Now, under the terms of the articles of incorporation, the Camas Prairie Railroad company will operate through to Grangeville and Cottonwood.

Through the fact that the Camas Prairie Railroad does not touch Oregon territory at any point, but is wholly in the states of Idahe and Washington, the fact that incorporation articles were filed in Oregon suggests to railroad men.

It is, was filed in the probate court yesterday and leaves the bulk of his proporty to his widew, Rose White, with provisions for a nice, Gertrude White, and a grand-nice, Henrietta Mina Tichper.

Mr. White named as his executor, his wife, Rose White, Lee Friede and Joseph N. Teal, all to serve without bond. Mr. Friede, however, has declined to old and antiquated affar and the fact that incorporation articles were filed in Oregon suggests to railroad men. Organization Closes War.

Organization of the Camas Prairie road closes a war of years' duration between Hill and Harriman in Idaho, and brings the operation of the 150 mile line from Texas Ferry, Wash., to Grangeville, Idaho, under the direct harge of the two interests combined.

For Idaho, the compromise means the rapid development of the rich Camas Prairie country, long held back by com-plicated railroad, troubles and inability of shippers to secure direct fouting to dered to pay a fine of \$5000. the coast for thousands of bushels of As it was never proved conclusively grain and other agricultural products of that the woman was identified with

Good News to Idaho.

Idaho will receive with delight the promise has been effected between Hill and Harriman interests in Idaho. For inhabitants of the middle sections it

Benefits for Portland will also ac crue. Practically all of the great wheat and grain crop of the Camas Prairie will now be routed, via Pasco on the North Bank, and by way of Riparia, on the O. R. & N., to Portland, and transferred at this point. Portland is ecutors the only logical shipping point for the Idaho territory, under the new railroad arrangement, as it is practically a down hill pull all the way from that region. And, also, the new arrangement opens up an immense territory for Portland wholesalers heretofore not practicable because of railroad difficulties.

### MRS. BOYLE WANTS SENTENCE REVERSED

(Colted Press Leased Wire.)
Pittsburg, Pa., Nov. 5.—Mrs. Helen

Widow-Executors Named.

The will of the late Isam White, who died last week leaving a valuable estate, was filed in the probate court

act as an executor, and is entitled to name someone to act in his place. Adolphe Wolfe, Sol Rosenfeld and Philip Lowengart have been named as the appraisers.

The will gives to Joseph N. Teal, in trust, \$10,000, the income to be paid to Henrietta Tichner until she reaches the age of 18, when she is to be given

the principal.
To his niece, Gertrude White, Mr. White leaves \$40,000, and to his nephew, Isaac White, \$20,000. Furthermore he means ability to ship goods direct, share alike his interest in the calculation of his sister, Leah White, if she dies of his sister, Leah White, if she dies before he. If not, he directs that there he his widow and to Mr. Teal \$10,000, the interest from which is to inade an inspection of the institution, be paid Leah White as long as she \$60,000 was put in the appropriation lives, and on the death of Leah White, bill for the purchase and installation of

The heating plant at the asylum is ar old and antiquated affair, consisting of separate furnaces scattered throughout the basement of the big building, one furnace under each tier of wards. The hot water furnaces and the heating furnaces are also separate. This condition was called to the at-

tention of the legislature at its last session and it was demonstrated that the present system is not only very much more costly than it would be with a central plant, because of the larger use of fuel, but that the many furnaces scattered throughout the basement are a menace to the safety of the building. After this showing had been made by Superintendent Steiner in his report, and demonstrated to the ways and means committee of the house when it

> Immediately after the appropriation became available Gus Strang, chief engineer at the asylum, under the direction of Superintendent Steiner, prepared plans for the heating plant and bids were advertised for. The lowest bidder offered to do the work for \$98,

At a meeting called for this after-noon at 2 o'clock, Mr. Strang, W. H. Corbett of the Willamette Steel & Iron Works, Professor G. A. Cevell, pro-fessor of engineering and heating at the Oregon Agricultural college, Superin-tendent Steiner and bidders and conractors interested in the construction of the plant held a conference at the Im-perial hotel. At this conference the matter was gone over thoroughly and new bids will be called for. It is hoped that as a result of the conference some plan may be decided upon which will insure the installation of the new plant at a figure within the appropriation.

### TENOR WELL SPOKEN OF BY THE PRESS

George Hamlin, the tenor, who sings here next Thursday evening, enjoys a splendid reputation throughout the country, and, in fact, has few equals among native singers. For a number of years he has been one of the principal drawing cards at the big musical festivals of the east and middle west. In recital he has been equally conspicnous, as the following excerpt from the New York Tribune attests:

"Mr. Hamlin's song recital might well have been taken as a lesson by some of the many professional singers scattered through his appreciative audience. In respect of program making and of interpretation the American ternor's concert was of signal merit and interest. The mood of the text as the composer had seized it was pub-lished with intuition and eloquence by the singer in terms of clear enunciation good phrasing and well chosen voca color. Mr. Hamlin is an artist always worth while." Seat zale opens Tuesday at Bungalow.

Effigies of Fawkes were burned and fireworks indiscriminately used. Fawkes and his coconspirators were caught red handed in the vaults under the house of commons during the sitting of the session of parliament in the reign of King James I, about to lay a train of over 100 kegs of gunpowder.

### CURES ECZEMA QUICKLY

Treatment of Skin Diseases.

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as pos-lam, which it is safe to say, has cured more cases of exema and skin diseases than any remedy ever offered for these

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of eczema, as well as acne, herpes, tetter, piles, sait rheum, rash, crusted humors, scaly scalp and every form of lich, yield to it readily. Riemishes such as pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared over-
