SPRECKELS QUILTS LEAGUE; SAYS IT IS AGAINST HENEY

(United Press Leased Wire.) San Francisco, Sept. 15.—Rudolph Spreckels today issued a statement in which he said he had quit the Good Government league in the local political fight, because it endorsed Coroner Leland for mayor and Sheriff Dolan for reelection. He said: "I have quit the Good Government league because I for one did not want to be held responsible for what Leland and Dolan may do in the event of their election. By endorsing Leland and Dolan the Good Government league has made itself responsible for McNab's men. I could not stay with the league and have people come to me six months or a year from now and say, 'See what you have given us.' The people naturally expect that candidates put up by the Good Government league shall be free from boss domination; shall be men with clean records; men who have never affiliated with or been subservient to boss rule. "Leland and Dolan are McNab men pure and simple. McNab is the Herrin of the Democratic party. It's an old

game worked in every big city in the country. The corporations and moneyed interests have control of both parties. It makes little difference to Calhoun and the Southern Pacific railway whether Herrin or McNab wins. The control of municipal government remains in the same hands. "The members of the executive committee know that I opposed Leland and Dolan from the start and that I advised the leaving of their places blank rather than burdening the league with the responsibility for what those men may do if elected. I have little faith in anti-election promises of such machine politicians. The executive committee of the league has been hoodwinked. "The executive committee of the league contends that the endorsements of Dolan and Leland were in Henev's favor. Henev's candidacy for district attorney, as the aid gained through the alliance would be a strong factor in Henev's favor. Spreckels says he disagrees with the league on this point, and that he will devote himself to Henev's fight exclusively.

well known to his business associates, but had played no role in society. "The marriage made in New York society in the winter of 1905. Last year she remained with her mother abroad, and first met Dom Miguel of Braganza in Paris last spring. "Dom Miguel is an officer in the Austrian army, though a Portuguese and a descendant of the royal line of the kingdom through his grandfather, Miguel, prince of Portugal, brother of the Dom Pedro who renounced the succession and became first emperor of Brazil. Miguel, the grandfather, was actually king of Portugal from 1826 to 1828. "Dom Miguel, the bridegroom of today, was born at Riehenau, Lower Austria, September 22, 1876. His mother, was Elizabeth of Thurn and Taxis. Dom Miguel is a familiar figure in London society, and is also well known in Paris and he has many American friends. One of his aunts is the wife of Charles Louis, Archduke of Austria, and another member of the Sochi (Kawakami) brother of old Don Carlos. Other alliances of his family are with the royal house of Bavaria and the ducal houses of Parma, Luxembourg and Austria.

JAPANESE KILLED IN ROW OVER POLITICS

(United Press Leased Wire.) Tokio, Sept. 15.—A large assembly which had gathered today to celebrate the tenth anniversary of the founding of the Seiyukai constitutional party was thrown into a panic when a well known member of the Sochi (Kawakami) became infuriated and with one blow of his dagger murdered another man, a member of the Sochi party who had entered into a heated political discussion with him. "It was some time before the people could be quieted so that the ceremonies could begin. "The principal speaker at the celebration was Marquis Kimochi, who had led the party since 1903. In his address he said a constitutional government in Japan would be useless without a strong political party with noble, unselfish principles to support it.

FIVE OPIUM DENS RAIDED AT STOCKTON

(United Press Leased Wire.) Stockton, Cal., Sept. 15.—Five opium dens were raided here last night by Dr. G. D. Evans, inspector for the state pharmacy board, who was accompanied by Sheriff Sibley and two of Pratt's assistants. Opium and pipes to the value

of \$1000 were collected in the resorts and the owners of the places, including two white men, were arrested. The raid has created a big sensation in Stockton. Dr. Pratt is quoted as saying that the dens have been receiving police protection. The city authorities were ignored and were given no information concerning the raid until it was all over and the denizens of the resorts safely locked up. "Dr. Pratt has been investigating for the past six weeks the succession and reported to District Attorney George Noble that he has seen a member of the police force receive money from the divekeepers. "Dr. Pratt declared today that some startling revelations would result from the raid of the dens, which, he said, were as bad as any in the state.

MAY HOLD SPECIAL ELECTION IN YAKIMA

(Special Dispatch to The Journal.) North Yakima, Wash., Sept. 15.—"Action in Yakima county looks to the calling of a special local option election here soon," says Assistant Superintendent W. J. Herwig of the Anti-Saloon league, who is doing field work in the county. The anti-saloon people are confident that they could carry an election if it were called. Of the 13 special elections which have been held since the law went into effect, 10 have been won by the anti-saloon party.

Crown Prince 5 Years Old

Rome, Sept. 15.—Humbert, prince of Piedmont, prospective heir to Italy's crown and as the king's only son the sole hope of the nation, celebrated his fifth birthday today. The event was observed throughout Italy with considerable enthusiasm. The city is handsomely decorated and a holiday spirit pervades every part of the kingdom, partly in anticipation of the anniversary of the occupation of Rome 35 years ago, which will be celebrated five days hence.
