WHITMAN SCRAPS TESTS OF BRAWN

Old Time Battles of Wits Must Give Way to New Orders.

(Special Dispatch to The Journal.)
Walla Walla, Wash., Sept. 24.—No more will class scraps at Whitman college consist of battles of brains, the contests will be merely brawn. Neither will they be conducted at all times of day and night, at any time class rivalry may happen to break out. Hereafter they will be quiet, well regulated and orderly, mere tests of brawn. So it was decided at the meeting of the Associated Students of Whitman college yesterday, and despite the fact that the freshmen and sophomores voted solidly against the measure, it was passed.

In times gone by the scraps have developed many unique and interesting phases. Once was a hole cut in the roof of Whitman memorial building to permit the flag to be hung from the tower. Once was a flag shot to pieces by a rival class, while its owners huddled in the tower of the conservatory building, once did the members of a class lie flat in a wagon, concealed by a canvas, and while the guarding class was unsuspecting, drive to the flag pole and one of the members "shinned" up and burned the flag. But all this is no more, and the historic encounters of freshmen and sophomore have passed into history forever.

Well defined and strict are the rules Teaching children have more or less diarrhoea, which can be controlled by Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and their castor oil to cleanse the system. It is safe and sure.

LASH'S
KIDNEY
AND
LIVER
BITTERS
Best Tonic Laxative

laid down now, and they must be observed, say upper classmen as well as college authorities. So it will be that tomorrow afternoon will be a half holiday for the entire college, while the supremacy of soph and freshmen is decided before the entire student body. The contests include a tug of war across "Lakum Duckum," known to many a freshman as "Lakum Duckum." The list of contests follows:
A game of association football between the members of the two classes, this game to consist of two 10 minute halves.
Wrestling contest to consist of heavy, middle and lightweight contests. Heavy weight to consist of over 150 pounds. Middle weight to be over 135 pounds and lightweight to be under 135 pounds.
A cane rush, to last five minutes and to be participated in by any number which the classes care to enter. These contestants will gather in a circle of 50 feet radius from the referee standing in the center. He will hold a large heavy stick and at a certain signal the contestants will charge on the stick and after five minutes the class having the largest number of hands on the stick shall be declared winner of the event.
A flag race, one mile in length, to be participated in by 16 members from each class. This will be in the nature of a relay race and each man will carry his class flag in the race, passing it on to his successor at the end of his lap.
The last and most important event of all is a tug of war to be held over "Lakum Duckum." The freshmen shall occupy one bank and the sophomores the other, and each class shall try to pull the other into the pond.

WATER USERS WANT \$17,000 DAMAGE

(Special Dispatch to The Journal.)
North Yakima, Wash., Sept. 24.—K. W. Shafford and a dozen other water users under the White Bluffs Irrigation company and the Associated Water company in the White Bluffs district on the Columbia river, have brought an action against these companies to recover damages in the sum of \$17,000. The plaintiffs allege that the pumping plant is inadequate in size and capacity, and that the companies have failed and neglected to furnish them sufficient water with which to irrigate their crops. They further allege that they have paid excessive prices on account of fraudulent representations. It is further alleged that the pumping plant is improperly conducted and they ask that a receiver be appointed.

ARTESIAN WATER FOR IRRIGATION

(Special Dispatch to The Journal.)
Husum, Wash., Sept. 24.—A project is to be carried out near Cliffs, on the Spokane River, to locate where an artesian well is to be sunk in the canyon north of that town, which will irrigate the acres of fruit and berry land. A government geologist states that artesian water can be obtained there at a less depth than any place he has visited in this section.

GIRL SAYS SHE WAS SOLD IN MARRIAGE

(Special Dispatch to The Journal.)
Seattle, Sept. 24.—Telling a remarkable story of being sold into marriage, Sophie Guriveck Neer, 15 years old, was the complaining witness today in Judge Brown's court against Mrs. Sarah Salom. The girl bride told how she had met for the first time Rubin Neer of Butte, Mont., on August 5. Mrs. Salom introduced them and within an hour she was engaged to Neer. They fled to Butte the next day, where a week later they were married. She was promised a beautiful home and every luxury. The girl says Mrs. Salom was paid for introducing Neer.
Her parents brought her home and Mrs. Salom was charged with aiding and abetting Neer in abducting the girl for marriage without her parents' consent. Mrs. Salom was held in heavy bonds by Judge Brown to await the action of the superior court.

\$25,000 LAND DEAL IN GARDEN VALLEY

(Special Dispatch to The Journal.)
Roseburg, Or., Sept. 24.—The third big deal in Umpqua valley fruit land was transacted yesterday by the sale of the old Booth place in Garden valley to the Overland Fruit and Development company of Boston, Mass. The land is comprised of 320 acres, and the consideration was \$25,000. The investors will set out the entire tract in commercial varieties of apples and pears and conduct the orchard for their own profit.

HOT LUNCH SERVED AT HIGH SCHOOL

(Special Dispatch to The Journal.)
North Yakima, Wash., Sept. 24.—The domestic science department at the high school will serve a hot lunch each day of the school year. A minimum charge

will be made for it, and the proceeds will be devoted to maintaining the department. The plan is to be put into effect as soon as the classes have had a little more experience.

Young Forger to Reform School.

(Special Dispatch to The Journal.)
Hood River, Or., Sept. 24.—Judge A. J. Derby, Judge of the Juvenile court today committed Frank Ballard, age 13 years, to the reform school at Salem. Sheriff Lou Morse left this afternoon with the youth for his penal home. The lad had a mania for forging checks which he has done in many instances.

LEADING PHYSICIANS

THE WORLD OVER
RECOMMEND PURE BEER

AS A TONIC AND TISSUE BUILDER
It is an established fact that leading thinkers, great statesmen and scientists of every age have openly expressed THEIR appreciation of good beer.
