The storm over the lakes yesterday has moved eastward and now overlies the St. Lawrence valley. It has caused light rain over the upper lake region and the New England States. In other sections of the country fair weather prevails. The pressure is high over the Rocky mountain region and guif states. A feebel high pressure exists over British Columbia and will probably cause clearing weather in the north Pacific states today and tonight. The temperature has risen over the southern portion of the country except in California, and fallen over the northern. Over the upper Missouri valley and New England states the fall has exceded 10 degrees. THAT ARE WEAK, NER-VOUS AND RUN DOWN COME TO ME AND BE CURED

medicine.

I am an expert specialist, have had 20 years' practice in the treatment of diseases of men. My offices are the lest equipped in Portland. My methods are modern and up-to-date. My cures are quick and positive. I do not treat symptoms and patch up. I thoroughly examine each case, find the cause, remove it and thus cure the disease. More than anything else, there is comedy on the bill at the Grand. Novelty is provided by the Kitabanzal troupe of Japanese, and seriousness by "The Markham Divorce Case," but all leopards are the vaudeville bit of the week and the tricks they perform are wonderful demonstrations of animal intelligence. Mile, Florine and her group of trained Persian leopards are the topliners.

I GUME Variouses Veins, Hydrocele, Prostatic Troubles, Contracted Ali-ments, Piles and Specific Blood Poison and all Diseases of Man.

GURE OR NO PAY—I am the only specialist in Portland who makes no charge unless the patient is entirely satisfied with the results accomplished, and who gives a written guarantee to refund every dollar paid for services if a complete and permanent cure is not effected.

### CURE MEN

"I claim to know a great deal about a few allments, rather than a little of all human ilis." THE WORK OF A SPECIALIST IS

THE DOING OF A PEW TRINGS BEST

There is not a physician living who can claim to be proficient in the treatment of all human ailments. To attain the highest possible degree of science would require half a dozen lifetimes of study and as many more of practical experience.

Maybe you are one of the large number of men who think their case is incurable. Perhaps your own doctor has told you you could not be cured, but ramember, that it is only because he did not understand your allment and could not cure you. It did not mean that you could not get help from expert or experienced specialists. I offer you advice free. Call and find out what can be done for you. Never mind about the fee.

Pay Me When I Have Cured You EXAMINATION FREE

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. If impossible to call, write. Hours, 9 s. m. to 9 p. m. Sundays, 10 to 1.
