#### Commission Men Report Activity in Nearly All Lines.

Business is keeping up nicely on Front street this week and most produce is moving in accordance with receipts. The vegetable supply was good this morning with most every line represented. A goodly quantity of celery was received and then there was lettace, artichokes, onions, tomatoes and other truck.

tuce, artichokes, onlons, tomatoes and other truck.

The fruit market is good, grapes moving very well, Concords and Tokays being plentiful although white grapes are scarce. A shipment is expected here during the latter part of the week. Tokays are bringing \$1 and \$1.10 for fancy stock. Concords are selling at 12½ and 15 cents per basket.

Apples are in the market in large quantities but they are mostly from California, Oregon fancy stock being shipped east about as fast as they are picked. Spitsenbergs No. 2 are bringing \$2.50 or \$2.75 a box and the King variety are selling for about \$1. There are many pears in the market, cold storage Bartletts being queted at \$1.58.

The frutt inspector is keeping a very close tab on receipts and does not hesitate to throw out fruit infected. Yesterday he ordered destroyed a large quantity of wormy apples and a day or two ago a shipment of 30 boxes of apples was confiscated on the same ground and destroyed. They were taken to the crematory and burned. The loss fell upon the grower, who the commission men say, should have been better posted on the laws than to go to the expense of boxing the applea. While they sympathize with the fellow they also feel that it is nacessary to dear strictly with these people in order to eventually secure clean fruit crops and save the orchards.

Chicago, Oct. 27.—When the big commission people took a large lot of May wheat off the market, the shorts found themselves in a hole and tried to cover on a strong swell at the close. There was a strong cable this morning from Liverpool, the market closing higher after having opened unchanged. It is stated here that if wheat growers in the northwest and southwest go slow they also feel that it is nacessary to dear strictly with these people in order to eventually secure clean fruit crops and save the orchards.

#### GOOD FISH SUPPLY

#### Large Quantity of Salmon Received From Yaquina Bay Points.

The fish supply was good this morning with liberal receipts of halibut from Puset sound and salmon from Yaquina bay. Prices remained stationary, however, Razor clams, too, are now in good supply.

Receipts of yeal on Front street were light today. Fancy stock is bringing the and 10 Mer. light today.

#### POULTRY ACTIVE

#### Receipts Heavy but Demand Continues Good.

The poultry market is very sails-factory, receipts being heavy, but the demand being good. Several large ship-ments came in this morning but the commission men had no fears of con-ditions becoming glutted, as the birds were selling readily at about 15 cents for young

for young.

No turkeys are coming in and there are no ducks on the street. Quotations therefore are neminal. With the approach of the holidays the turkey and duck will gradually draw attention from the chicken and it will only be a matter of a few days till the former class of poultry will be coming in large numbers.

## LAST OF PEACHES

#### Willamette Valley Grower Sends 60 Boxes.

A shipment of 60 boxes of Orego peaches was received this morning of Front street. The peaches came from C. M. LaFollett's orchard at Wheat land and seemed very fair. They wer c. M. Lafollett's orchard at wheat land and seemed very fair. They were held at \$1 and \$1.25. This is the lass shipment from a 10-acre orchard there and is probably the last shipment of Oregon peaches for the season.

A carload of bananas was received this morning. The fruit was green and in fine condition for keeping. The market is about 5 cents per pound Without the receipts of today the supply would have been presty low.

#### EGGS AND BUTTER

#### Candled Stock Quoted at 88 Cents Per Dozen Today.

The best grade of eggs is quoted at 23 cents today with selects at 32 cents. Eastern eggs are as low as 28 cents. Butter is quoted all the way from 21 to 36 cents, the lower being farmer's store and the top being the best creamery. The butter market is reported

ery. The butter market is reported firm.

The cheese market shows no change in prices, although the market is firm. Young Americas being quoted at 19 cents. American cream in 5 pound bricks is quoted at 20 cents.

reasing. American firms have recently entered the market. German firms, in view of the repeal of the duty on beans in Germany, will undoubtedly buy largely; while a well known Japanese firm, by far the largest operators till now, were believed to be preparing for the state of the largest operators and the state of the largest operators to be a seen to be preparing for the state of the largest operators and the state of the largest operators are stated to be preparing for the state of the largest operators are stated to be prepared to be stated to b

# export on an even greater scale than hitherto. The tendency promises to be for Chinese merchants to get the business into their own hands, buying from the local producers and selling again to the European firms.

MEET AT PENDLETON "The depletion of the hog stock all over the United States caused by rush-(Special Dispatch to The Journal.)
Pendleton, Or., Oct. 27.—Dan P.
Smythe, secretary, has issued the offiing hogs to market on account of high prices that have prevailed will cause a shortage in 1910 that will be felt on cial call for the Oregon Woolgrowers' the market," said an eastern hog raiser

association, which reads as follows:

"The tweifth annual convention of the Oregon Woolgrowers' association will be held at Pendleton, Or., November 9 and 10, 1909.

"The O. R. & N. Ry. Co. has granted a one and one third fare for round trip. Pay fare one way and ask your agent for receipt, this will entitle you to one third fare returning from convention.

"The program is the best and most instructive yet arranged and prominent and expert men will address the convention on subjects most vital and important to the sheep and wool industry."

"Conditions everywhere in the hog interest of the market," said an eastern hog raiser the other day.

"In no section of the country is there at this time as many hogs as there should be, and the drain, as a result of high prices, on the stock of hogs in the country seems unabated. There is a rush of hogs to all the markets—sold hogs, young hogs, fat hogs and hogs should be when marketed. Even piggy sows have been rushed to market and the end is not yet, will have an influence toward keeping hogs and hog products high, not only during the coming winter and all through next year, and the consumer will have to foot the bill.

"Conditions everywhere in the hog-

through next year, and the consumer will have to foot the bill.

"Conditions everywhere in the hog raising belt are favorable for the future hog business; and in my opinion there could be no more auspicious time for hog raisers to husband and increase their herds than now. The time is ripe for more people to engage in the hog raising business. The demand for hogs will never be any smaller than it is; it will grow stronger and larger year after year, and to supply it more hogs will have to be raised.

"There are not enough hogs in the country now to supply present demands and as population is rapidly increasing and the taste for hog products is growing also, the demand for hogs will grow with it. Unless the hog supply is largely increased within the next 12 months hog prices will, in my opinion, be higher than they are now." San Francisco, Oct. 27.—Wheat—Good to choice California club, \$1.75@1.80; Australia and propo, \$1.90@2; Sonora, \$1.85@1.95; northern wheat, bluestem, \$1.82\\ @1.87\\ ; club, \$1.70@1.72\\ ; tenkey, \$1.77\\ @1.87\\ ; red, \$1.67\\ @1.70.

Beet Pulling at La Grande.

La Grande, Or., Oct. 27.—Beet pulling and hauling is about two thirds finished, according to Field Manager F. S. Bramwell. The speed with which the work is being finished is due of course to the excellent climatic cenditions and to the perfect system adopted by the management for handling the beets.

The yield per acre and the quality of the beets is far superior to anything yet produced in this valley. Beet Pulling at La Grande.

## Death Roll of the Northwest

Ellis Hadley. Dayton, Or., Oct. 27.—The funeral of Ellis Hadley was held from the Evangelical church in this city Sunday. Mr. Hadley was born in Indiana in 1873. He was brought to Oregon when years old by his parents. He died on a portion of the old home estate left by his father, about one mile from

He is survived by his wife, brothers and one sister. He was a member of the Friends church and also of Yamhill lodge, No. 20, I. O. O. F. and had been a delegate to the Grand lodge many times. He was also a member of the Rebekah lodge. The funeral services were conducted by the Odd Fellows, the sermon preached by Rev. Plowman.
