\$100,000 FOR FIGHT

New York, Aug. 27.—"Prosperous Jack" Munroe, the former heavyweight pugilist, and now mayor of Elk Lake.

E. Canada, yesterday wired an offer of \$100,000 for the Jeffries-Johnson fight to take place in Canada, one year hence.

Monroe says that he means business, and if the fighters will seriously consider his offer, will post the \$100,000 immediately. "Prosperous Jack" who in wo wowns hundreds of acres of valuable timber land in Canada has fought of the sifalfa farmer was meeting all comers for four rounds several

AURELIA HERRERA TO REENTER PRIZE RING

Bakersfield, Cal., Aug. 27.—Aurelia Herrera, the Mexican fighter who at one time gave promise of attaining to the top round of the lightweight pugliistic ladder, is to have a chance to redeem himself in the eyes of the Pacific coast fight followers.

coast fight followers.

Herrera yesterday signed articles to meet Fighting Dick Hyland in this city September 16. Hyland is said to have consented to the match. Exra Rehfold, a local prometer, is the man who is standing sponsor for the Mexican, and will attempt to drag him back from the ranks of the former greats. Jimmie Coffreth of San Francisco also is said to be interested in the mill to the extent that he has promised Herrera a match in his sunshine arena in the event he is victorious over Hyland.

LARNED PRESERVES HIS TENNIS TITLE

(United Press Leased Wire.)
Newport: R. I., Aug. 27.—William
Larned today successfully defended his
title as national tennis champion by
defeating Clothler three out of five sets. The results of the sets lows: 6-1, 6-2, 5-7, 1-6, 6-1.

The New Football Rules. Spalding's Official Football Guide for 1909 has just been published. This book which is so eagerly sought by football players is more complete than ever. It contains over 300 pages and is replete with a great amount of information concerning the popular sport. The revised rules for the coming season of course form the chief feature of the publication. In addition to that there are All America selections by Walter Camp and other leading authorities.

Los Angeles, Aug. 26.—There was nothing to it but Los Angeles yesterday, the Seraphs getting the jump on Harkness in the second inning for two runs and running the total up to seven, while the northerners were engaged in burying an acc. Big Chinault was sent to the front in the fourth inning and after that the locals were held on our run and two hits. Chinault would probably have beaten Tozer on the form he displayed in finishing up had he been sent into the game at the start.

Old Bol Pans Melson. Billy Reidy sent Lanky Nelson home yesterday. The torrid heat of Sacramento was too much for the Oakland southpaw. In the last game old Soi struck Nelson out, and he was of no more use to the Oaks this week. Nelson was glad to sniff the cool ocean breezes once more. He will be in condition to face the Angels next week at Recreation Park.

UNIVERSITY STARTS PUBLICITY BUREAU

(United Press Lessed Wire.)
Chicago, Aug. 27.—Because certain newspapers are alleged to have misrepresented Professors and students of the institution, the University of Chicago has just established an official bureau of publicity. The new bureau will officially begin its work October 1, and has been put in charge of J. A. Powell of the university press.

Some of the reasons given for the new move, which is said to be heartly favored by President Harry Pratt Judson, are that certain professors are being continually "hounded" by insistent reporters, and that a few of the newspapers claim that it is very difficult to get true information concerning the

LOCAL AVIATOR TO MAKE FLIGHTS

Gunited Press Leased Wire.1

Sacramento, Cal., Aug. 27.—The committe handling the plans for the Sacramento Realty day have come to terms with Lyman Gilmore, the Colfax aviator, who has agreed to make flights with his aeroplane during the progress of the coming fair.

According to the agreement, Gilmore is to make one flight a day. Gilmore constructed his areoplane in the mountains. It is radically different in a number of respects from other aeroplanes. One of the widest departures from the standard flying machine is a gyroscope, which the inventor claims will be the highest in the Aips, reaching an intitude of 9885 feet. Although old roads will be utilized, the 300 miles are expected to cost \$1,000,000 to build.

Welterweight Nearly as Good as Formerly.

Smith's purpose to reenter the prize and the former welterweight champlot is now working out daily in an effort is now working out daily in an effort to regain his old-time wind and cut a few inches off his expansive girth. For several months Billy has eschewed the foaming amber and the highly spiced viands and he is working hard to get into shape.

The other night Smith had a long workout with Tommy Tracey, the famous Australian weiter. Tracey put Smith through a hard half hour and when the mysterious one emerged from the fray, he was dripping with perspiration.

the fray, he was dripping with perspiration.

"Yes, I think Smith can get back again," said Tracey this morning. "We had a few rounds iast night and he is almost as fast as he used to be for short periods. He has worked a lot of the "hog fat" off and his waist is not nearly so large as it was three months ago. He tells me that he has been working out quietly for several months, has quit his old habits and sleeps regularly. These are the things that make me believe he can come back. I found him as clever as of yore and he still retains his old punch that made a lot of the good ones fade into dreamland.

retains his old punch that made a lot of the good ones fade into dreamland.

"Of course, there is a question as to whether Smith would stand any show with Ketchel in short of a year. He now weighs about 188 pounds, but his best fighting weight would be around 175. I really think Billy could administer the sleep potion to a lot of these fellows like Barry, Flynn, Jack Bullivan and that class of fighters."

Tracey, by the way, is preparing to reopen his Columbia Athletic club in the Exposition building about the first of the month. Tom has some 50 pupils to instruct in the manly art of self defense and the classes will be held Monday, Wednesday and Friday nights.

His wrestling classes will be under the direction of Billy Duffel, a competent wrestling instructor.

PROFESSOR SAYS SALUTE WHEELER

(United Press Leased Wire.)

Berkeley, Cal. Aug. 27.—Professor E.
M. Lewis, head of the department of
military science at the University of
California, occasioned much talk on the
campus today for his speech to the
sophomeres registered in the course,
when he told them to salute President
Wheeler whenever they passed him on
the campus. Lewis is quoted as having
said:

"The head of this university is entitled to more evident signs of respect than you make at the present time. The importance of his office justifies more attention being paid the man who fills it. Meeting the head of the university, it is your duty to give him the military salute, after the manner of ordinary military etiquests.

"You may possibly not like the man you are saluting, yet you have to remember that you are saluting the man for the office he holds, and not for himself."

ERIN'S FLAG FLOATS IN NEW YORK TODAY

(United Frees Leased Wire.)

New York, Aug. 27.—Erin's flag floats from the flagstaff of the Hoffman house today in honor of the national committeemen of the United Irish League of America who assembled at the call of President Michael Ryan of Philladelphia to discuss matters of importance in relation to the present work of the Irish movement.

The meeting likewise will be availed to bid "God speed" to Captain Edward Condon, a member of the committee who sails temorrow for Ireland where he will visit for a short time.

Condon was imprisoned at Manchester by the English authorities in 1867 for rescuing a prisoner from a prison van

Manager Mac has lines out for a couple of good ones, a pitcher and a first baseman from Louisiana.

Bob Wilner, who used to find the plate once in a while some years back for Portland and other northwest clubs, visits at the park every time he comes to town. Bob is now a resident of Pendleton.

Dashwood reminds us ever so much of Bert Whaling, who caught for awhile for the Beavers last year. No, he doesn't look like Bert, but his playing resembles Whaling's very much. Remember Bert?

Staton is nursing a sore dome. Billy got all set to field Dashwood's grounder yesterday, when the ball struck a clod and bounded against the Staton curpols.

If Fournier is to be used in the field he ought to be taught how to catch a ball. Had it not been for his good whip he would have lost Downie, whose fly he muffed. He winged Tommie out at second by a yard.

Dashwood was custard pie for Adams, Breen and Bassey, all of whom stole third on the ex-cutlaw. They seem to take delight in racing to the third angle on Dasher.

The Colts have not been above .486 in the percentage column this year, and if nothing happens the record will be broken before the series is over. They went down in the first disastrous week in Seattle.

Races at Vancouver interferred with the baseball crowds and the league transferred the games to Seattle, which appears to be a very good move from a financial standpoine.

Crocker's three bagger was more or less flukish. Kippert ran too far in on the ball. Crocker's swat was the first of the series, his trips to the plate numbering 15.

TO COLLECT \$15,000 FROM BIG CIGAR CO.

(United Press Lessed Wire.)

San Francisco, Aug. 27.—The custom office has made a demand upon the United Cigar company for \$15,000 which the government officials claim is due on importation of Manila cigars which it is alleged were admitted to America a few hours after the Payne tariff bill became operative. Following the passage of the bill Collector. Fraderick Stratton received a telegram from Washington to admit the stored cigars which under the law were supposedly on the free list. The cigars, it is alleged, were transshipped at Hongkong, and under a recent ruling of the treasury department only goods from the Fhilippines coming direct from the islands can be admitted free under the new tariff law. So far the cigar men are laughing. The stock, aggregating 250,000 cigars, has been mostly sold and therefore is not subject to seizure. The matter has been brought to the attention of Assistant Secretary Reynolds and he has ordered that the duty be collected. The cigar men contend that they acted in good faith and should not be taxed because of the alleged blunder of some official.

It is probable that a suit will be instituted by the government against the
