MAJOR LEAGUE ASKS \$3500 FOR MAN

Gilligan Offered to Scout McCredie for Gregg—Pernoll Figures.

Once more the question is going the rounds: Are the big league managers going crazy? It would seem as if they were, if there is any truth in the reports sent out from Aberdeen and Spokane as to the purchase price paid for Pitcher Gregg and Pernoll.

Probably this selling pitcher at such enormous figures has become contagious in the northwest and Dickson wants to cruise into the class with Brown and Rowland. Brown says he got \$4000 for Gregg and Rowland claims a slightly smaller amount for Pernoll.

Land. It is not within the recollection of the oldest resident of Accomac county, Virginia, or of Worcester county, Maryland, that anyone ever laid claim to it, nor are there any records of it in the courts of either county. Every one who has ever been in the two states, the land belongs to never has been considered seriously.

Not a few of the older residents hold the opinion that the land does not even belong to the United States, some of them going so far as to say that it belongs to any country at all it is England's, as the other country owned everything down this way before the Declaration of Independence changed the ownership, and they think it more than likely that in dividing up Virginia and Maryland overlooked "No Man's Land," leaving it out in the cold, and making of it a miniature territory without a ruler.

There are between 500 and 400 acres of virgin soil in the tract that could be made to produce bumper crops, but no one cultivates it, and so far as is known today, there is not one who has any desire to do so. For some unaccountable reason, it does not appeal strongly to the farmers and truckers of this section, and they always take good care to steer clear of the apparently hoodooed land.

A Chinese Postman.

From the London Globe. It is not only in France that postal employees are discontented with their lot, for the Chinese postal workers are also in a state of ferment. They are strongly protesting against the remuneration which they receive and which they consider little less than an insult, when compared with the difficulty of obtaining employment in the postal service of the Celestial empire.
