

SAYS WIFE RULES WITH IRON WILL

W. E. Watson Would Have Court Protect the Property.

A haughty and domineering wife, who made him do as she pleased because of her iron will and his fear of being left destitute and homeless in his old age, are given by W. E. Watson as reasons why a deed he gave to Katie J. Watson four years ago should be cancelled and his property restored to him.

In a suit filed in the circuit court he says she has now deserted him, leaving him destitute in his declining years. It was the dread of this very condition that caused him to convey the property to his wife, he says, but she represented to him that the property would be hers only after his death. He now finds that he was defrauded, he says, as his wife holds absolute title to the land, consisting of lots in Sullivan's addition.

Mrs. Watson is now suing for divorce on the ground of cruelty and her husband fears that if she wins the property will be gone beyond recall. He describes himself as a home-loving, steady working and nervous, while his wife is commanding, selfish and rules him by her iron will. He is helpless to oppose her will when left alone with her, he says.

Both Watson and his wife were married before they were united to each other. He says he has spent \$3400 on the property in repairs and improvements, and if the court will not order the deed cancelled, he asks for judgment for that sum against his wife.

SOME IMPRESSIONS OF "THREE TWINS" AT THE BUNGALOW AS RECEIVED BY CARTOONIST SEED

WRIGHT'S MAKE BROAD CLAIM

To Control All Heavier Than Air Machines—Injunction Asked.

New York, Oct. 21.—(United Press Wire.) The aeroplane patents held by them cover all heavier than air machines, the Wright brothers have asked for a federal injunction to prevent Ralph Saulnier from attempting flight in one which he owns and which is a duplicate of the aeroplane with which Louis Bleriot flew across the English channel.

In addition the Wrights petition the court to give them the right to have the machine destroyed.

Saulnier's aeroplane is now at Amperre, N. J. The specific complaint registered against Saulnier is that his machine is so constructed as to infringe on the Wright patents.

Saulnier was planning to make exhibition flights in his aeroplane throughout the country. It is probable that his venture will be postponed while the matter is settled, either in or out of court.

RAILROAD MEN ON COAST TOUR

W. R. Callaway of Minneapolis, general passenger agent of the Minneapolis, St. Paul & Sault Ste. Marie railway, and C. C. Pond, assistant general passenger agent of the same line, are in Portland today. They are on a tour of the "Soo" offices in the northwest and have just come from Puget sound.

The installation of the Soo-Spokane-Portland service between Portland and the Twin Cities has been a success, according to Mr. Callaway, and is one of the best moves the Soo ever made.

J. C. Pond, the present assistant general passenger agent of the Soo, was formerly general passenger agent of the Wisconsin Central, going with the former road at the time his own line was absorbed by it last spring.

THE BEST TONIC FOR DEBILITY

Dr. Williams' Pink Pills Check Decline in Health and Build Up the Strength of Exhausted Sufferers.

There are few cases of general debility that could not have been prevented. There is no hidden cause for its presence nor is it sudden in its attack. Any person, who is overworked, or subject to any great worry or excitement, or undergoes some long-continued strain on the body, is liable to become debilitated unless the blood is kept pure and rich. Such unusual conditions call for more nourishment than the blood can supply and paleness, headaches, or a breaking down of the nervous system. By taking a tonic that is also a specific for many disorders of the blood and nerves, the threatening disease may be prevented. Such a tonic is Dr. Williams' Pink Pills and their value in the treatment of general debility lies in their direct response to the needs of the blood. Their work is to make new blood. That they do this well is shown by the gradual disappearance of the symptoms and the return of color and health. They lay the foundation for permanent health in the future.

Pink Pills by a friend who had used them for nervousness. After taking a few boxes of the pills I could sleep better and I began to improve gradually until I was cured. I haven't been run down or nervous in some years now and consider the benefit I received from Dr. Williams' Pink Pills to be wonderful.

felt entirely well. I regained my strength and my health has been good since then.

WEAK AND NERVOUS.

This Petaluma, Cal., Woman Cured After Years of Misery.

Mrs. Mary H. Taft, of No. 314 Howard street, Petaluma, Cal., has found Dr. Williams' Pink Pills to be the best tonic that she has ever used. She says: "About fifteen years ago, when living in Toronto, Canada, I became generally run down and felt miserable for years. I was tired all of the time and didn't want to work or do anything at all. My appetite was not very good and I was thin and pale. I suffered from sick headaches a great deal and was nervous. I was treated by a doctor for some time and tried several tonics but with no result. A friend recommended Dr. Williams' Pink Pills to me and I took several boxes. I soon began to feel much better, my appetite came back and the benefit continued until I was cured. I have taken Dr. Williams' Pink Pills a number of times since as I think they are the best tonic one can take."

REGAINED HER HEALTH.

It Was Feared This Oregon Woman Was Going Into Consumption.

Miss Jessie Johns, of Gladstone, Ore., was cured by Dr. Williams' Pink Pills after suffering from general debility for a year and a half. She says: "About four years ago, while living in Wisconsin, I was greatly run down in health as a result of six weeks of sickness. I did not seem able to get back my strength but was weak all over. I was thin, pale and nervous. I wasn't able to do much of anything and had to give up teaching school. "I was treated by three or four doctors and they said they were afraid I was going into consumption. They did not help me and I finally gave up their treatment to try Dr. Williams' Pink Pills. The pills helped me from the start and I kept on with them until I

Do You Need a Tonic?

Dr. Williams' Pink Pills have corrected serious disorders of the stomach, and restored to health sufferers from severe disorders of the blood and nerves. For rheumatism, indigestion, nervous headaches and many forms of weakness and debility Dr. Williams' Pink Pills are recommended even if ordinary medicines have been tried without relief. Further information about the tonic treatment is given in our helpful booklet, "Disease of the Blood," which will be sent free upon postal card request.

LOST FLESH AND STRENGTH.

Mrs. H. J. Bradford, of No. 1511 Spurgeon street, Santa Ana, Cal., says: "A few years ago I began to lose flesh rapidly until I weighed only about 100 pounds. Before this I had always been well and quite fleshy. I also became very nervous and would be awake all night long. I had frequent crying spells which I could not seem to help and which the least little thing would bring on. Excitement or noise made me very nervous. I had a craving for sour things but my appetite was variable. At times I would feel very well but this would be only when I kept very quiet at home for a long time. "The doctor pronounced my trouble nervous debility. I was under his care for over two years. Sometimes he would treat me regularly and then he did not get well under his treatment and I was finally advised to try Dr. Williams'

IRVINGTON CLUB FILES ARTICLES.

Salem, Or., Oct. 21.—The Irvington club of Portland filed articles of incorporation at Salem yesterday. The estimated value of the property owned by the club as stated in the articles is \$25,000.

FINDS ENTHUSIASM STRONG FOR STATE

Tom Richardson, who has been in the Willamette and Umpqua valleys on a trip for the Oregon Development League, returned to Portland yesterday. He held meetings at Creswell, Springfield, Eugene, Brownsville and Albany and all were successful in showing the increasing enthusiasm of Oregon people for publicity work. At Springfield a \$1500 advertising fund is to be raised. At Eugene more than one third of the \$15,000 fund was raised at the first meeting and at both the Creswell and Springfield meetings large delegations from Eugene were present. Wallace R. Struble, manager of the Albany Chamber of Commerce, attended the Brownsville meeting last night and spoke on behalf of Albany's apple show.

FAIR DIVIDENDS NOT CALLED FOR

City Treasurer J. E. Werlein still has several hundred dollars in dividends in Lewis and Clark fair stock to distribute to shareholders who assigned their stocks to the San Francisco earthquake fund. When the certificates were turned into the relief fund 20 per cent of the paid up value of the stock was sent to San Francisco. Since then, however, when the final settlement of the business of the Lewis and Clark Fair corporation was made, another one per cent was realized. It is this extra dividend that is being returned to the stockholders. The amount in the hands of Mr. Werlein was a little more than \$700. Not more than half of the shareholders have appeared to claim their securities.

Estate of Anna Z. Adrian.

Hugh W. Adrian has applied to the county court for letters on the estate of Anna Louise Adrian, who died October 16 and left an estate valued at \$6000. The petitioner, who is the husband of the deceased, is the sole heir. W. O. Ash, J. V. Cerner and Charles Strube have been named as appraisers.

TEN YEARS OF SCALP ERUPTION

Tiny Pinhead Pimples Filled and Hurt Tremendously—Tried Everything in Vain—His Daughter's Scalp was Cured—Both Found Simply Surprising Cure in CUTICURA

Simply Surprising Cure in CUTICURA

"It is a great pleasure for me and I consider it a duty to report what Cuticura has done for me. About twelve years ago, I contracted an eruption of the scalp consisting of small pimples, about the size of a pinhead, which filled after a few days with pus and which hurt tremendously. I tried everything, but in vain. Finally, I washed my head with sulphur and applied a carbolic ointment. After a few days the pimples disappeared, only to come back again in a week. This I suffered for ten years and then I saw an advertisement in the paper of the wonderful cures by Cuticura. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Pills and after three weeks I had it used only half the Soap and Ointment and my head was as clean as ever before. After the first application it was simply surprising how it improved.

MEN KEEP VIGIL TO SECURE LAND

(Special Dispatch to the Journal.) Walls, Wash., Oct. 21.—Sitting on a camp stool before the door of the local land office, Philip Bier, J. M. McCormick and A. Newlow are holding their places in line, anticipating the opening to entry into the Benton county which has just been restored to entry. Each takes a shift of eight hours. The land was opened to entry November 1. Until that time the men will hold their place.

New Corporation.

(Special Dispatch to the Journal.) Salem, Oct. 21.—Articles of incorporation were filed in the office of the secretary of state today as follows: American Athletic club; principal place of business, Grants Pass; capital stock, \$2000; incorporators, P. P. Proctor, V. T. Truax and J. V. Schmidt. Cherry Park Development company; principal place of business, Troutdale; capital stock, \$100,000; incorporators, Milton O. Nelson, H. Lester Archer and Richard T. Marlette. Irvington club, to be situated at Portland; estimated value of property \$25,000; trustees, Lloyd Wentworth, president; Ralph Wilbur, vice president; A. E. Wastell, secretary and treasurer; Edward Owen, C. A. Woodward, F. H. V. Andrews, J. S. Hamilton, Frank Raley, Walter Goss, W. J. Hoffman, L. M. Starr and Walter M. Cook.

OPENING IN PERU FOR SHOE FACTORY

Consul Vejar in Receipt of Invitations to Men of Experience.

Peru is paying homage to American methods by buying American goods now, but Peruvian manufacturers want a homemade application of American methods. They believe that the combination of brains, energy and cash which produce American success is found at its best not in the effort to start, but in the effort to finish. For this reason Peruvian manufacturers have written the Peruvian consul in Portland asking him to interest local capitalists in plans for the building of American factories in their own cities. They promise to supply at least half the money, arrange location and furnish a profitable market. American inventions and inventiveness, they say, is what they need most. For instance, shoes produced by Peruvian methods wear but 20 days. If produced by American methods they last 300 days. In the same way other classes of raw material transformed into the finished product are given a similar extended utility. A. R. Vejar, Peruvian consul, said today that experimental exhibitions made by him to local men of money, of the great profits to be derived from obtaining a control of raw products in Peru have appealed to them powerfully. He is sure investments will be made.

Senor E. Echecopar, of Lima, Peru, writes one of the most urgent letters. He expresses the need more of brains than of cash, but he wants both. His only stipulation is that the capitalists who furnish the money to enlarge the plant, also name its manager. This is a stipulation which Consul Vejar is sure will prove congenial to the capitalists. Senor Echecopar, who owns one of the two leather manufacturing plants in Peru, is well equipped with all of the machinery necessary to the production of both the raw material and of the finished product in the shape of shoes, but he lacks the capital and the knowledge of American methods of manufacture to carry out his ideas.

According to his letter there is only one factory in the country which manufactures shoes, and that is of such a poor quality that shoes made for workmen will last only from 30 to 40 days, while their better grades, made to special order, are only about one third as good as those manufactured in the United States. As a result, the greater part of the shoes worn in that country are imported, and he believes that with the application of a little American capital, enterprise and knowledge of leather manufacturing, a business could be run up which would in a short time bring enormous profits. Barbra Brothers, of Cerro de Pasco, emphasize the advantages of ranching in Peru. Their ranch of 600,000 hektars, near Lima, yields 25 per cent annual profits. The land is many hundred square miles of good grazing land, now unused, may be as profitable.

Prominent Hotel Man in Portland

D. Putron Gliddon, representing the Palace Hotel company of San Francisco, Cal., is a guest at the Oregon hotel today. He is on his way south after a trip to Seattle, Wash., and the northwest.

'I'd Like to See the Liver of a Fat Man

This is the expression of a medical man who said that the liver of a fat man must present a wonderful sight when that man is alive and performing his regular duties. The liver is the largest organ in the human body. The stomach calls on the liver and so does the blood. If the liver gives to the digestive apparatus improper juices then the digestion is wrong. This is what makes people fat. The liver is not right. On popular demand we have made the famous Marmola Prescription into Tablets like are eaten after meals just like food and they digest that food as it should be digested. They remove fat already accumulated at the rate of from 12 to 15 ounces per day and leave no wrinkles or flabby skin. Carry one in your vest pocket or purse when you dine out and eat what you will. Fasting, diet and exercise will not reduce fat. You only starve the body and by tearing down other organs you bring the fat with the rest of the destruction. Marmola tablets are sold by all druggists and in greater quantity than all the other so-called fat reducers combined. There should be merit in them or their sale could not be growing larger every month. Ask any druggist or if you prefer send 75 cents to The Marmola Company, Detroit, Mich. and they will send you a large card and a Marmola Tablets in plain package by mail.

S. S. ST. CROIX REPORTED SOLD

(United Press Leased Wire.) Los Angeles, Oct. 21.—Acting jointly with the Alaska-Pacific Steamship company, the Independent Steamship company of Los Angeles has purchased the steamer St. Croix from the Schuchbach & Hamilton company for \$125,000, according to a report that is generally credited here.

The Schuchbach & Hamilton company were the originators of the rate war that is now in progress among the ocean transportation companies for control of traffic between this city and San Francisco. If the report for the sale is authentic the end of this struggle probably is in sight.

Steamship men here hint that the St. Croix will be used between Los Angeles ports and San Francisco to connect with the Alaska Steamship company's vessels that ply between the Golden Gate and Seattle.

No confirmation of the reported deal could be secured from the local offices of the Independent company. President Charles J. Lehman of the company is in San Francisco on business, it is rumored, connected with the purchase of the St. Croix.

"Billy Boy" Makes Hit on the Stage

(United Press Leased Wire.) Riverside, Cal., Oct. 21.—Before many weeks have passed, the people of the east may have an opportunity of seeing a thrilling stage production of the last bloody two weeks of the career of Billy Boy, the Plute Indian murderer. A melodrama of the most lurid type, based on the love of Billy Boy for Mary Nita, the Indian maid; the murder of the girl and her father, Mike Bonifacio, and the man hunt on the desert, has been staged at a local theatre, and has been, in its way, an unqualified success. The lines were written by Robert Clarke, a local amateur playwright.

Prominent Hotel Man in Portland

D. Putron Gliddon, representing the Palace Hotel company of San Francisco, Cal., is a guest at the Oregon hotel today. He is on his way south after a trip to Seattle, Wash., and the northwest.

"The Palace Hotel company owns and operates the Palace and Fairmount hotels in San Francisco," said Mr. Gliddon, "and has the distinction of being the largest of its kind in the United States. The Palace hotel, which will be completed in about five weeks, will have 600 rooms and 600 baths. The Fairmount has 687 rooms and 590 bathrooms. Both represent an investment of about \$15,000,000. Eleven hundred persons are employed at the Fairmount hotel alone."

WOMAN CHOKED; ROBBED OF \$130

(United Press Leased Wire.) Los Angeles, Oct. 21.—The police are searching for the thug who entered the room of Mrs. Catalina Perrera while she was asleep and, after choking her into insensibility, stole \$130 from her trunk. Mrs. Perrera, according to her statement to the police, was awakened shortly after midnight by a man who stood beside her bed. He seized her by the throat and strangled her until she was unconscious. When she regained her senses, her trunk had been ransacked and her money was gone.
