Some shall percentage of false registration there may have been, yet the real strength responsible for the defeat of Messrs. Fulton and Cake came not from Democrate, as you allege, but from factional war among the leaders in the camp of the Republican hosts.

"G. H. THOMAS."

TRANSPORT OFFICER ATTACKED BY BULLIES

San Francisco, Aug. 14.—The police are looking for two men who made an attack on Louis Albrecht, master at arms of the United States transport Logan, and attempted to assassinate him by shooting four shots at his head after they had struck him on the side of the head with a black jack.

Albrecht was returning to the transport in a taxicab last night. At Stewart and Mission streets, near the waterfront, the cab was running slowly, when the men suddenly sprang to the windows. One of them struck Albrecht on the side of the head with the black jack.

inck.

The blow half stunned the master at arms and he sank to the floor of the vehicle. His assaliants then fixed four shots into the cab but missed Albrecht. Albrecht stated today that it was his belief that the would-be assassins were enemies he had made while performing his duties on the transport.

Bust May Be Developed 2 to 8 Inches in 80 Days.

and altogether beyond comparison with the results produced here.

"You know the French people have the development of the bust and form down to a fine point.

"By this French method, the breasts may be developed from 2 to 8 Inches in 30 days. This applies to women of almost any age, from young girls to elederly matrons, whether the bust is absolutely not developed at all, or has grown weak and flabby and hangs, no matter from what cause.

"It is beauty of form that attracts much more than the features. You will always find it so with both sexes.

"I will be only too glad to tell any woman who is interested what this simple French method is, if she will enclose a 2 cent stamp to pay for the postage. I will send an illustrated booklet in a plain sealed wrapper that will explain it all."

We suggest to our lady readers that they write to Madame DuBarrie for particulars of this remarkable French method, enclose 2 cents in stamps for the Illustrated bookiet and address it to Mdme. DuBarrie, Suite 412, Lenox Building, Chicago, Ill.

Grand Jury Indicts on an Old Charge of For-

the title of "Dr." while connected with the title of "Dr." while connected with
the X-radium institute in this city, and
was brought from Seattle to face an
old charge connected with the death of
Golda W. Rowland, was accused of the
crime of forgery in an indictment returned by the grand jury yesterday.
Dr. Cora Talbot, whose name she
says was forged to the certificate, was
the chief witness before the grand jury.
Another was Dr. W. T. Eisen, against
whom Heymans testified when the latter was on trial on the charge of performing an operation at "Dr." Heymans' institute.

A third witness before the grand jury

mans' institute.

A third witness before the grand jury was Dr. Esther Pohl, former city health officer, with whom the alleged fraudulent certificate was filed and who conducted an investigation when she learned that suspicion attached to the death of the Rowland woman although the death certificate, signed in Dr. Talbot's name, stated that Golda Rowland died from septic endecarditis. As a result of Dr. Pohl's investigation, she swore to a warrant for Heymans' arrest, and he was caught in Seattle a few weeks ago, after a search lasting over a year.

over a year.

After he was brought back to Portland, Heymans secured his release on bail. When the indictment came in it was held secret until he could be located and about 2 o'clock this morning he was arrested by Deputy Sheriff Donian. He is now in the county jail, where he will remain unless he succeeds in complying with new conditions for ball.

GOLDEN WEDDING

(Special Dispatch to The Journal.) The Dalles, Aug. 14.—Last Wednesday a happy event was celebrated at the home of Mr. and Mrs. W. H. Williams on Eight Mile creek, near Endersby postoffice, when the golden wedding anniversary was celebrated. On August 11, 1859, W. H. Williams and Miss Amanda Abbott were married at Oregon City. Both were ploneers, having crossed the plains with ox teams in the early fiftles, settling in Clackamas county. Four years after their marriage they came to Wasco county and settled on the homestead on Eight Mile, which has been their continuous home for 48 years. There they have reared 14 children, all of whom have srown to manhood and womanbood.

Mr. Williams is a veteran of the Indian wars of the early fiftles. He was stationed at Fort Dalles in 1855, being a member of a company of volunteers commanded by Colonel Kelly. The Dalles' first mayor and afterward sent as senator from Oregon. He is a substantial citizen, alive to every matter of interest to the community and despite his 75 years is as active as many men of 50. Mother Williams is a loved in La Grande and started at once over the route to establish camps for the working crews. He states that he species of interest to the community and despite his 75 years is as active as many men of 50. Mother Williams is a loved in La Grande and started at once over the route to establish camps for the working crews. He states that he species to meet the most trouble in securing enough men for the works. The Dalles, Aug. 14.-Last Wednes

Albany, Or., Aug. 14.-Joshua Ballard vas this morning fined \$50 and costs by Justice of the Peace Porter, after trial lasting all day Friday, and which resulted in the jury bringing in a verdict of guilty. Fred Robin, a detective of the Oregon Anti-Saloon league, swore he bought a pint of whiskey from Ballard on the street; G E. Kellog of the Oregon Free Press of Salem testified that he witnessed

Claude Miller was this morning fined \$50 and costs. The court imposed a lenient fine after Miller had entered a plea of guilty and promised to stop selling liquors in this city in the future.
