other mines in the camp that would be developed and produce just as much as the Keep Cool. Webber and Swastlka, and the payrolis at the smelter and different mines would make these towns hum as they never hummed before, and do not forget the Princess Panama mine. For she is a hummer right now.

Three months ago the Princess Panama was selling for 10 cents. Today it is selling for 50 cents per share. The Swastlka is today selling at 10 cents per share, but we reserve the right to advance at any time. Once the Swastlka gets started in an upward direction it will advance very rapidly, because the advance will be made on actual improved conditions at the property, and the fact that we have plenty of shipping ore, and not from stock manipulations.
