

OFFICERS CONFIDENT OF BRINGING IN INDIAN MURDERER AND ABDUCTOR SOON.

(United Press Landed Wire.)
Hillsdale, Cal., Sept. 29.—Without food and water and almost surrounded by a posse of pursuing officers, Billy Boy, the Plute Indian youth who killed his sweetheart's father, Mike Bonifone, and abducted the girl, will probably be captured before night, according to Deputy Sheriff Oscar Banning, who returned at midnight from the hunt on the desert.
Billy and the 14-year-old girl, whom he kidnapped after killing her father while he lay asleep, are in the bed of the Hillsborough canon, the Creevecouer reported, and have little chance to escape.
No signs upon their heads were the pursuing officers at one time that the weary little girl's sobs could be heard distinctly.
The officers are waiting for the Indian to reach the open desert before an attempt to take him is made. He is armed with a Winchester rifle and bears the reputation of being a dead shot, consequently the deputies prefer to give him no chance to attack them from ambush and are not pressing too closely.

LEAPS FROM WINDOW TO PROTECT CHILD

(United Press Landed Wire.)
Alameda, Cal., Sept. 29.—Mrs. Charles Bennett is suffering from two fractures of the right arm, and a fracture of the left ankle today as a result of her heroic rescue of a helpless child from the fangs of a vicious dog which was about to attack the little tot in front of her home on Walnut street.
Mrs. Bennett jumped from the second story window of her home to save the child. Notwithstanding the terrible pain she was suffering from her broken ankle and arm, the gritty woman attacked the dog and drove it away, after which she fell to the sidewalk in a faint.
When she recovered consciousness and was placed under the care of surgeons, Mrs. Bennett refused to take any credit for her brave act. "I heard the child scream, and from the window saw the dog pawing and snapping at the baby, and so I did not have time to run down the stairs," she said.
The child received only a few minor injuries in its struggle against the animal.

MILITARY BALLOON TEST SUCCESSFUL

(United Press Landed Wire.)
Los Angeles, Sept. 29.—After remaining in the air for two hours, a military balloon United States, bearing two members of the local division of the signal corps, landed at Vineland station, 20 miles from Los Angeles, yesterday. The balloon test, the first of the kind ever attempted in the country by National Guardsmen, was an unqualified success, the signals between the aeronauts and the automobile party that followed the flight of the balloon being transmitted perfectly.

WIFE MURDERER MAY HAVE KILLED GIRL

(United Press Landed Wire.)
Rehoboth, Mass., Sept. 29.—The police are trying to connect John Klama, who is under arrest here charged with killing his wife and attempting to assault his 14-year-old stepdaughter, with the murder of Anna Schumacher in Holy Sepulchre cemetery. According to the police the description of Klama tallies exactly with that of the man seen in the cemetery at the time of the murder. The police say the accused admits killing his wife, but claims it was done in self-defense.

CONTRACTORS FAIL TO COMPLETE JOB

(Special Dispatch to The Journal.)
Albany, Or., Sept. 29.—The Lebanon school building will be erected at once, in spite of the fact that two men were given the contract who have failed to make good. A. J. Brown, the second man who was awarded the contract, has failed to secure the required bond on the job, and has been passed on to the third lowest bidder, Edward Killfeather & Co. of Portland, for \$20,497. Mr. Killfeather is in Lebanon at the present time with a force of men and will begin work at once.

Talks on Teeth

By THE REX DENTAL CO., DENTISTS.
CROWNS
Any dentist can crown a tooth, but he must have exceptional ability who can make a crown contoured to fit the tooth so perfectly that it will not accumulate food underneath the crown, which is one of the prime causes of diseased gums. And a dentist must be skilled indeed who can fit the crown so deep into the tooth beneath the gum that food will not work its way under the crown or between the gum and tooth. Fitting a tooth one would think the simplest operation in dentistry, yet but few dentists can do it as well as we. There is a great difference between a dentist and a skilled dentist—while our specialty is the new method of Alveolar dentistry, restoring lost teeth without the use of a plate, partial plate or bridge-work. Lightening loose teeth as solid and sound as they ever were, absolutely curing Pyorrhea (Riggs disease), the most dreaded menace of the dental profession, a disease that dentists as a whole have given up as incurable. Yet we claim to cure it. This we will gladly prove to you by reference to hundreds of patients right here in our home city who have been cured. We employ in our office operators of the highest class. A dentist must be an expert in every branch of dentistry to secure a position with us. If he shows ability as an operator, we can pass our examinations. We teach him the art of the Alveolar method of dentistry, then protect ourselves, contracting with him for a long term at a salary as follows: If he cannot afford to open an office for himself, we can let the average dentist afford to employ him. Take your word for it that the best in dentistry is now too good, but the cheapest in the end. All work done in our offices must be beautiful and everlasting. Dr. Rex's booklet, a treatise on Dentistry, is free.

BUILDING RECORDS SHOW STEADY AND HANDSOME INCREASE

Building permits issued for the month up to noon today totaled \$1,244,400. This sum is \$175,000 greater than the permits issued in September, 1908, and over \$200,000 in excess of the total for the same month in 1907.
For the first nine months of this year new construction to the value of \$3,429,550 was authorized, while for the same period in 1908 the aggregate was \$7,676,725, and for the same period in 1907 the total was \$3,282,942, showing a gain over last year of approximately \$1,800,000, and an excess of \$1,200,000 over the first nine months of 1907.
A remarkable feature of the year's building development as shown by the records in the office of the building inspector is the fact that every month's total so far this year shows a substantial gain over those of last year, with the exception of January, when for nearly two weeks Portland was in the grip of the ice king and all building operations were completely paralyzed.

FUND FOR RELIEF OF POOR WIDOW

Journal Will Receive Money and Account for Donations.

A fund has been started by J. W. Crossley for the relief of Mrs. M. Klipp, the widow whose eldest son and sole support, Helmut, was run over and killed by a Bellwood car last Tuesday. Helmut was the oldest of four children, and since the death of his father a short time ago, he has been the sole support of the family. He was only a youngster, but took odd jobs of putting in wood after school and made as high as \$100 a week. He was on his way home from school at the time of the accident.
Mr. Crossley's letter to The Journal is as follows:
Portland, Sept. 29.—To the Editor of The Journal.—Sir, enclosed I hand you \$1 which kindly apply toward fund which may be created for relief of the poor widow, Mrs. M. Klipp, whose little boy was run over and killed by a Bellwood trolley car yesterday, p. m. The details of the tragedy were told in your issue of even date.
It is a very sad affair and the best that anyone can do to alleviate the suffering in the lighted Klipp home is to show their sympathy by the gift of a dollar's worth. J. W. CROSSLEY.
Accompanying Mr. Crossley's donation was \$1 from J. O. Elrod, 89 cents

OLGA MENN'S GIFTS WILL BE RETURNED

(United Press Landed Wire.)
Chicago, Sept. 29.—A box containing the gifts of Olga Menn to Baron Oskar Rothschild who committed suicide recently when his father refused to permit him to marry the 19-year-old Chicago girl, will be delivered to the young woman in a few days from the custom house, where they have been held since her return from Europe.
Following Rothschild's tour around the world, during which he met and fell in love with Miss Menn, the couple became engaged. Miss Menn left Chicago for Europe, where they were to be married. The elder Rothschild forbade the match and soon afterward the body of his son was found with a bullet through the brain.
Miss Menn returned to her home, broken hearted, bearing with her her presents to her fiancé.
As the death of Rothschild had focused public attention on Miss Menn, her father had the gifts held in the custom house until he could arrange with the secretary of the treasury to have them informally entered into the United States without making a detailed statement of the contents.
Since the formal entry of her engagement Miss Menn has been inconsolable and has been ill continuously. Of late she has been confined to her bed, and today her physical condition is reported to be worse.

KILLS SISTER AND BROTHER

Following Terrible Crime Wealthy Farmer Shoots Himself.

(United Press Landed Wire.)
South Woodstock, Conn., Sept. 29.—Dr. Armin Brun, a well known physician of this city, died today from a bullet wound in the abdomen which was fired by his brother Constantine, who committed suicide after killing Miss Frieda Brun, a sister who was living at the physician's home.
Brun and his sister were in the living room when Constantine entered the dwelling and asked permission to use the telephone. He called a number, then turned suddenly, leveled the revolver at his sister and fired. She fell to the floor dead. Without hesitation Brun then aimed at his brother and sent a bullet into his side. Believing that he had killed both the doctor and his sister, the murderer then turned the weapon on himself. The bullet tore off the top of his head, killing him instantly.
Constantine is a wealthy farmer. No motive is ascribed as the cause of the triple tragedy.

Kidney and Liver Ills

Mr. Lysander C. Figg of Chicago, Ill., says, owing to kidney and liver trouble, he was so run down that he had to quit work. On the advice of a friend, he tried Warner's Safe Cure, and within two months was a well man.

"Last Spring I was in poor health, my system was run down and debilitated. Cause, liver and kidney trouble. I lacked energy or ambition to do my work and felt that I must have a change and rest. I was advised to give Warner's Safe Cure a trial. I found it so effective that in two months I was a well man. I cannot praise it too highly for the people who suffer from kidney and liver troubles."—Lysander C. Figg, Wychemere Hotel, Chicago, Ill.

ANALYSIS FREE
Then if you have any doubt as to the development of the disease in your system, send a sample of your urine, putting your name and address on package, to our Medical Department, and we will analyze it and send you a report, with advice and medical booklet free.

When the kidneys are diseased the uric acid is not carried off and this causes Rheumatism, Backache, Gout, Diabetes and Bright's disease. Warner's Safe Cure drives out the uric acid and prevents and cures all forms of kidney disease.

Warner's Safe Cure is made from the fresh juices of plants and medicinal roots, gathered at the proper season in various quarters of the globe. Men skilled in botany and chemistry compound it. It is pleasant to the taste and agreeable to the most sensitive stomach. For sale everywhere. Two sizes, 50c and \$1.00 a bottle.
