Celebrate Paul Jones' Victory—The 113th anniversary of the naval engagement between the Bon Homme Richard and the Serapis and the victory of John Paul Jones was celebrated last night by the Oregon Society of the Sons of the American Revolution with a smoker at the University club. The principal address of the evening was made by Professor Henry L. Bates of Pacific university who paid a high tribute to the great naval fighter. He declared that Jones was the real founder of the American navy. Among the prominent members of the society present last night was General Thomas A. Anderson, founder of the Oregon branch of the Sons of the American Revolution. General Anderson recently returned from a prolonged European tour.

Simon Cohen Gets a Year—Simon Cohen, indicted by the grand jury for larceny from the rooms of Mrs. Kate Huntley in the Newcastle rooming house, pleaded guilty before Judge Gatens in the circuit court yesterday afternoon and was sentenced to serve one year in the penitentiary. He told the judge he was not guilty, but was ready to take his time, and entered a plea of guilty. Cohen narrowly escaped indictment on a gambling charge. A not true bill was returned because one of the important witnesses disappeared.

Civil Service Examinations—The United States civil service commission will hold an examination on October 20 to secure eligibles from which to make certification to fill vacancies in the position of aid in grain standardization(male), bureau of plant industry, department of agriculture, at salaries ranging from $900 to $1200 per annum. The age limit is 20 years or over. Applicants should apply either to the United States civil service commission, Washington, D. C., or to Z. A. Leigh, postoffice department, Portland.

Would Remove Poleyard—Wallace G. Deatsman has begun suit in the circuit court against the Taylor Investment company, the Firland company and the Pacific States Telephone & Telegraph company, to compel the removal of the telephone company's poleyard from property at Firland station. The Taylor company purchased the land from the Firland company and there was a restriction in the deed to prevent use of the property for business purposes. It is alleged that the poleyard makes other property in the vicinity less valuable.

Two Companies Incorporated — The Pacific Car & Foundry company has been incorporated for $1,000,000 by J. W. Riess of San Francisco, C. M. Greene of Berkeley, Cal., W. H. Judson, B. W. Buxton and George F. Martin. Neate & McCarthy, incorporated, have filed articles for an automobile supply business. The incorporators are Arnold E. Neate, Isabelle W. Neate and O. E. McCarthy, and the capital stock is $10,000.

Visit of Noted Swedenborgian—Rev. L. G. Landenberger, general missionary of new church and now in charge of the Swendenborg exhibit at the A.-Y.-P. fair, will be in this city Sunday, September 26, and preach morning and evening at the Knights of Pythias hall, Eleventh and Alder streets. Mr. Landenberger was here about two years ago in connection with his missionary work.

Architects for Fire Station—The fire committee of the city executive board yesterday afternoon voted to recommend the appointment of Naughton, Raymond & Lawrence, architects, to design the new fire station which will be built in North Albina. The committee recommended D. B. Flickinger to be the architect for the new station at Mount Tabor.

Took Prisoner South—W. P. Griffith, deputy United States marshal, has returned from San Francisco, where he took Frank S. Clark, who is wanted on charges of forgery and counterfeiting. Clark completed a term of four years in the Oregon state penitentiary this week, and was taken from that institution when his time expired.

Stockmen at Banquet—The Portland Fair & Livestock association entertained 50 farmers and stockmen of the Willamette valley at dinner at the Commercial club last night in celebration of Willamette Valley day at the stock show. Among those who spoke were Senator Bishop of Washington, Edward Hartog and Tom Richardson.

Good Showing Made—F. I. Gollehur reports that the new branch offices of the Chapman Advertising company in Seattle are doing a splendid business. The style of the firm name in the Washington metropolis is Constantine-Chapman Co., with headquarters in the Sullivan building.

An Illustrated Booklet on Klickitat Apple Lands, for the Paul E. Cleland Investment company, in two colors, has just been issued. The booklet gives a glowing description of the Klickitat country's possibilities as an apple producing center.

"Unknown" Marks Grave—"Unknown" marks the grave of a man killed Sunday evening six miles east of Arlington, and the only mark of identification

John T. Kearney (Con Ryan) with "The Girl Question," Baker theatre all this week.

are the initials, "J. H. P." on his watch case. He rode out of town on No. 4 on the brakebeam. He is described as being 20 years old, 175 pounds, light hair, smooth shaven, and wore a cowboy's suit. His boots came from Buckingham & Hecht, San Francisco. A. R. Collins, justice of the peace, and acting coroner, took charge of the body.

AT THE THEATRES

"Pledge of Coronova," at Pantages.

A Russian girl's love for her brother, a young revolutionist, and the cruelty of a Russian chief of police and his henchmen, form the theme of "The Pledge of Coronova," a wonderful dramatic playlet offered at Pantages this week by John J. Justus and Ethel Romaine, supported by Mr. Fenner.

Valerie Bergere Orpheum Star.

Veleria Bergers, the clever young actress, will present at the Orpheum next week a splendid one act sketch by Grace Griswold entitled "Billie's First Love," which is a compact dramatic story of tangled young affections that fills in those places not given to smiles with effective hear appeals. Miss Berger is an admirable actress, and her handling of the constantly changing phases of her part of the sketch brings out the fact with emphasis.

Coming—Barlow's Dogs and Ponies.

Next week's bill at Pantages will be well worth while for a diversity of acts will make it very enjoyable. As the topline attraction, Barlow's Dog and Pony Show will be offered and other excellent acts are Kauffman Brothers, in grand opera burlesque; Meyer Brothers, European equilibrists, and the Glocklers, whirlwind jugglers.

The Girl Question.

"The Girl Question" will be seen at the Baker for the last three times tonight, tomorrow matinee and night. It has the distinction of being different from the average. The song hits come in rapid succession including such as "If Eyes Like Yours Looked Into Eyes Like Mine," "Waltz Me Till I'm Dreamy," "There's No Place Like Home," and many others.

"Texas" Next Week.

Next Sunday matinee at the Baker the stirring western play, "Texas," will begin a week's engagement at Baker theatre. A very pretty and romantic love story runs through this play coupled with much laughable comedy character studies. "Texas" is exciting and interesting from first to last act.

Tonight, Twice Tomorrow.

The attraction at the Bungalow theatre tonight and tomorrow night at 8:15 o'clock, with a special price matinee tomorrow, will be the big musical comedy success, "The Time, the Place, the Girl." This merry offering is filled with tuneful music and presented by a bevy of pretty girls.

Seats Selling for Dustin Farnum.

Seats are now selling at box office, the Bungalow theatre, for the favorite and famous American actor, Dustin Farnum, and his excellent supporting company, who come to the above theatre for one week beginning next Monday, September 27, with special price matinee Wednesday and Saturday, in the romantic adventure, "Cameo Kirby."

Clever Musical Act at Orpheum.

The Hughes musical trio, appearing at the Orpheum this week, consists of two gentlemen and a lady, who are versatile instrumentalists, offering a delightful musical entertainment consisting of solos, duets and trios on musical instruments. They are all clever musicians, and their repertoire includes an assortment of classic and popular selections.

In Love with Mrs. Temple.

Local audiences have fairly fallen in love with "Mrs. Temple's Telegram" as presented by the McRae stock company at the Star this week. Every member of the cast has scored an individual hit. This funny farce-comedy has served as an admirable introduction to the splendid new stock company, and its future success is assured.

Minstrels a Hit.

The miniature minstrel show at the Grand is one of the season's hits. A complete but condensed blackface show is given by Hall and Starke, a full company being carried. The five merry McGregors in their Scotch songs and dances and George Lauder, with his ventriloquism, are also strong cards.

Ice Skating.

Isabel Butler and Edward Bassett, expert ice skaters will head the new bill at the Grand commencing Monday afternoon. A cake of ice, six feet by 10, is used for the exhibition, the ice being manufactured by the performers. Barney Fagan will be the special added attraction. "The West Point Cadets" will offer the acrobatic specialty.

Journal want ads. cost 1 cent a word.

Bulletin No. 54

Westmoreland

Avoid Speculation

Invest in Westmoreland

Speculation is a ruinous route for young men—for young married men. Such men cannot afford to take a chance. Andrew Carnegie, Pittsburg's greatest ironmaster, said:

"Buy real estate."

Mr. Carnegie was right, and if he were in Portland today—if he could see Portland's remarkable progress, the amount of building being done and the amount still in hand, to be done—he would say: "Buy Portland real estate, and particularly get a slice in Westmoreland." Westmoreland presents the opportunity of a lifetime to share in the prosperity of this great western country. Buy before prices go up.

BULLETIN (24)

WIRELESS BLOCK SIGNAL SYSTEM.

Syntonic or tuning devices which prevent interference with messages or the cutting in of other offices, has made the WIRELESS BLOCK SIGNAL SYSTEM possible. Same was invented by DEFOREST, and the patents are the property of the UNITED CO. This block system consists of a clockwork attached in the cab of each engine. It works automatically, every five seconds, in sending out wireless waves for two miles. If an engine is within two miles in front of another, these waves light a RED light in front of the engineer and cause a gong to ring, every five seconds. If the engine is in the rear, the waves light a GREEN light, and the gong rings. The engineer knows at all times whether there is an engine within two miles of his own, and in what direction it is. The CHICAGO & ALTON R. R. made A thorough and satisfactory test of this device, which is an asset of the UNITED CO. The equipment of 25 per cent of the engines now in operation in the United States would pay a good dividend on the company's capitalization. It can only be a matter of time when every railroad will equip its engines. THIS DEVICE ALONE, FROM A LIFE SAVING OR COMMERCIAL STANDPOINT, IS AS VALUABLE AS THE WESTINGHOUSE AIRBRAKE. WATCH THIS SPACE!
