

PROBE GRAFT CASES IN CHICAGO

Officers Accused of Taking Blood Money in Court Today—Over \$1,000,000 Was Grafted From Divekeepers and Others Annually.

What is said to be a reliable estimate of the annual tribute paid for political and police protection by the gambling and disorderly element residing in one police division in Chicago places the amount at over \$500,000, apportioned as follows:

From hotels of questionable repute	\$65,000
From transient furnished rooms	26,000
From massage parlors—women operators	7,500
From handbooks	30,000
From Chinese gamblers	13,850
From operation of poker tables	45,000
From disorderly resorts	250,000
From criminals—bonds and protection	10,000
From concert saloons	70,000
Total	\$515,350

Chicago, Sept. 7.—Simultaneously today with the beginning of the trial of Police Inspector McCann, accused of grafting from resorts in the south level district of the city, State Prosecutor Wayman convened the September grand jury. The jury will probe further into the alleged grafting of police officials from resort keepers and investigate the charges with the view of ascertaining whether the authorities protected the vice centers. The outcome of the McCann trial will probably indicate the fate of Prosecutor Wayman's crusade against police graft in Chicago.

Chicago, Sept. 7.—What is declared to be the greatest vice probe ever instituted in any American city since the famous Lexow investigation in New York is expected to continue today in the trial of Police Inspector Edward McCann and Detective Jeremiah Griffin, which were called in the criminal court today. Astounding revelations concerning the extent to which tribute is alleged to be paid in Chicago for political and police protection by the gambling, hotel and disorderly element, are promised by those behind the prosecution of the police officials. This graft on the part of the police officials is declared to exceed \$1,000,000 a year and evidence is said to be at hand to prove conclusively that the "blood money" is shared among prominent city politicians.

Inspector McCann is charged with accepting bribes for the "protection" of certain illegal establishments on the west side, in which division of the city he was in command of the police department. Detective Jeremiah Griffin, who was known as McCann's right hand man, is charged with accepting a bribe and with obtaining money under false pretenses.

Army of Witnesses.
The indictments against the two police officials resulted from evidence placed before the July grand jury by District Attorney Wayman. A small army of witnesses gave evidence before the grand jury, among them those gamblers, resort keepers, proprietors of disorderly hotels and alleged "go-betweens." The testimony of these witnesses tended to show the existence of a system of vice protection on the west side, with a fixed scale of prices, paid

Opportunity Will Be Offered Boys to Select Life Work.

Following the lead of several prominent eastern industrial schools, the Portland Young Men's Christian association will this year install a vocational bureau, to help boys in selecting the life work for which they are best adapted. The department has been named "world's work," by E. C. French, educational director, and it will be the first bureau of its kind carried on by the Y. M. C. A. in any part of the United States.

There are now 500 boys enrolled in the association, and it is expected that its largest number of them will take the new course. Prominent business men are being secured who will explain to the boys the advantages and disadvantages of their respective callings. It is expected that the pupils will acquire a very good knowledge of the vocations that are taken up and that, with the aid of his instructors, will be able to choose an occupation in which he will be successful. To gain a more intimate knowledge of the mechanical industries, the boys will be taken through the various shops and factories of Portland.

Another innovation to be made by the Y. M. C. A. is the adoption in the boys' classes of the apprentice system, as it is known in the industrial world. This system has been a matter much discussed in educational publications and gatherings for the past few years. Most thorough trial has been given in the Pittsburgh high school, where its results have been favorable.

Under this apprentice system, boys enrolled in the industrial classes will be given the advantage of instruction both in the classroom and in the shop. A schedule will be made out, whereby the pupil will spend certain days in the classroom and other days will be employed at practical work with various firms throughout the city. The theory of the tasks taken up in the shops will be taught in the classroom, and the boys will get a clearer knowledge of their subjects than if all their time was devoted either to the practical or the theoretical side of the pursuits studied.

The apprentice system will be made practicable this year, because classes are to be held in the daytime as well as at night. In the past, the Y. M. C. A. has carried on its educational features only at night. The new system in both the boys' and men's divisions are busy outlining their work for the year, and the vocational bureau is being organized.

The system of graft is alleged to have been revealed to the grand jury in all its workings by gamblers, resort keepers and others who declared that they were controlling syndicate had forced them out of business when they refused to "stand for" increased assessments. The privilege of carrying on their illegal traffic in the police district precluded by Inspector McCann. One incident noted by a former resort keeper on Halstead street is said to reveal the simple method adopted by the syndicate to force the payment of tribute. A weekly assessment of \$50 had been paid regularly for some time, but when it was found that the place was doing an increased business the proprietor was notified that she must give up \$100 a week instead of \$50. This she refused to do and the result, so she said, was that her place was raided nightly by the police until it was forced to close.

Much White Slave Traffic.
The evidence laid before the inquisitorial body is also said to have contained many startling revelations concerning the extent to which the "white slave" traffic has been carried on in Chicago. This particular feature of the case, it is said, is to receive the attention of the August grand jury now in session, and many rumors are in circulation concerning a new batch of indictments to be returned.

While Inspector McCann is the only prominent police official to be indicted so far, it is hinted that a number of others of equal prominence in the department may have to stand trial as a result of District Attorney Wayman's investigations. On the south side, which includes that section of the city extending south to Twenty-ninth street, gambling houses, disorderly resorts, concert saloons and other illegal establishments are said to flourish in greater extent than in Inspector McCann's division on the west side.

Chicago Police Secure Two Letters Which Say Taft Will Be Killed.

(United Press Leased Wire.)
Chicago, Sept. 7.—The police have in their possession today two letters threatening the life of President Taft when he visits Chicago on his western trip. Extraordinary precautions are being taken.

Captain Porter of the secret service took little stock in the letters. He said: "These letters are from cranks and we are not even considering them seriously."

Despite this statement it is known that the Chicago police intend to take unusual precautions in guarding the president during his stay in this city.

SPANISH-AMERICAN WAR VETERANS MEET

Tacoma, Wash., Sept. 7.—Soldiers and sailors who served in the army and navy of the United States during the Spanish-American war are gathering in Tacoma in large numbers in readiness for the opening tomorrow of the sixth national encampment of the United Spanish War Veterans. In honor of the visitors the city is elaborately decorated and numerous features of entertainment have been prepared.

This afternoon the national council of administration met at the Tacoma hotel to complete the final details of the program. The opening session tomorrow will be purely routine, consisting of welcomes and responses, annual reports and encampment organization. Wednesday the great parade, the feature of the encampment program, will be held. Contests for national officers and for the best place of meeting are already occupying the attention of the delegates. A strong campaign is being waged to elect Colonel Edward J. Gihon of Massachusetts to the office of commander in chief.

CALIFORNIA DAY AT THE SEATTLE FAIR

Seattle, Sept. 7.—An address by P. A. Stanton, speaker of the California house, a band concert, a reception in the California building, free distribution of fruit and a ball in the Washington state building are some of the features of the California day program for Thursday.

The legislative committee of 21 members appointed by the state legislature will arrive in Seattle in time to participate in the exercises. Most of the members are accompanied by their wives, bringing the total number of California party to 35. A large delegation from various California cities will accompany the committee on its trip.

The exercises will include addresses by President Chilberg of the exposition, E. A. Nadeau, director general, P. A. Stanton, George M. Ferrine, speaker for the state of California, and Senator E. I. Wolfe of San Francisco.

MOORS IN SURPRISE ATTACK SURPRISED

(United Press Leased Wire.)
Melilla, Sept. 7.—Encouraged by their recent victories over the Spanish troops, 1500 Moors yesterday attacked the army of General Aguilera as it was marching on to Sokelarb and met with heavy losses, according to dispatches reaching here today.

Instead of surprising the Spaniards, as they expected to do, the Moors were met with a heavy fire and hundreds of their number met death. They were forced to retreat in confusion, while the victorious Spaniards marched on to their destination.

DIRECT PRIMARY TRIED IN OHIO

Columbus, Ohio, Sept. 7.—The direct primary law enacted by the last legislature is having its first test today in cities and towns throughout Ohio. Candidates for city, village and township offices to be filled at the November election are to be named at the primaries held by each party. Special interest centers in the result of the primary in the cities where candidates are to be named for mayor to succeed the late Leopold Markbreit.

Conditions of the Past Months Have Caused Much Suffering.

A Strong Reason Why People Should Know of the Tonic Treatment Which Cures Disease Through the Blood.

Although rheumatism is a disease of the blood, wet seasons are an exciting cause and especially are those who have had a previous attack liable to suffer from the disease at such times. This shows that the rheumatic poison was not driven from the system but was simply "kept down" by the treatment employed. When conditions favorable to the disease were met the trouble promptly reappeared.

The promise made for the tonic treatment of rheumatism is that its cures are permanent and that the patient does not have an attack of the same old trouble every year.

Mrs. A. G. Propat, whose address is Box 17, P. O. D. No. 6, Albany, Or., was cured by this treatment. She says: "Through overwork my health became run down and rheumatism followed. I was treated by two doctors for about two months but they did not give me much help. The rheumatism was in my limbs and so I could walk no more. At such times the pain would be so severe that I could hardly walk. I was not able to do much work for the longest time. Besides suffering from the rheumatism I was troubled with nervousness. I was dazed very often and would see black specks before my eyes. The doctors told me that my circulation was poor."

"When I read in a paper that Dr. Williams' Pink Pills had cured rheumatism, I decided to give them a trial. I began to feel better during the first week and continued using the pills. I gradually grew stronger, the dizziness disappeared and I have had no return of the rheumatism. The doctors' match was broken and I could walk again."

A booklet, "Diseases of the Blood," will be sent free to any sufferer from rheumatism upon request. Write for a copy today and learn how to cure yourself.

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine company, Schenectady, N. Y.

TINY PINK BABY CAN WEAR RING AS ANKLE ADORNMENT

(United Press Leased Wire.)
San Francisco, Sept. 7.—A baby girl weighing just a pound and a half, believed to be the smallest child in California, was discovered today under the care of Mrs. W. A. Parks, 5281 Sanchez street, in this city. The infant is the daughter of Mrs. Charles Walter, who because of her duties in a hotel, has been compelled to place the baby in the charge of Mrs. Parks.

So tiny are the feet of the wee bit of humanity that a finger ring can be easily passed over the foot to encircle the ankle.

PRISON CAT KILLS HOWLING CANINE

(United Press Leased Wire.)
San Francisco, Sept. 7.—Chief Cook, the big pet cat of the city prison, while suffering from whooping cough contracted from a child, last night attacked and killed a poodle which was incarcerated in the jail while two women settled the matter of its ownership in the court. The canine belonged originally to Mrs. Emily Weber and she gave instructions to the policemen to feed the dog in the prison. The dog were carried out and the animal howled from acute pains supposed to have been inflicted by the cat. The cat was then taken to the kitchen and the animal howled from acute pains supposed to have been inflicted by the cat. The cat was then taken to the kitchen and the animal howled from acute pains supposed to have been inflicted by the cat.

RING MAY BE CLUE TO LITTLE'S SLAYER

(United Press Leased Wire.)
Reno, Nev., Sept. 7.—A gold band came from Reno today near the spot where the mutilated body of Robert Little was discovered murdered recently. It is believed by the police today to be a probable clue that may lead to the apprehension of the slayer of the young collector. The ring was covered with flecks of blood and was broken.

Sullivan, who was the last man seen with Little, is under arrest while the police continue their investigations. The man with whom Little was seen some of his time is in custody, although there is no evidence to connect either man or woman with the crime.

DR. LAMPE NOW SAYS WIFE DID NOT SHOOT

(United Press Leased Wire.)
San Francisco, Sept. 7.—Dr. V. Alvin Steinhardt, of the firm of Steinhardt & Kelly of New York city, the only firm in the United States importing apples from foreign countries, today declared that he signed a statement exonerating his wife from all blame and declaring over his signature that the affair was purely accidental in character and she was blameless. He has steadfastly declared that she shot him but through out he has persisted in not making any explanations of the conditions which led up to the shooting. Formal charges will be made against Mrs. Lampe in court, and her attorneys will try then to arrange for her release.

MAY PURCHASE THE ENTIRE APPLE CROP

(Special Dispatch to The Journal.)
Hood River, Or., Sept. 7.—Joseph Steinhardt, of the firm of Steinhardt & Kelly of New York city, the only firm in the United States importing apples from foreign countries, today declared that he signed a statement exonerating his wife from all blame and declaring over his signature that the affair was purely accidental in character and she was blameless. NO ORDER BY TAFT TO ARBITRATE STRIKE

(United Press Leased Wire.)
Beverly, Mass., Sept. 7.—It has been officially denied that President Taft ordered the Pressed Steel Car company of Pittsburgh to arbitrate its differences with the 5000 strikers' workmen. It is declared that the matter has not been brought to the attention of President Taft and that he has in no way interfered.

BRAGANZA-STEWART BANNS PUBLISHED

(United Press Leased Wire.)
London, Sept. 7.—The marriage banns for Prince Miguel of Braganza and Miss Anita Stewart of Chicago have been published in the parish church at Dyngwal, Scotland. The wedding is to take place in three weeks.

It is reported here that Mrs. James Henry Smith, widow of "Silent Smith," has settled a million dollars on the prince.

Miguel is the eldest son of Duke Michael, pretender to the throne of Portugal. The prince gave up his claims to the succession before becoming engaged to Miss Stewart. The wedding will take place at the Castle Dyngwal, in Tullach.

RAILROAD SPECIAL COMES TO PORTLAND

A Pennsylvania railroad special of seven cars which will carry a party of 100 people is due to arrive in Portland September 14 and spend the day here. The party is one of the special "seeing America" tours of the Pennsylvania and left St. Paul September 5. They will spend five and a half days in the Yellowstone Park and arrive in Portland at 2:30 a. m. September 14, over the North Bank and Northern Pacific. The party will leave Portland at midnight the following night for Seattle.

It Saved His Leg.

Postum

Try it yourself—

"There's a Reason"

Postum Cereal Co., Ltd., Battle Creek, Mich.

FOUND A WAY To Be Clear of the Coffee Troubles.

"Husband and wife both had the coffee habit and finally his stomach and kidneys got in such a bad condition that he was compelled to give up a good position that he had held for years. He was too sick to work. His skin was yellow, and I hardly think there was an organ in his body that was not affected."

"I told him I felt sure his sickness was due to coffee and after some discussion he decided to give it up."

"It was a struggle, because of the powerful habit. One day we heard about Postum and concluded to try it and then it was easy to leave off coffee."

"His fearful headaches grew less frequent, his complexion began to clear, kidneys grew better until at last he was new man altogether, as a result of leaving off coffee and taking up Postum. Then I began to drink it too."

"Although I was never as bad off as my husband, I was always very nervous and never at any time very strong, only weighing 95 pounds before I began to use Postum. Now I weigh 115 pounds and can do as much work as anyone my size, I think."

"Many do not use Postum because they have not taken the trouble to make it right. I have successfully fooled a great many persons who have drunk it at my table. They would remark, 'You must buy a high grade of coffee.' One young man who clerked in a grocery store was very enthusiastic about my 'coffee.' When I told him what it was, he said, 'Why, I've sold Postum for four years but I had no idea it was like this. Think I'll drink Postum hereafter.'"
