

LARGE CROWD AT CEREMONY

Sunnyside Congregational Church Has Cornerstone.

Fully 5000 people attended the cornerstone laying of the Sunnyside Congregational church, corner of East Thirty-second and Taylor streets, yesterday. The floor had been laid on the building and this was covered with chairs each, and every one of which was occupied. The streets for a block around were filled with people all eager to watch the cornerstones of the new building being swung into place.

PANAMA LIBEL CASE HEARING

Owners of the Indianapolis News May Be Taken to Washington for Trial.

Indianapolis, Ind., Oct. 11.—The hearing in the so-called Panama libel case, in which Delavan Smith and Charles P. Williams of this city are defendants, was called in the federal court today, Judge Anderson presiding. The hearing is to determine whether the defendants are to be removed to the District of Columbia for trial.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them.

PUPILS OF WASHINGTON HIGH SCHOOL HAVE NO IDLE HOURS

By Mary C. Davis.
The June class of Washington high school held its second meeting last Monday. Committees were appointed to look into the matters of a suitable class emblem and class colors. It was decided to hold class meetings the first Monday of each school month during the present term. Much enthusiasm is shown by the entire class, which promises to be noted for quality as well as quantity.

The Lens went to press Friday. Owing, however, to the late start this term, especially in the appointment of business managers, the paper will probably not be out until about the 20th. The girls' glee club is already practicing enthusiastically under the leadership of Mrs. Rose Courson-Reed. The number of girls enrolling this year, and their interest in the work, is gratifying. The Nekalmi Literary society was formed last October, for the purpose of studying current literature and current events. Commencing with 13 charter members, the society has grown to 29. In their course of study this term the girls will devote special attention to women writers. On September 22 the society held its first meeting and elected the following officers for the term: President, Beatrice Doty; vice president, Catherine Pigott; secretary, Nina Herman; treasurer, Loraine Miller; sergeant-at-arms, Jessie Prosser; journalist, Lois McQuaid.

The Baraca class elected officers for this term at their meeting on October 1. These chosen are: R. Alexander, president; K. Morrison, vice president; L. Bradford, secretary; P. Pratt, treasurer; R. Achley, sergeant-at-arms; H. Miller, editor. The boys intend to make their club one of the largest in school this term.

The Eskrimos held their first program of this term on Friday. The opening number was a debate on the question, "Resolved, That convict labor should be used on the public roads of Oregon." The affirmative, supported by Singletary and McCoy, lost to Blair and Lomax of the negative. Next followed the report of the literary committee on the "Oregon State High School Debating League," by Bennett. The "Polar Controversy" was ably discussed by Achley. The program closed with a talk by the critic, C. Hall, Lowell.

WOMAN SPEAKS ON LIQUOR QUESTION

Mrs. Lula L. Shepard of Salt Lake City, Utah, speaking in the interests of the W. C. T. U. at the Central Baptist church, East Ankeny and East Twelfth streets, yesterday morning delivered a scathing arraignment of the American grog shop and pleaded for its elimination as the only way of safeguarding the American home.

Mrs. Shepard is an able lecturer. Referring to the saloon, Mrs. Shepard said: "The evil influence may invade your home and ruin the father, or son, or daughter. The American saloon is like a bank which accepts good money from its depositors and, in return, gives out disease, ruin and death to them. There is no escape from its baneful influence. It stands on almost every corner of the streets, under the protection of the city and general government and under the special protection of the police. It is a menace to every home in this land, and none can say he is safe from it. It must be eliminated entirely."

JUNCTION CITY LIGHT PLANT IN MERGER

(Special Dispatch to The Journal.)
Eugene, Or., Oct. 11.—The Junction City electric light plant has been purchased by the Northwestern corporation, successor to the Willamette Valley company, and a 24 hour service will be insured. It is the intention of the company to abandon the small dynamo and supply the city with light and power from the Eugene plant and later from the big plant now in course of construction on the McKenzie river.

It is suggested in Baker City that it be called the Gray Stone city.

\$60 Colonial Dresser, Spec'1 \$35

In Birdseye Maple, Tuna and Dark Mahogany, Golden Oak and Wax Golden Oak

Value-giving like this accounts for the rapid growth of this business during the two years of its existence. Portland people are making the discovery that we do as we advertise, and that our prices are far lower than those of any other establishment. Few firms on the Pacific coast purchase as large quantities of household goods as the house of Gevurtz. By purchasing in large quantities and shipping in full carload lots we are able to make unapproachable prices.

No. 521—This massive dresser is one of the most pleasing of all models. The case is 45x22 inches in size, with drawers and front shaped like the cut. The mirror frame is three inches in width and carries a very thick genuine French bevel mirror 32x26 inches in size. The base, legs and also the stanchions have claw-shaped feet—not shown in the cut. You have a choice of these dressers in four woods and five finishes. Think of purchasing a regular \$60.00 dresser for only **\$35.00**
