

Speedy Steeds and Cattle of Degree to Be at Portland Fair This Week

STATE DIVISION MEETING CALLED

Enraged Los Angeles Invite Delegates to Assemble October 5.

(Special News by Longest Leased Wire.)
 Los Angeles, Sept. 18.—State division of California will be formally considered by representatives of local bodies at a convention to be held in this city Tuesday night, October 5. The date for the convention was fixed today by the committee selected at the recent mass meeting of citizens and taxpayers to protest against the increased assessment of Los Angeles county by the state board of equalization.

Requests will be sent at once to eight local civic bodies requesting each to select 10 delegates to attend the coming convention, which in all probability will be held in the Chamber of Commerce building.

The convention will be composed of 90 delegates. The local organizations that will be asked to send representatives to the convention are the Los Angeles realty board, chamber of commerce, city club, Merchants and Manufacturers' association, Southern California State League, Los Angeles Jobbers' association, Municipal League, and Credit Men's association.

The committee issuing the call for the convention will have seats in the convention as representatives of the citizens and taxpayers' mass meeting held 10 days ago.

At today's meeting, Councilman A. J. Wallace was elected chairman, with Bascom A. Stephens, member of the Southern California State League, as secretary.

have been sent out by Tom Richardson to all of these people and many will attend.

 - 2:30 pace, consolation, \$500
 - Wednesday, Sept. 22—Portland Day.**
 - 2:25 pace, \$500
 - 3-year-old pace, 2:20 class, Valley purse, \$500
 - 2:15 trot, Boone's purse, \$300
 - Thursday, Sept. 23—Willamette Valley, Grocers' and Butchers' Day.**
 - 2-year-old pace, Manufacturers'

BURIED FIFTY YEARS; BODIES RECOGNIZED

Boise, Idaho, Sept. 15.—The task of removing the bodies from the old city cemetery to Morris Hill cemetery has been completed. The contract under which the work was done called for the exhuming of 32 bodies, but as only the graves marked were taken into consideration the definite number was not known and upon the completion of the work it was found that 52 bodies had been removed from the old burying ground, which was used from 1850 to 1885.

The ground from which the bodies were taken was dry and hard and the bodies consisted only of dry skin and bones although the hair of many was in perfect preservation, one especially being a Chinaman, who had a wonderfully long queue which was in as good condition as at the time of the burial. Another exceptional case was that of a boy who had a massive head of black hair which was parted evenly over a dry skull which almost crumbled when it was moved. Many of the bodies moved could not be identified although a number could be recognized by their clothes, which were well preserved in most instances.

Tomorrow (Monday) is positively the last day for discount on east side gas bills. Read "Gas Tips."

The upper left is the yearling Shorthorn bull King Lancaster, winner of the grand championship at the California state fair this year. You will see him at the Portland show. The upper right is Golden Fern of Irmalia, grand champion female among Jerseys at the California state fair. She is coming to Portland. The center group is a herd of prize-winning cattle. The lower picture is Kid Wilkes winning the fast trot at Sacramento. He will be seen at the fair track this week.

Monday's Race Program.
 2:25 trot, purse \$300—Paul W. b. g., by Zombro, Sawyer driver; Zom Del, gr. g., by Zombro, De Ryder, driver; Willie Mars, b. m., by Courier, Erwin, driver; Gladis O'Neil, b. m., by Parole, Davis, driver; Zom Oak, b. g. by Zombro, Star, driver; Rastus, b. g. by Ora G. Brooker, driver.

2:12 pace, purse \$800, Open River purse—A. E. b. m. by Zombro, S. S. Bailey, Albany, Or.; Dan S., p. r. by Athol, F. E. Ward, Los Angeles, Cal.; Mottix, b. s. by Azmoor, Mrs. F. M. Chadbourne, Pleasanton, Cal.; Judge Dillard, b. s. by Hal Dillon, Frank Childs, Spokane, Wash.; Leolo, b. m. by Westfield, Frank Franzler, Pendleton, Ore.; Whitehall, gr. g. by Cooper King, Barreau & Dawson, Boulder, Mont.

Half-mile dash by Portland Hunt club, cup given by J. H. Porter, Call Bond, E. Oppenheimer, Mike Wisdom, William Walter, Lady Myrtle, D. A. Paulto, Oregon Maid, S. B. Loewenberg, Buster, James Nichols.

Half-mile dash for polo ponies, for cup given by Portland Fair and Livestock association—Dick, Lieutenant, C. McBride, Vancouver, Wash.; Nell, E. S. Wheeler, Polly, Captain Leroy S. Lyon, Beas, and Henry H. D. Oremerman; Lucy, J. L. Devers; "31," E. M. Barrows.

Three-quarter mile dash for running horses.

Charlot race.
 Charlot entered in the 2:25 trot will face the starter in the first race Monday afternoon at the Portland Fair and Livestock association race meeting and livestock show. Behind these six horses will be six well-known drivers, some of them old grand circuit drivers. With this event as an offering the race meeting will be on.

Great Show of Livestock.
 Yesterday at 1 o'clock 102 cars of livestock left Denver and Salem for Portland. It required 22 cars and three engines hauling them to get the Salem stock to Portland, while another special train is bringing 12 cars of fine cattle from the Denver stock show, which closed last night. These trains have livestock valued at many thousands of dollars on board and many a worry will bother the owners before the trains finally reach the siding at the fair grounds east of Rose City park and the cattle and horses are unloaded.

At the big stock barns over on the west side of the fair grounds will be housed the livestock which will compete in the competitive judging. Horses of all breeding, cattle of all breeding, sheep, goats and pigs will occupy places alike. The pig will for once in his life be at least partially clean, more through the fact that he cannot possibly find any dirt around the barns, than that he prefers cleanliness.

Judges will begin work on some of the classes early Monday morning, but most of them will be held open awaiting the coming of the Denver cattle, which, while on their way, will not reach here till Tuesday morning. Judging on them will commence at noon Tuesday.

Scenes on Home Stretch.
 The "Home Stretch" also is ready. This is a new venture for many Monday race meetings—this evening's entertainment furnished by the fair management. This will be shown Monday evening. Fireworks, chariot races, buddy riding broncho contests and other free attractions have been arranged for to take place in, or near the "Home Stretch," as the amusement park has been named.

"Home Stretch" is to be open every evening during the judging at the livestock show. While to an enthusiastic horseman an evening with the horses is plenty, to the average person the horses receive a casual glance and then some other attraction is demanded. To satisfy this class of people, the new venture for many Monday race meetings has been built. It will come blue some of the classiest shows at the Seattle fair, a number of the desks, the entire amusement park from Salem and other features.

All Special Days at Fair.
 The committees in charge of the different days at the fair have been working hard. Special programs have been arranged for many of these days, while on others just a general good time is planned. Monday, "Hunt Club Day" is to be emphasized by the members of the Portland Hunt club, appearing in two races. A large attendance of Portland Hunt club members is expected to help start the fair along, as well as regular attendance at the races.

Tuesday is Fraternity, Business Bodies and Button Day. A large committee, of which City Auditor A. L. Barber is the chairman, C. C. Bradley is secretary, and Gus Miller one of the most prominent members, is in charge of the fraternal organizations' part of the day, and as their share are planning on an attendance contest. A bronze tablet is to be placed in the grand stand, favoring the record of the lodge having the largest attendance in proportion to its membership. The December 1st attendees are to be booked as they enter and a complete record kept. Each one will wear a badge with the word "Fraternal-

ism" on it.

"We expect a fine time as our part of the day," said Gus C. Mosher. "We are not planning on any special program addition, but will try to get as many of our members out as possible, get acquainted with the members of the other lodges in the city and enjoy the races. We have had several large and enthusiastic meetings since the committee was appointed and the plans are well laid. Each lodge is to strive hard for the attendance honors and the attendance should run high."

Wednesday is Portland Day.
 In the afternoon many of the leading merchants in town have agreed to close shops and let their employees attend the races. The banner attendance of the whole week is looked for on that afternoon.

Thursday, Willamette valley Grocers' and Butchers' day will be given over to the residents of this community and to the people who supply us with bread

and meat. Special sports will be held that afternoon in which the two factions will participate. Special races have been granted by the Southern Pacific and Oregon Electric for all points before the Willamette valley people, and a large crowd of Columbia river men will be in attendance as to be

Keep the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sick room. His body is covered with disease germs.

Do not allow decaying material of any sort to accumulate on or near your premises.

All refuse which tends in any way to fermentation, such as bedding, straw, waste and vegetable matter, should be disposed of or covered with lime or kerosene oil.

Screen all food, whether in the house or exposed for sale.

Keep all receptacles for garbage carefully covered and the cans cleaned or sprinkled with oil or lime.

Keep all stable manure in vault or pit, screened or sprinkled with lime, oil or other cheap preparations, such as are sold by a number of reliable manufacturers.

See that your sewage system is in good order; that doors which lead in, up to date and not exposed to flies.

Turn up kerosene into the drains.

Screen all windows and doors, especially in the kitchen and dining room.

See that your breeding place may be kept free from flies. It may be behind the door, under the table or in the cupboard.

If there is no oil and with there will be no flies.

There is a nuisance in the neighborhood write at once to the health department.

To Kill Flies.
 The London Lancet, the leading medical journal of the world, says that the best and simplest fly killer is a weak solution of formaldehyde in water (two teaspoonfuls to the pint). Place in plates or saucers throughout the house. Ten cents' worth of formaldehyde will last ordinary families all summer. It has no offensive smell, is fatal to disease organisms, and is practically non-toxic to insects.

"Pyrethrum powder, which may be bought at any drug store, burned in the house will also kill flies."

Children May Help.
 Children may help to keep flies from swarming in and around houses, and from carrying germs of sickness from one person to another. In the first place, they should not buy candy, fruit or other food which is left in front of stores or anywhere else where flies may feed and walk on it. Flies lay their eggs chiefly in stable manure, and if this is left without screens or other covers to keep the flies away, great numbers will be hatched in every stable. If you know of stores where food is not covered from flies, or of stables that have swarms of them around, get your father or mother to write to the board of health about them, and the board will make the storekeepers or stablemen obey its rules. But before you report other people for being careless and dirty, and so making it possible for flies to become a nuisance, be sure that your own house is clean, and that no garbage cans or boxes are left uncovered to attract flies.

If you and all the people you know will follow this advice, there will not be nearly so many flies to plague you in hot weather, and there will not be nearly so much sickness and death, especially among children, as now.

Following is the text of the card:

Keep the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sick room. His body is covered with disease germs.

Do not allow decaying material of any sort to accumulate on or near your premises.

All refuse which tends in any way to fermentation, such as bedding, straw, waste and vegetable matter, should be disposed of or covered with lime or kerosene oil.

Screen all food, whether in the house or exposed for sale.

Keep all receptacles for garbage carefully covered and the cans cleaned or sprinkled with oil or lime.

Keep all stable manure in vault or pit, screened or sprinkled with lime, oil or other cheap preparations, such as are sold by a number of reliable manufacturers.

See that your sewage system is in good order; that doors which lead in, up to date and not exposed to flies.

BOSTON OPPOSES SPOKANE RATES
 Boston, Sept. 18.—The Boston chamber of commerce has adopted resolutions condemning the proposed Spokane freight rates. It was voted to send delegates to the hearing at Spokane September 23, and to file a petition at once a petition of intervention at Washington.

Every Man Read This
 This treatment is said to have acquired a wonderful reputation throughout the East, owing to its peculiar propensity to fortify the nerve force and generate health and a consequent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous and who have trembling of the limbs, dizziness, heart palpitation, cold, rheumatism, insomnia, fear without cause, timidity in venturing and general inability to act rationally as others do. Also of great value to writers, professional men, office workers and the victims of society's late hours and over-indulgence in wines, liquors, etc.

By preparing the treatment at home secretly, no one need know of another's trouble, while the ingredients are much used in filling various prescriptions, so that even the purveyor of the medicine need occasion no timidity.

If the reader decides to try it, get three ounces of ordinary syrup sarsaparilla compound, and one ounce compound fluid halmwort, mix and let stand two hours; then set one ounce compound essence cardiol and one ounce of the compound essence compound (not cardamom), mix all together, shake well and take a teaspoonful after each meal and one at night.

This contains no opiate whatever and may also be used by women who suffer with their nerves with absolute certainty of prompt and lasting benefits.

COMES TO PORTLAND IN ORDER TO HAVE A CANCER REMOVED
 Wealthy Idaho Mining Man Comes to Take the New Treatment.

Many Oregon people who know Judge John T. Thompson, the big Idaho mining man, will be glad to know that he is a Portland visitor, but they will regret to learn that his visit here is neither for business nor pleasure, but for the purpose of having a cancer removed.

Judge Thompson has had a varied career, with many ups and downs, and for years prospected through practically all the Rocky mountain region, with little or no success, until 15 or 16 years ago, when fortune smiled upon him and he struck the mine he now owns and has made him very wealthy.

Last night an interviewer Judge Thompson said:

"For many years I have had neither money nor physical ill, but now have both, and am free to confess that I prefer my former condition, after I have suffered intensely for over 5 years from a cancer, which lately has been worse than ever as the result of an operation on it last year in New York city. Both myself and my regular physicians have been following the methods secured by the removal of cancer by the methods which the specialists of the American Cancer company discovered in the east last winter, and when I saw in the papers that they had opened offices in Portland at 11 Raleigh building, Sixth and Washington streets, I decided to come here at once, as an old friend of mine living in Salt Lake City was just about three months ago for the purpose of taking this same treatment for cancer, and returned home after having the cancer entirely removed. All the physicians in the east who saw the cancer after it was removed declared that every particle of it had been taken out, and that my friends would be immune. This decided me to come to Portland at once, and I feel confident of the result."

The judge thinks Portland a great city and says that Oregon has a great future before it.
