LITTLE GIRL WHO TURNED IN ALARM

Esta Hood.

Little Esta Hood, the 12-year-old girl who saved her neighborhood from a disastrous fire, is none the worse for her chilling experience. Barefooted and in her night clothes she ran from her home on East Grant street for five blocks to turn in the fire alarm which the others in their excitement had forgotten.

The fire started in the Hood home at 2 o'clock in the morning, and it was by little Esta's prompt action that it was brought under control before it could spread to the frame buildings surrounding it.

MATHEWSON PROBABLY IN LINE FOR HONORS

With the remarkable record of only five games lost out of 29 pitched, in which he was chargeable for the result, Mathewson of the Giants is the most likely candidate for the major leagues' pitching honors this season. Christy has not been called upon so often this season as last to relieve other distressed twirlers, having taken part in only 33 games all told, four of which had no bearing upon his own record. The National league list of leading dozen pitchers, which he heads, is entirely divided among three clubs, Pittsburg and Chicago each capturing five places, and New York two.

Harvard Squad Is 51 Strong.

Cambridge, Mass., Sept. 21.—The Harvard football squad now numbers 51 players. Nearly all of the veterans have reported for duty and a quantity of promising new material is receiving the attention of Coach Haughton. The biggest problem now before the coaches is the development of a first class quarter back. The only likely candidates thus far for this position are O'Flaherty, who was a substitute end last year, and Wigglesworth, who was last season's freshman quarter.

INTENDS TO START BUSINESS WITH FUND BEING SUBSCRIBED

N. W. Chapin Lost Leg While Working on Building.

The loss of a limb does not, in these days, incapacitate a man from earning a livelihood, and this is exemplified in the case of N. W. Chapin, engaged in the work of selling papers on the street. Three years ago Chapin, who is a carpenter, was at work on the Swetland building and was caught under a falling timber with the result that tuberculosis of the bone set in in his right leg. The leg was amputated about two inches above the knee, but did not heal so another amputation was deemed necessary. This time the stump was reduced two inches more in length, since which time Mr. Chapin has been able to get around with the aid of a crutch.

A short time ago several citizens interested themselves in behalf of the afflicted man and have been circulating a subscription paper with the intention of raising the sum of $250. With this sum it is designed to equip him with a popcorn wagon or cigar stand. Up to date about half of the desired sum has been subscribed.

Subscriptions will be acknowledged by Edward Holman and associated with him in the enterprise is William Ladd.

Chapin is the support of three small children. About a year ago his wife left him, as he presumes on account of his disability. He is of a cheery disposition and takes things philosophically, saying that there is always a way for a man to make a living if he only applies himself to the task.

N. W. Chapin.—Photo by Bicknell.

Relieves Headache.

Horsford's Acid Phosphate relieves nervousness caused by impaired digestion, wakefulness or overwork.

CHINESE AVIATOR TO ATTEMPT FLIGHT

(United Press Leased Wire.)

Oakland, Cal., Sept. 21.—The first known Chinese aviator in America to construct an airship is Fung Joe Guey, who is preparing to attempt a flight with an aeroplane of his own construction in the Piedmont hills within a few days. The aeroplane has just been completed and the engines are being put in.

Fung already has a reputation as an inventor of electrical machines. He is soon to leave for China, where he will head a company organized to generate electricity from water power.

Fung became known outside the Chinese quarter last year when he examined and exposed a wireless telephone fake. The inventors of the alleged wireless telephone declared it worked without wires. Fung examined it and soon discovered that connecting wires ran from one instrument to the other. He told the police and his expose effectually broke up the scheme.

Free to Men.

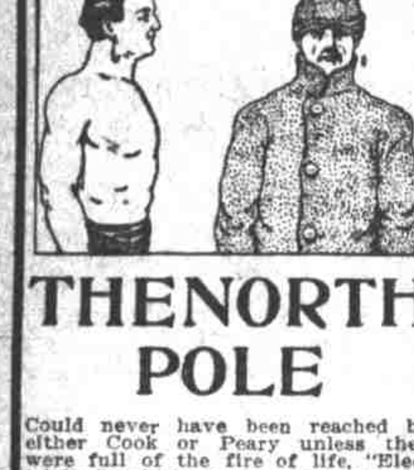
Special inducements to homebuilders. LOTS $500 UPWARD. Street improvements included. Terms are easy.

HARTMAN&THOMPSON

Chamber of Commerce



THE NORTH POLE

Could never have been reached by either Cook or Peary unless they were full of the fire of life, "Electricity," which means a normal circulation. If you catch cold easily, if you suffer from numbness and cold extremities and find it difficult to keep warm, you are a victim of poor circulation. Your blood is thin, unnourished, and your heart has not enough energy to pump the life fluid with sufficient force to keep the body warm.

You need Electro-Vigor. It will fill your blood with the fire of life—Electricity. It gives strength and energy to the heart, causing it to send the blood coursing through your veins with increasing vigor. It makes the blood rich, red and warm. Electro-Vigor drives rheumatism out of your body. It cures pain and disease by removing the cause and helping nature restore health.

Electro-Vigor is an electric body battery, applied while you sleep. It never needs charging, for it makes its own power. It does not shock or blister—just a gentle, soothing glow, which imparts warmth and vigor.

Cut out this coupon and bring or mail it to me for my 100-page illustrated book, which tells all about my modern method of electric treatment.

Call if possible. Consultation free. Office hours: 9 a. m. to 8 p. m.; Sunday, 10 to 1 p. m.

MEN'S AILMENTS THOROUGHLY CURED

Consult Me First

Even though your case may be one that some other doctor is able to cure and though his cure be absolutely thorough and permanent, there is yet good cause for your coming to me for treatment. The service I render is entirely unlike and better than the ordinary. I have devised new and scientific methods of treating men's ailments in all their phases. I cure cases that others cannot cure, and cases that others can cure I cure in less time and without pain or possibility of injury. All my forms of treatment have been perfected along the lines of nature's requirements and are in exact harmony with the natural recuperative forces. Therefore, my cures are painless, prompt and thorough.

Contracted Ailments

The serious results that may follow neglect of Contracted Ailments could scarcely be exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of these disorders than any other physician upon the Pacific Coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising and my treatment is equally effective in both recent and chronic cases.

I Treat Men Only

The vast multitude of men who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely that my treatment is as certain to cure as it is that my patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To male maladies alone I have earnestly and exclusively devoted 25 years of my life, and on them all my faculties are concentrated.

DR. TAYLOR, The Leading Specialist.

MUSEUM OF ANATOMY

The Human Body in Wax Reproductions

FREE TO MEN!

Examination Free

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. If impossible to call, write. Hours, 9 a. m. to 9 p. m.; Sundays, 10 to 1.

The DR. TAYLOR Co.

234½ Morrison St., Corner Second, Portland, Or.

Lack of Virility or Vital Power

Is one of the most depressing and important conditions with which physicians have to deal. The nerve origin being in the lower brain, the medula oblongatia and medulla spinalis, and center of the lumbar enlargement, as well as the glandular and muscular apparatus, remedies must be used with these facts in view, and it stands to reason that treatment of these important centers should not be entrusted to quacks or experimenters.

If you have an ailment of the delicate or sensitive centers, come and talk your case over with me. If after a thorough examination and understanding of your case I find it to be incurable, I will frankly tell you so and not cause you to spend time or money. I will not charge you a cent for any information I may be able to give you, and if you feel convinced that I am the right man to handle your case I will do so on eminently satisfactory terms to you if the case is curable.

NOT A DOLLAR NEED BE PAID UNLESS CURED

Young, Middle Aged and Old Men Cured Quickly

I Advertise What I Do and I Do What I Advertise.
REASONABLE FEES—SPEEDY RESULTS—GUARANTEED CURES

If you suffer from any Disease or Weakness caused by excesses, Sedentary Habits or any form of dissipation, come and get my advice FREE. Do this, no matter who has advised you or treated you, for I have a POSITIVE CURE for every such a curable case. It is because I have cured my patients that I today enjoy the largest practice of any one physician or specialist in Portland.

Impoverished health and age go badly together, and the older you get the more difficult is the task of righting physical wrongs. A man of words and not deeds is like a garden full of weeds. If you need help get THE "TODAY HABIT."

When a man commences to get old at 40 or 50, you know he is on the wrong track, and something unnatural is behind the case. By methods distinctly my own I cure to stay cured forever—Varicose Veins, Hydrocele, Vital Weakness, Blood and Skin Diseases, Kidney and Bladder Disorders, Ulcers, Sores, Painful Swelling, Burning, Itching and Inflammation, Nervousness, Loss of Strength and Vitality and all Special and Delicate Disorders of Men.

I am the oldest and most successful specialist in diseases of men on the coast and my fees are very much less than you would pay for inferior service. Medicines furnished from my own laboratory, $1.50 to $6.50 per course. If you cannot call, write for particulars. Many cases are curable at home. Hours 9 a. m. to 8 p. m. Sundays 10 to 12.

ST. LOUIS MEDICAL CO.

DR. WING LEE

The Great Chinese Doctor

LOCATED IN PORTLAND SINCE 1880

He is called the great because he cures all diseases without resorting to the knife. Call and have a free examination. He will tell you the exact nature of your trouble. He treats successfully every form of female complaint, all private and blood diseases, cancer, paralysis, tumors, rheumatism and all disorders of the stomach, liver and kidneys. He has had great success in curing consumption when the victim is not too much run down by the disease, and will stop hemorrhages in an incredibly short time. He brews his own medicines from Chinese roots, herbs, buds, barks and vegetable teas, all of which are entirely harmless, and whose medicinal properties are unknown to American doctors. He used in his practice over 500 different Oriental remedies. Hundreds of testimonials from grateful patients.

WEATHER REPORT

The disturbance yesterday north of Montana has moved rapidly southeastward to Kansas, and the tropical storm has moved north to Arkansas. A new high pressure overlies the north Pacific states and the Atlantic high pressure area is moving slowly eastward. Light rains fell yesterday in the north Pacific states and at scattered places in Montana, Wyoming, the Dakotas and Minnesota. Heavy rains have fallen in the lower Mississippi valley and lighter amounts are reported in the east gulf states. It is much colder in Oregon and southern Idaho and correspondingly warmer in the upper Mississippi valley, upper Michigan and in portions of the Atlantic states from New York south to the Carolinas.

The indications are for fair weather in this district tonight and Wednesday, with heavy frost tonight in eastern Oregon and southern Idaho and light frost in eastern Washington, northern Idaho, and southwestern Oregon except near the coast.
