## LATEST NEWS OF WORLD'S MARKETS

Little Matured Stock Suitable for Alaska Shipment Coming-Rains Delay.

TODAY'S WHOLESALE MARKETS.

Potatoes are backward.

Hop market is firm.

Varied prices for eggs.

Chicken market good.

Fancy peaches in demand.

Car Walla Walla onions in.

Towastoes remain scarce. Tomatoes remain scarce. Chittim bark is moving. Butter coming from Coos Bay.

Barly Potatoes Are Backward. Early Potatoes Are Backward.

Late rains have caused delayed deliveries of new potatoes here and the crop is still growing. Alaska is asking for supplies but practically nothing is yet being offered that is good enough to go in that direction. A year ago at this time, owing to the shortened supply of matured stocks, buyers were eagerly scouring the country and were paying \$1.25 per hundred pounds for best stock to ship to Alaska. The market for general supplies at that time was about 35c lower than the sums Alaskan buyers were offering freely.

Onlone Are Holding Steady. No local onions have as yet arrived in the market here although it is quite probable that some are big enough to gather. Onion market in general is quite steady with jobbing prices around \$1.25 a sack both for Walla Walla and California stock. The former is taking the lead at this time. Another car was unloaded this morning.

While in recent months Coos Bay has been a shipper of butter to the Portland market, very few regular shipments from there have entered Front street until recent weeks. Several of the larger creameries located along the bay are now shipping regularly to the Portland market because they find they are not only given better treatment here but the returns will show a higher average. Coos Bay is putting out unusually good quality butter at this time and therefore a regular trade is being secured. Butter Coming From Coos Bay. Local makers report a continuance of the shortage in supplies and prices are therefore firmer with an upward ten-

Ashland Peaches Bring Premium.

One Ashland Peaches Bring Fremium.

One Ashland shipper secured a premium of 10c a box over all other quotations for peaches shipped to this market during the past 24 hours. The price obtained was \$1.10 per box, while best varieties from other shippers will not bring more than \$1 and in fact 90c is a better average for good stock.

Fine Apples From Medford.

Medford is shipping unusually fine early apples to the Portland market at this time. Some select Maiden Blush and Gravensteins are displayed with quotations around \$1.75 and \$2 a box. Pears are very scarce and prices are generally a fraction higher for best quality.

Mop Market Is Pirm. Bop Market Is Firm.

Because of the damage reports noted in this column recently the market for hops is firmer and while no late transactions are shown for the coming crop, dealers say they are quite willing to buy at 20c a pound. Demand continues good for 1906s, 1907s and 1908s. The New York Producers' Price Current says of the general situation:

"Interest now centers in the crop reports at home and abroad. In New York state the hops are blossoming heavier than expected and the estimates of the probable yield have been raised to 35,000 to 40,000 bales. Offers have been made of 25c for the new crop, and a few small contracts have been writ-

a few small contracts have been

a few small contracts have been with ten on that basis.

"Reports from England are to the ef-fect that continued cold, wet weather has caused further damage to the crop and late estimates do not exceed 240,000 and late estimates do not extend a volume taxonable and the yield is not expected to go above \$600,000 cwts. Last vear England raised 470,781 cwts, and the continent more than 1,000,000 cwts. The prospective shortage abroad is expected to turn the attention of English The prospective shortage abroad is expected to turn the attention of English brewers this way, and while our local market is still very quiet there is a firmer holding of all Frades.

"Government reports just to hand indicate that the consumption of beer for the month of June was 6,149,720 bbls., against 5,887,626 bbls. last year. For the fiscal year ending June 30 the total consumption was 56,613,497 bbls., as compared with 58,747,681 bbls. the previous year, a decrease of 2,134,185 bbls., which occurred early in the year."

were further advanced today. The govwere further advanced today. The government report on European indications was moderately bullish and more black rust reports were received. Together, these influences gave the bulls a strong working combination, especially, and prices were advanced materially. Spring quotations at higher range were followed by a sharp slump but the market reacted and closed with good gains.

but the market reacted and closed with good gains.

Corn damage reports from Nebraska and Kansas were of a more important kind and came from good sources. The strong cash situation with the drouth reports afford plenty of ammunition for bulls and especially in view of the fact that prices have been hammered down to a point where the bullish crop prospects have been largely discounted.

Peach Plums for Kansas.

Union Or., Aug. 14.—The Cove Mer-cantile company will make its first large cantile company will make its first large consignment of peach plums on August 20, when it will ship a carload of the fruit to Kansas points. The fruit will be packed in 20-pound crates, four baskets to the crate. The plum crop is good this year and fancy prices will be received for the first consignments. The prune csop this year is not so heavy as in past years but the fruit is of superior quality. Several crops have been bought by the local dryers at \$15 per ton at the dryer. Several carloads of prunes are shipped from this station yearly while the express shipments are extra heavy.

extra heavy.

The first shipment of blackberries was made today, the fruit bringing \$2.50 per crate. The raspberry crop is cleaned up while only one shipper is making shipments of cherries and his crop will be cleaned up with the control of the c be cleaned up by the first of next week

Portland Union Stockyards, Aug. 14. -The better tone and price forecast for the cattle market by The Journal yesterday has appeared. New high records for the present movement and the highfor the present movement and the highest price for this time of the year were
paid for calves and heifers, as well as
.cows, during the past 24 hours.
The demand for good stuff—in fact,
no line of livestock is showing utter
neglect at the present time—is the best
ever noted here, and recently some very
good markets have been shown in the
Portland yards.
Good stuff is eagerly sought by buyers, and one of the leading men in that
line today stated that he would be quite
willing to pay up to \$4.65 for top steers
or 5c better than anything heretofore
received.

Expect Bun of "Buck" Sheep.

A big run of buck sheep is expected in the local yards during the coming week. On the first of the month the trade begins to dock buck sheep \$1 and buck lambs 50 cents. This is in place of the dock of \$1 for all grades, made in previous years. In yesterday's report the dockage was erroneously printed at 25 cents.

While a heavy run of "buck" sheep and lambs is expected to appear in the Portland yards in time to escape the dockage imposed by the Livestock exchange, this is not likely to have any serious effect upon good stuff and top lambs and fat sheep are expected to bring forth heavy bidding.

Veal Calves Are Higher. Expect Bun of "Buck" Sheep,

bring forth heavy bidding.

Veal Calves Are Higher.

An advance of 25 cents sent the price of top veal calves to \$5.50 in the yards today. The lot that secured this price was shipped by De Maris of Walla Walla, mention of which was made by The Journal yesterday.

Recent receipts of veal calves have been far below the requirements of the trade and values for that reason have been higher than ever before.

Hogs Are Firm at \$8.75.

Hogs Are Firm at \$8.75. Along with other lines there were to receipts of hogs in the Portland ands today. The market for swine yards today. The market for swine stands in a very firm position. Demand at this time is the best ever seen here; not excepting the period a short time ago when sales were made at \$9.25 and \$9.50. At that time only nominal business was shown and had the receipts been at all liberal no such values would have been obtainable.

results would have been obtainable.

These Supply the Market.

F. M. Schleppy of Palmer came in with a car of cattle.

F. E. Metteer, the Condor shipper, has the honor of topping the market for cows and steers for latest movement. Sale made by T. C. Benson & Son. Nine cows and 13 steers were included in the record breakers.

F. B. Decker of Silverton had a load of sheep and lambs offering.

Amos De Maris, the Walla Walla shipper, through the Sharkey Commission company, received the highest price for veal calves and helfers in the local market for summer sales. His helfers went at \$3.55 and calves at \$5.50.

Today's lack of livestock compares with this day in recent years as follows:

Hogs. Cattle. Sheep.

A year ago today all lines of live-stocks were firm; hogs and cattle es-pecially so. No change in values re-ported for the day.

Following are representative of latest transactions in the local yards and in-dicate demand, supplies and quality of-

> New York, Aug. 14 .- The irregularity in the list during the last hour of

Close Near Top.

in the list during the last hour of yesterday's session was ascribed to calling of loans by important banking interests in order to face a recession. The action of market today indicates a replacement of lines together with spirited buying of Harriman issues and the list closed near the best levels of the day.

Foreign buying on a good scale has been noted of late, and outside interests have shown signs of improvement. Trade reports continue favorable and a slightly firmer tendency of money rates has not had the effect of decreasing market activity. The list has reached a level from which recessions are likely to occur unexpectedly, but although the advances have been very rapid, it does not seem as though they have been distributed to an extent that would take control from the hands of those interests responsible for the up ward swings.

New Wheat Arriving.

Union, Or., Aug. 14 .- The first shipment of new wheat was received at the local flour mills today from A. B. Coniey of Cove, who sent in a car of fancy grade fortyfold. Wheat is selling somewhat low on account of the slump in market, growers receiving from 70c to 80c per bushel at mill.

For the next few weeks there will be a great many carload shipments from points in the Grand Ronde valley to the mills at this place and Cove. The general average for wheat this year is about 35 bushels per acre, but there are many crops making 45 and 56 bushels. Wheat was grown more extensively throughout the valley this lyear than last and the crop will no doubt be heavy enough this year to keep the local mills running the entire year, but in past years the mills have been compelled to close about the first of April on account of grain shortage. Threshing is in full swing and the weather could not be better for harvesting. Farmers are having some difficulty in securing help and are offering high wages for farm help. local flour mills today from A. B.

ALONG THE WATERFRONT

Captain Ames with the launch Eva, towed a scowload of car trucks to Scappoose this morning for use on railway construction.

D. B. Smith, general manager of the Open River Transportation company went to Seattle last night to have a look at the exposition. went to Seattle last night to have a look at the exposition.

The steamer J. Marhoffer arrived last night from San Francisco having aboard 645 tons of cement and 200 tons of general merchandise, which she is discharging at Oak street dock. At Astoria she unloaded 50 tons of general merchandise. She cleared this morning for Willapa to load lumber for San Francisco.

merchandise. She cleared this morning for Willapa to load lumber for San Francisco.

The towboats Dixon, Shaver and Henderson will leave Coal Creek tomorrow morning with another raft which the Hammond Lumber company is sending to California. It will be towed down from Astoria by the company's own steamer, the George W. Fenwick. This will probably be the last raft of the season and will be the sixth which has been sent down so far, which is more than 30,000,000 feet of lumber.

With a full list of passengers and 2000 tons of general freight, the steamer Rose City left this morning for San Francisco.

Harry J. Strowbridge, a customs inspector and A. J. Chapman returned last night after a very successful deer hunt in southern Oregon. They got five deer, which is the limit.

The American ship W. H. Macey finished taking on her cargo a couple of days ago. She loaded 1,279,918 feet of lumber destined to Port Natal, South Africa.

The quartermaster's tender Major

Africa. The quartermaster's tender, Major Guy Howard, will be put into the water at Supples shipyard this afternoon. She has been replanked and overhauled.

The steamer N. R. Lang will go on the ways at Supples on Monday for general repairs.

At a meeting of the directors of the Open River Transpartation company yesterday afternoon it was decided to build a new barke immediately to use on the river at Celilo, and possibly another one later. The barge will be 90 feet long and 30 feet wide and will cost between \$3000 and \$4000 to build. It will be built by the company themselves at Celilo, and will be used for carrying wheat during the shipping season. quartermaster's tender, Major

RECESS TAKEN IN HUSBAND SCHIVELY TRIAL

Absence of Eleven Senators Causes Adjournment -Second Group Charges.

(Special Dispatch to The Journal.) Olympia, Wash., Aug. 14.-Upon the protest of Attorney George C. Israel, counsel for the defense, the impeachment trial of John H. Shively, state inment trial of John H. Shively, state insurance commissioner, was adjourned this morning on account of the absence of 11 senators. Attention was called to the fact that Mr. Shively had tried to disbar 16 senators and wanted an adjournment because 11 were absent. Senator Harry Rosenhaupt, Spokane, who was in the chair, ruled with counsel for the defense and when an appeal to the senate was taken, his decision was sustained by a vote of 17 to 14, 11 not votins.

The trial opened with Attorney Israel arguing in the second group of charges, his demurrer to the first charge having been sustained by the chair and the senate yesterday.

Offering Less for Oats.

A cut of from 50c to \$1 a ton is again reported by Pacific northwest oats buyers. Nothing over \$28 a ton is being offered track tidewater for supplies and some interests are inclined to take on only nominal supplies at this figure; believing, they say, that prices will work lower.

Considerable buying of wheat is reported at interior points and the market here has assumed a steadier tone with no change in values for the day.

New Wheat Arriving. W. Loughery of Astoria, who is at

G. O. P. COMMITTEEMAN ROASTS TAFT'S TOWN

(United Press Lessed Wire.)

Beverly, Mass., Aug. 14.—Cecil Lyons,
Republican national committeeman, is
disgruntled because he hid to eat lunch
here today in a five cent lunchroom.
Several cabinet members were taking
juncheon with President Taft and Lyons had to look for food on his own hook. He said his search was entirely un-successful. "I have seen pretty Jakey towns, but this town is the worst ever," said

Lyons.
Charles P. Taft is here today to play golf with the president. MAN LOSES FINGERS

WHEN SAWING WOOD vesting. Farmers are having some difficulty in securing help and are offering high wages for farm help.

## Judge Morrow Dissolves the Injunction Against

J. B. Davison.

Circuit Judge Morrow has filed his findings in the case of Lizzie C. Davison against John B. Davison, in which the divorced wife sought to recover property that she deeded to Davison, claiming that he had used undue in-fluence amounting to intimidation and misrepresentation to secure the prop-

fluence amounting to intimidation and misrepresentation to secure the property.

Judge Morrow's decision gives Davison a complete victory. He holds that there was no fraud in connection with an agreement of February, 1907, whereby the property of the Davisons was divided. Mrs. Davison claimed that she was induced to enter into this agreement because her husband said there was a great gulf between them, and she thought if she would give him this property he would be happy and love her as of old.

The court declares that Davison was not sulky or unreasonably faultfinding, as she asserted he was, and that this agreement was as fair to her as it was to her husband. The injunction which has restrained Davison from disposing of his property is dissolved and the court finds that Mrs. Davison is entitled to nothing.

The hearing of the case occupied several days last winter. The property involved is worth about \$20,000. A. C. Emmons and Henry E. McGlnn represented Mrs. Davison, Thomas G. Greene appearing for the former husband.

ment Brings Satisfaction AND ENGANCES THE VALUE OF ABUTTING PROPERTY MORE THAN ANY OTHER PAVEMENT.

Bitulithic Pave-

BECAUSE

It is durable, never cracks, makes no noise or rumble from passing vehicles, collects no dust or mud. Furthermore, it gives a sure foot-hold for horses. Automobiles will not skid.
