## State Health Officer Submits Report of Bacteriological Tests of Milk to Mayor and City Board of Health—Below Standard.

Results of bacteriological tests of milk made by Dr. Ralph C. Matson, state bacteriologist, were submitted to Mayor Simon and the city board of health today by Dr. Robert C. Yenney, state health officer. The city ordinance tolerates as many as 400,000 bacteria to the cubic centimeter of milk, but Dr. Matson's tests show that the greater part of the milk supplied to Portland contains many times the tolerated number of germs, while a very small percentage has come below the 100,000 bacteria maximum prescribed by the government.

Milk containing all the way from 500,000 to 14,000,000 fifth germs has something wrong with it, evidently, Dr. Yenney states in his communication. He adds that it is the desire of the state board of health, which is directing the campaign for clean milk in Portland, to have such action taken by the city authorities as will result in determining the causes for the impurity found in the milk tested up to date.

**Stop Sale of Dirty Milk.**  
"In my opinion," said Dr. Yenney, "the city authorities should refuse to allow the further sale of milk proven dirty by bacteriological count until the offending dairymen have so improved their methods of producing milk that they can pass the test. That is the only safe method of procedure."

The special inspector recently appointed by the city council at the instance of the Consumers' league, has obtained a supply of sterilized bottles from Dr. Matson, and milk samples are to be taken from milk wagons, put in these bottles and delivered to the state bacteriologist. Or the bottles of milk, unopened, as the dairymen serve them to his customer will be delivered to the state bacteriologist.

Dr. Matson's reports will be forwarded by Dr. Yenney to the mayor and city board of health at regular intervals, and action on the part of the city officials is anticipated.

**To Quarantine Dairies.**  
A list of dairies which have been participating in Portland's milk supply but are believed to meet quarantine because of filthy conditions, or diseased cows is ready for delivery to Dr. W. H. Lytle, state veterinarian, when he arrives in Portland Saturday. This list has been prepared by the state board of health as a result of investigations and inspections made by that body recently in connection with their efforts to obtain clean milk for Portland. The list includes a number of dairies which have been operating for many years under almost the same conditions as they are found to be in now.

Quarantine regulations would have been enforced before this time, Dr. E. Pierce, president of the state health board, said today, but it is necessary as a matter of law for the board to act through the veterinarian, and his extended stay in eastern Oregon has delayed enforcement of the law. The board expects to work through the office of the state dairy commissioner in a plan for the enforcement of the state license law, wherein the service of the special milk inspector will be enlisted as a complainant against dairies who have not obeyed the license law.

## INSPECTOR MACK GIVES LIST OF DAIRIES SO FAR INSPECTED

Dairies scored by Milk Inspector Dr. D. W. Mack, city milk inspector, for the month of September have been listed and submitted to Dr. Alan Welch Smith, president of the city board of health, in the form of a report from Dr. C. H. Wheeler, city health officer. Each

## FOR STOMACH AGONY

Ask Woodard, Clarke & Co. About Mi-o-na; it Gives Relief in Five Minutes

Woodard, Clarke & Co. will tell you that they guarantee Mi-o-na to relieve promptly and cure permanently all diseases of the stomach and indigestion, or they will return your money. Have you gas on stomach? One Mi-o-na tablet and the misery is ended. Are you bilious, dizzy or nervous? Mi-o-na tablets will put you right in a day; give relief in 10 minutes. Now, dear reader, don't go on suffering with stomach trouble. Be fair to yourself; throw aside prejudice and try Mi-o-na. It is a great doctor's prescription. No doctor ever wrote a better one. And money back from Woodard, Clarke & Co. if you don't say Mi-o-na is worth its weight in gold. Sold by leading druggists everywhere, but in Portland by Woodard, Clarke & Co. at 50 cents a large box. Test sample free from Booth's Mi-o-na, Buffalo, N. Y. Mrs. Mary Hutchinson says: "Pains and distress in my stomach and a general stomach complaint was entirely cured for me by the use of two boxes of Mi-o-na, and I have no hesitation in recommending its use." 608 Pearl st., Ypsilanti, Mich., December 19, 1908.

## HYOMEL

Cures catarrh or money back. Just breathe in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

# COCAINE and PERSONAL BY DRUSILLA DREW

(Special news is a daily feature of The Journal. Any one wishing to insert such news should send it signed to the society editor or telephone it before 10 o'clock in the morning.)

One of the brilliant parties of the week was the afternoon bridge at which Mrs. James Alexander Ellis was hostess yesterday afternoon, complimentary to Miss Alice Forbes, who has recently returned from a New York finishing school, and Miss Mammie Dunn, who is on a night for an eastern trip. The entertainment was given at the handsome residence of Mrs. E. E. Lytle, 175 North Twenty-fourth street, and the rooms where the game was played were bright with quantities of fall flowers and their wealth of crimson and gold tints. Many beautiful gowns were worn, and the afternoon was remarkable for the number of wedding gowns displayed. Mrs. Ellis received her guests, wearing her graceful wedding dress, a white chiffon trimmed with heavy lace. The yellow messaline gown, combined with gold worn by Miss Mammie Dunn, accorded well with the youthful prettiness of the wearer. Miss Alice Forbes was catching in white messaline. Mrs. Thomas Patterson, who received with Mrs. Ellis, was much admired in her wedding gown of cream satin. The trophies in the game were captured by Miss Katherine O'Hara and Miss Alice Dougherty. Besides the guests of honor there were present Mrs. Thomas Patterson, Mrs. Gerald Anthony, Miss Cara Mastick, Mrs. Henry Frank, Mrs. John G. Peters, Mrs. George D. Peters, Miss Kina McKelvey, Miss Sophie Beck, Miss Harold Nichol, Miss Katherine O'Hara, Mrs. John Larkin Schell, Mrs. William Harper Skuse, Miss Mabel Beck, Miss Lillian O'Brien, Miss Cecile Wiley, Mrs. Irving R. Stearns, Mrs. Edmund B. Levy, Miss Persis Sargent, Mrs. Curtis Sargent, Mrs. Sargent, Mrs. O'Hara, L. H. Buell, Mrs. George McPherson, Miss Hazel Bean and Miss Alice Dougherty.

The members of the Hasalio Street Congregational church will give a reception tomorrow evening at 8 o'clock at the church for their new pastor, Dr. George Paddock, and Mrs. Paddock.

Mrs. William S. Biddle is hostess this afternoon at a reception for her guest, Miss Susan Biddle of Detroit.

Miss R. Bender, national corresponding secretary of the National Child of America, arrived today, and is at the Hotel Seward. The first of next week Miss Bender will give a public address, followed by a reception and tea at the Y. W. C. A. Officers of the Portland branch of the National Child of America are: President, Mrs. H. W. Corbett; president, Mrs. James S. Reed; secretary, Mrs. Anna M. Cremon; treasurer, Mrs. A. Bernstein. Sectional presidents are Miss Pelling, Mrs. William Jones, Mrs. W. C. Alford, Miss Eleanor Gile, Miss DePeters, Mrs. George E. Chamberlain, Mrs. Clara Garnett, Mrs. Herbert Holman, Mrs. Elizabeth Hamilton, Mrs. James Laidlaw, Mrs. William L. Brewster and Mrs. Hannah Robertson. November 10 the guild will hold its annual exhibit at the Unitarian chapel and the donations of clothing will be distributed among the various charities of the city. Last year 2000

dairy, with one exception, is below the 60 per cent minimum. The low grades are given for causes that in other states cause dairies to be closed. In addition none of these dairies is provided with a state license which is a certificate of inspection by the state dairy and food commissioner and his guarantee that the cows of the dairy herd are healthy, the barn sanitary, the milk handled and delivered free from contamination. "I cannot give a list of dairies licensed this year because I haven't got it," said the dairy commissioner yesterday afternoon. He added: "Since the city board of health assumed charge of the dairies last spring I haven't had authority to do with the dairies or licensing them."

"Our instructions to inspectors and consumers are not to accept milk from other than a licensed dairy," Dr. Smith said. "We regret," he continued, "that our authority does not extend beyond the city limits for the purpose of enforcing this regulation, but we will have to look to the dairy commissioner for this service and sincerely trust that he will aid us in this way."

"Portland is going to have clean milk from regulated dairies. I deplore the fact that there have been conditions existing in the city which have kept our plans more rapidly. But we are reaching the desired end, nevertheless." Dr. Mack's report, which in number of dairies inspected indicates activity on his part, follows:

Name	Score
Androeg & Nagale, Portland, R. F.	38.25
Beaver Dam dairy, A. Zillmer	36

# SUFFRAGETTES' NEW CAMPAIGN

Mrs. Pankhurst, the British Leader, Predicts Victory First in America.

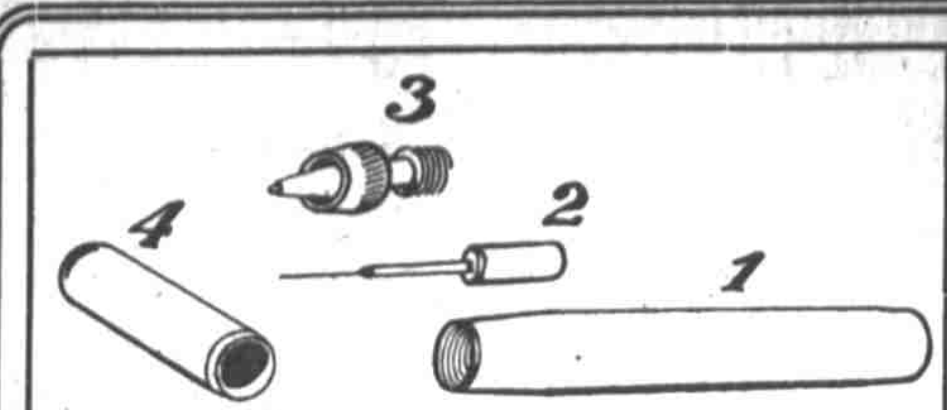

(United Press Leased Wire.) New York, Oct. 20.—Mrs. Julia Pankhurst, president of the National Women's Social and Political Union of England, who began a lecture tour of this country today in the interest of woman suffrage, declared the United States was the storm center of the suffragettes and that she believed the cause would win here first, after which the British statesmen would surrender and give women the right to vote in England. When asked what was the most effective argument she found in advancing the suffragette movement, Mrs. Pankhurst said: "I do not meet any argument; I meet only prejudice." She asserted that she had believed in freedom and the rights of women since she was a girl in short frocks. Mrs. Pankhurst claims that the cry for equal suffrage has enfolded the globe, and with each succeeding day is growing greater. "I want to tour the west," said Mrs. Pankhurst, "because I have been told that the farther west you go, the more energetic, original and independent you find the women."

She will deliver her first speech in Boston today. Students Hold Banquet. Hood River, Or., Oct. 21.—The Hood River high school students, representing the athletic contingency, and numbering about 30, gathered at the Mount Hood hotel last night to hold their annual banquet in commemoration of their victories over the Dalles high school in their recent track meet.

## How to Get Rid of Catarrh

A Simple, Safe, Reliable Way, and It Costs Nothing to Try.

Those who suffer from catarrh know its misery. There is no need of this suffering. You can get rid of it by a simple, safe, inexpensive, home treatment discovered by Dr. Blosser, who, for over 35 years, has been treating catarrh successfully. His treatment is unlike any other. It is not a spray, douche, salve, cream, or inhaler, but is a more direct and thorough treatment than any of these. It cleans out the head, nose, throat and lungs so that you can again breathe freely and sleep without that stopped-up feeling that all catarrh sufferers have. It heals the diseased mucous membranes and arrests the foul discharge, so that you will not be constantly blowing your nose and spitting, and at the same time it does not poison the system and ruin the stomach, as internal medicines do. If you want to test this treatment with your own nose, send your address to Dr. J. W. Blosser, 661 Walton street, Atlanta, Ga., and he will send you by return mail enough of the medicine to satisfy you that it is all he claims for it as a remedy for catarrh, catarrhal headaches, catarrhal deafness, asthma, bronchitis, colds and all catarrhal complications. He will also send you free an illustrated booklet. Write him immediately.

This ad was written with a "Woodlark Pencil Point Fountain Pen". We sell this Pen for one dollar and twenty-five cents. It's worth 5 times this sum. Try one for a week; if you like it, pay; if not bring it back. That's Fair
