

O. A. C. PARTY FINISHES TOUR

Makes Last Official Stop at Wasco Where Farmers Give Heed to Teachings on Increased Quantity and Quality of Crops.

(Special Dispatch to The Journal.)
Wasco, Or., Oct. 29.—With the three hours stop this morning at Wasco from 9 to 12 o'clock the official itinerary of the O. R. & N. demonstration train was completed. This afternoon the party will visit Hood River's apple show and Portland will be reached about 8 o'clock p. m. The O. A. C. lecturers this morning spoke to several hundred citizens and farmers.

Alfalfa in Arid Districts.

Dr. Withycombe finds proof of his doctrine here that alfalfa can be raised in the semi-arid sections of Morrow, Gilliam and Sherman. Several farmers brought samples of excellent alfalfa for inspection by the O. A. C. instructors. Much of this was raised on land where, during the summer months, the rainfall was exceedingly light. In many cases the farmers were compelled to transport water for household and stock purposes from wells several miles distant. Despite the stringent drought, however, the alfalfa samples are remarkably heavy.

More Gives Reception.

At More last night the citizens turned out en masse for the illustrated lecture in the opera house. After the lecture a reception in the nature of a dance was given for the O. A. C. demonstration party. Several of the professors and railroad officials displayed surprising agility in the French miquelets, quadrille and other dances.

TROUBLE STARES ROWDIES IN FACE

Chief Cox Issues Strict Orders to Govern Halloween Merrymakers.

No rowdiness or destruction of property will be tolerated under the guise of Halloween pranks by the police Saturday night. This is the evening designated by the mayor and chief of police upon which to celebrate the annual occasion instead of Sunday evening, which is Halloween proper.

Chief of Police Cox charged his men this afternoon to arrest all persons celebrating in an unreasonable manner. One thing for which the chief will not stand will be destroying property. His order is as follows:

To Captains of Police: Tomorrow, October 30, is Halloween, and no doubt the children will take advantage of it to engage in the numerous pranks of various kinds, and while they must be conceded a certain amount of liberality in this respect, they will not be permitted to indulge in acts of malicious mischief to the destruction of property or engage in rowdiness.

Attorney Charles J. Schnabel has withdrawn his opposition to the entering of an order dismissing a previous order of the circuit court by which Ross Churchill was directed to pay \$75 suit money and \$125 attorney fees to enable Coach Churchill to prosecute a suit for divorce against him. DE LARA BEATEN TO THIRD DEGREE

He Was Also Mugged and Measured on the Bertillon System.

(United Press Leased Wire.)
Los Angeles, Oct. 29.—Friends of L. Guitierrez De Lara, who is charged with being an alien anarchist, are thoroughly aroused by the Mexican socialist's statement that he was photographed and measured by the Bertillon system while a prisoner in the Los Angeles city jail. According to De Lara, he was photographed and his measurements recorded before the anarchistic charge was filed against him. This, his friends assert, was an unauthorized procedure.

De Lara Given Third Degree.

De Lara is loud in his condemnation of the methods used by the Los Angeles police department after his arrest. According to his statement, he was thrown into the tank at the city jail without being taken first to the sergeant's desk. He refused him permission to talk with his wife, and placed him in what is known as the "bull pen," where he was held incommunicado.

Guilty Methods to Be Studied.

"The next night I was taken into a big room where there were at least 30 policemen. As I came in they set up the cry, 'He's an anarchist.'"

ROCKEFELLER'S MONEY TO FIGHT HOOK WORM

(United Press Leased Wire.)
New York, Oct. 29.—A commission which is to expend the \$1,000,000 given by John D. Rockefeller for eradicating the "hook worm" will begin the work within the next two months.

Although all details have not yet been worked out, the commission from the "hook worm" will be assured of treatment. The hospital and dispensaries which are to be built will not be confined to the cities alone, but will be scattered throughout sections inhabited by the "hook worm" whites and negroes. The campaign against this worm, which is supposed to cause laziness, will be divided into two parts. The first will be the treatment of the disease, which is simple, and the second, to educate the people to avoid the disease.

AGENT WITTEN TAUNTS HILL

(Special Dispatch to The Journal.)
Aberdeen, S. D., Oct. 29.—"I will furnish the Great Northern with names, addresses, heights, weights and signatures, if it wishes to refund fare to people registering at the Coeur d'Alene, Flathead and Spokane reservation openings," said Superintendent Witten today in reply to the attack made by Louis Hill, president of the Northern Pacific government methods in opening reservations, calling it a "swindle" and also saying:

"It is estimated that 300,000 people went to the registration and paid in railroad fare not less than \$1,000,000. We received our portion and would give it back to the people if we knew where they were; we do not want that kind of money."

PEACE FOR CHURCHILLS IF THEY PAY THE FEES

BABY HOME TAGS READY FOR SALE

Charity Workers Will Flood Streets Tomorrow for Annual Fund Raising.

Tomorrow is "tag day" for the Baby Home. It comes once annually and is one of the means of raising funds for the year's expenses and enabling the management to do good work. The Baby Home is one of the very few institutions of the sort that has no endowment fund, so it becomes necessary to appeal to the public and "tag day" is one of the unique methods of appeal. A lady will be stationed at nearly every important corner as well as at the entrance of each large building. Each one will be accompanied by a number of young ladies whose duty is to sell tags, and they promise that no guilty men will be allowed to escape. The price of the tags is only 10 cents and they are of six different colors. On one side are 42 baby faces and on the other is the inscription, "Tagged for Charity for the Baby Home." A large pumpkin colored tag bearing the same inscription in red letters has been made for vehicles and the price of this will be 25 cents.

Mayor Simon Is Not So Certain

"There's no denying that a dock's a good thing, but whether one should be municipally owned and operated is another question. I may be a bit old fashioned, as some have said, but I am not in favor of municipal ownership," said Mayor Simon this morning.
