Wancouver Ball Crazy.

Vancouver, I was told, has turned out to be quite a basehall center. The only obstacle in the north is Dugdale. He is an outlaw at heart, but he won't fight. In time I believe he will want to come into the Coast league. He will want to come when he sees there is no chance of winning Portland over to the North-western. Af-ter going over the territory I am of the opinion that a strong Coast league could be formed with four clubs in the north and four in the south, and I expect it will come in time. It may be organized next year. I would like to see it. We must have Seattle in, for it is really the metropolis of the far northwest.

# ALL COAST LEAGUE MAY COME AS **RESULT OF FIGURES SHOWN TO ISH**

Casey's Colts make more money on their northern trips in eight weeks than the Beavers do when they play in the southern cities for nine weeks. The Seals take more money out of one se-ries in Portland than they do out of a week in San Francisco and a week in Los Angeles. All of which was news to Frank M. Ish, the Waswick of the Pa-cific Coast league for the coming season. Frank Ish was a Portland visitor nor so very long ago and at that time Judge

Save him the laugh. Tah Gives Big Laugh. "Why," said he, "you fellows up here could not support an eight team league and California fans do not want to carry the burden," or words to that effect. Then Judge McCredie opened the eyes of the financial backer from the south land. He took the books of the north-west league and pointed some things out. He showed that, counting out all receipts for games played by the North-west league in Portland. Casey's team took more money in its northern games in Seattle, Tacoma, Aberdeen, Vancou-ver and Spokane than did the Beavers Then the judge took the books of the Beavers and showed Ish a few facts that he did not know before. He pointed out that when San Francisco came to Portl and and played for the fook away more money for that week than it did when it played its 60 per cent week in San Francisco and a 40 per cent week in Los Angeles. He beavers in liss an Francisco and a 40 per cent week in Los Angeles.

M'CREDIE BUYS

Changes His Mind. As a result of his trip to the north and the figures of Judge McCredie it is now believed that Mr. "Ish will come back firmly convinced that an eight team Pacific Coast league will be a winner, and that he will be ready to back it when the question comes up at the end of the season. If Ish decided that it should be an eight team league it will be that, for he is the money behind the throne in the California base-ball situation.
