

# PREPARE FOR MUNICIPAL STUDIES

## Civic Institute to Conduct Two Weeks' Course in Seeing Portland Inside and Out—First Meeting Monday Afternoon.

That Portland people may know their own city, actually, and not theoretically, and that through this knowledge conditions of the municipality may be improved, the Civic Institute has been organized and will be opened at the chapel of the First Unitarian church by Mayor Simon at 3:30 Monday afternoon.

It is aimed to have the meetings and exhibitions of the institute every afternoon and several evenings during next week and the week following. Experts on the various branches of the city government and the city institutions, such as the health department, the council, settlement work and studies of industrial life, the standards of life and child life in the city will be made.

The meetings are all open to the public and everyone interested in city conditions is asked to come when possible. The meetings were organized by Miss Anna Louise Strong of the Y. W. C. A., and sustaining memberships of \$1 and upwards are desired by her to cover the expenses of the institute. The program for the two weeks of institute work follows:

- Monday, Nov. 8—City Government.**  
 3:30—Chairman, Mayor Joseph Simon; The Function of the City Council, Richard W. Montague; Present Problems of the Council, George Baker, president of the council; The Commission Plan, Dr. C. H. Chapman.
- Tuesday, Nov. 9—Public Health.**  
 1:30—Visit new county hospital.  
 3:30—Chairman, Dr. Andrew C. Smith; The Department of Public Health, Its Activities, Dr. Esther Pohl; Market Inspection, Mrs. Sarah A. Evans, market inspector; Our Hospitals, Dr. S. E. Joseph.
- Evening Session.**  
 8:00—Chairman, Dr. E. P. Geary; Stereopticon, The Fight Against Tuberculosis, Dr. E. P. Geary; The Portland Milk Supply, Dr. Alan Welch Smith; Social Hygiene, Dr. L. W. Hyde.
- Wednesday, Nov. 10—City Plans.**  
 10:00—Visit city council.  
 3:30—Chairman, E. F. Lawrence; Street and Transportation Problems, James W. Morris, city engineer; Park and Playground Plans, Dr. J. R. Wetherbee.
- Thursday, Nov. 11—Child Life I.**  
 3:00—Visit playgrounds.  
 3:30—Chairman, Superintendent Frank Rigler; The Place of the Playground, Mrs. Bertha Davis; Social Influence of Schools, H. H. Herdman Jr.; Education

# STARTLING CURE FOR RUN-DOWN NERVES

Robinson Thermal or "Turkish" Bath at Home, Costing But a Few Cents, Produces Astonishing Results.

Drugless Treatment Proves Revelation in Treatment of Many Diseases.

One Robinson Thermal or Turkish Bath for those of weakened vitality will do more good in a half hour than three months vacation on a farm. Infinitely more than can be expected from any drug in the world.

Many startling results have been produced by the use of the Robinson Thermal Bath. It is revolutionizing treatment of ailments. Prominent physicians are abandoning drugs in many cases for this new treatment. Those who have tried them are astonished at the change in their condition.

The intense exquisite feeling of happiness, strength and mental clearness which results are impossible to express in words.

Open up the pores and the change comes. Stagnant nerves are strengthened at once, kidneys get well, eczema, pimples and skin diseases van-

ish; bad colds, lumbago, rheumatism, dyspepsia, throat and lung trouble, insomnia and constipation disappear as though some wonderful force had lifted them away.

Every man or woman can now have a Robinson Thermal Bath at home, at a cost of but a few cents, and without trouble.

This can be done only by the Robinson Thermal Bath Cabinet, which is a model of ingenuity. No matter what the size of your purse, you can have one of these cabinets.

The Robinson Thermal Bath Cabinets are now being exhibited, and are on sale in Portland, Oregon, at Woodard, Clark & Co.

Ask the dealer also for that great book, "The Philosophy of Health and Beauty." The regular price is \$2.50, but you can get one free for a limited time.

Don't pass another day without seeing these cabinets. If you cannot go yourself, just send your name and address today to the Robinson Thermal Bath Co., Suite 406, Broadway Bldg., Toledo, Ohio, for full illustrated information, free.

# COULDN'T STEEL FROM STEALING

## Oakland Girl Dies of the Poison She Took in a Moment of Despair.

(United Press Leased Wire.)  
 Oakland, Cal., Nov. 6.—Discouraged by unavailing efforts to resist an overwhelming inclination to steal, Miss Mabel Wise, the 23-year-old daughter of a prominent lawyer in Hawaii, is dead from the effects of bichloride of mercury tablets which she swallowed with suicidal intent October 23.

Miss Wise was a well known member of the First Presbyterian church of Berkeley and a woman of refinement and education. The police say she was a kleptomaniac and that they have positive evidence that she stole from many of her friends whom she visited. She was visiting Mrs. W. A. Ray at 2323 Dwight way, Berkeley, when her hostess missed a small sum of money. The police were notified and after investigating accused Miss Wise of the theft. She broke down and confessed, and heartbroken, admitted that she could not resist the desire to steal.

She explained that she did not need the money, or the other articles she stole from friends scattered all over a United States, as she is a member of a wealthy family.

After confessing the young woman brooded over it until she finally tried to end her life with poison. After swallowing the bichloride she remained in a comatose condition in a local hospital until she died, late yesterday.

# LADIES TO AID THE CARNIVAL

## Success of Chrysanthemum Festival at Albany Is Now Assured.

(Special Dispatch to The Journal.)  
 Albany, Or., Nov. 6.—The Ladies' auxiliary of the Albany Commercial club has joined forces with the chrysanthemum festival committee, which will hold its annual chrysanthemum festival on November 12 and 13. The Ladies' auxiliary is planning to give at that time the most notable social event ever given in this city, and the money derived from the gate receipts will go to the Union depot park fund. It will be in the nature of a carnival and will include most of Albany's youth and beauty. There are being planned some living pictures, that for artistic effect will surpass anything ever seen in Albany. Other attractive features will be the different booths—the Japanese tea room, where tea will be served in truly oriental style by Madames Nelson, Davis, Hewitt, Schmidt, Austin, Hopkins, Struble, Langdon, Weatherford and Miss Mason. The Dutch booth, where good things will appeal to the palate, will be presided over by Madames Irvine, Turner, Anderson, Howard, Bowersox, Leigh Dawson, Bowers and Fisher. The candy booth, by Madames Bain, Rudd, Pipa, Collins, Nutting, Leiminger, Irvin, Duane and Miss Schaeffer. The art booth by Madames Train, Fortmiller, Worrell, Haight, Wiles, Tweedala, Palmer, Sullivan, Goff, Fish and Misses Fox and Gard. The fruit booth, where one can buy jellies, pickles, marmalades and other dainties, will be presided over by Madames Stevens, Archibald, Washburn, Jackson, Miller, Schultz, Blain, Ohling, Martin, S. E. Young and J. W. Cusick.

# MAY BE SPLIT IN LABOR UNION

## Big Meeting of All Branches of Labor at Toronto, Ont.—Socialists Are Out.

Toronto, Ont., Nov. 6.—All branches of organized labor throughout the United States and Canada are deeply interested in the annual convention of the American Federation of Labor, which meets in this city Monday. It undoubtedly will prove to be the most important meeting ever held in the history of organized labor in America. Several questions will be decided on which depend the life or death of more than one flourishing organization.

Conditions are said to be ripe for a split over the action of the federation in expelling the faction which is said to embrace 80 per cent of the membership of the International Brotherhood of Electrical Workers. This is the question that has already split the state federations in Iowa, Ohio and Indiana.

The Socialists are lined up solidly with the outlawed faction of the electrical workers and it is said they will have a strong representation in next week's convention. The issue will furnish the Socialists better fighting ground than they have ever had in the past, because there are many union leaders who believe a mistake was made in revoking state charters as has been done. That the warfare against President Gompers and his supporters will be pushed to the limit is evident from statements made by many of the delegates who have arrived to attend the convention and it is apparent that it

# ELECTRICITY IN LOGGING CAMPS

## Will Displace Donkey Engines and Reduce Forest Fires.

(United Press Leased Wire.)  
 Vancouver, B. C., Nov. 6.—Logging by electricity, it is declared, will soon become the general practice in the woods of British Columbia at all points within reach of electric power, by the introduction of plants to make current from waterpower. The Brooks Scanlon Lumber company is now figuring on the installation of electrically driven machinery, which will replace the pioneer steam donkey engines on the extensive limits of the company at Gordon Pass lakes, near the headwaters of Jarvis inlet. It is proposed to erect a power plant at Powell river which will do away with the present donkey engines. With the displacing of the steam engine in the woods will disappear 88 per cent of the bush fires that have wrought so much damage to the forests of British Columbia during recent years.

will require all the diplomacy of the leaders to prevent a split in the ranks of the big organization.

To Dedicate New Church.  
 Aberdeen, S. D., Nov. 6.—Elaborate plans have been completed for the dedication of the \$75,000 Methodist Episcopal church recently completed in this city. The dedicatory sermon will be preached by Rev. T. B. Hill of Denver.

# SEATTLE SHACK TOWN MUST BE DESTROYED

(United Press Leased Wire.)  
 Seattle, Nov. 6.—One hundred and five shacks, constituting a village with a population of 400, were today condemned by Assistant Chief Sanitary Inspector T. R. Wilber, and following the removal of the inhabitants the shacks will be destroyed. The principal reason for the action of the inspector, aside from all ordinary sanitary aspects of the case, was the fact that thousands of rats were making their homes among the driftwood and the present colony of beach combers has collected within less than a year after Dr. Chrichton, commissioner of health, destroyed hundreds of similar shacks in the first campaign against the bubonic plague.

The inhabitants of the queer looking villages come from the four corners of the earth, and they earn a precarious living by fishing in the harbor, and by the thousand and one ingenious devices of beach combers.

Local sanitary officers today state that they are not worried over the report coming from Washington, D. C., to the effect that there has been a fresh outbreak of the plague in California. Local plague work is going on steadily, and since the campaign was inaugurated it is estimated 115,000 rats have been destroyed. The health department is now setting giant rat corrals along the waterfront. These corrals are being placed beneath the wharves, and are expected to be of great aid in reducing the number of waterfront rats.

# PENDLETON ELKS BUY NEW LODGE BUILDING

Pendleton, Nov. 6.—A deal was consummated last night whereby the local order of B. P. O. E. secures a prominent business block in the city, which will immediately be remodeled and converted into a home for the antlered herd. The property in question is the Renn building, on the corner of Court and Cottonwood streets, and the consideration involved is \$25,000. The Elks also acquired a one half interest in the one story building just west of the Renn building. The lower story of the building will be rented, but the entire upper floor will be used for lodge purposes.

# MEMORY OF TWO NOTED RABBIS IS HONORED

Cincinnati, Ohio, Nov. 6.—Under the auspices of the Hebrew Union college interesting exercises were held today in celebration of the hundredth anniversary of the births of Samuel Adler and David Einhorn, the two famous New York rabbis, who share with Dr. Wise of Cincinnati, the reputation as founders of reformed Judaism in America.

Dr. Einhorn was born in Bavaria, November 10, 1809, of wealthy parents. He progressed so rapidly in his rabbinical studies that at the age of 18 he was made rabbi of a synagogue in Vienna. His advanced views met with opposition from the Austrian government, so that in 1855 he came to America and located in Baltimore. Ten years later he removed to New York and until his death in 1879 he was rabbi of the famous congregation of Beth-El.

Dr. Adler was born in Worms, Germany, December 3, 1809, the son of an associate rabbi. Notwithstanding the fact that he was subjected to want and privation, he succeeded in securing a classical education. He emigrated to America in 1837 and became rabbi of the Emanu-El congregation in New York City. He was a profound scholar and wrote extensively on many subjects. His death occurred in New York June 9, 1881.

# FOREST GROVE TO EXTEND ITS LIMITS

(Special Dispatch to The Journal.)  
 Forest Grove, Or., Nov. 6.—The purchasing committee of the city council has been instructed by that body to enter into negotiations with a local brick maker for the purchase of 25,000 bricks, to be used in the construction of a new city hall. Plans were drawn and the contract let for the building of the hall several months ago, but work has been delayed by various causes. The city lock-up has been used as council chambers since time immemorial, but the shack has become so weather worn that the gentle rain seeps through the roof and drips onto the city fathers, interfering somewhat with their deliberations.

Snake River Bridge Soon Completed  
 (Special Dispatch to The Journal.)  
 Oregonia, Or., Nov. 6.—The Snake river wagon bridge will be completed within the next 10 days. The contract for grading and graveling the road from Oregonia to the bridge was last night awarded to G. W. Routh and Stewart Thorp. Work on the road on the Idaho side is progressing nicely and the deep cut leading to the bridge is nearly completed. The opening of the bridge will be celebrated here at the time of the meeting of the Oregon State Irrigation congress, which will be about December 1.

# Pennsylvania

Short Line from Chicago

## "The Manhattan Limited"

Time Shortened  
 2 Hours  
 From Chicago to  
 New York

Beginning with Sunday, November 7, 1909, "The Manhattan Limited" of the Pennsylvania Short Line, which now leaves Chicago at 11 o'clock a. m., will leave Chicago at 10:30 a. m. daily, running through to New York in 22 hours, arriving there at 9:30 a. m.

This will shorten the time of that train two hours, and the Extra Fare from Chicago to New York will be advanced from Four Dollars to Six Dollars.

For particulars address  
**F. N. KOLLOCK, District Agent**  
 122A Third Street. Portland, Oregon.

# FIRST DOSE ENDS INDIGESTION, HEARTBURN OR GAS ON STOMACH.

A little Diapepsin will make you feel fine in five minutes.

The question as to how long you are going to continue suffering from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking some Diapepsin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pape's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

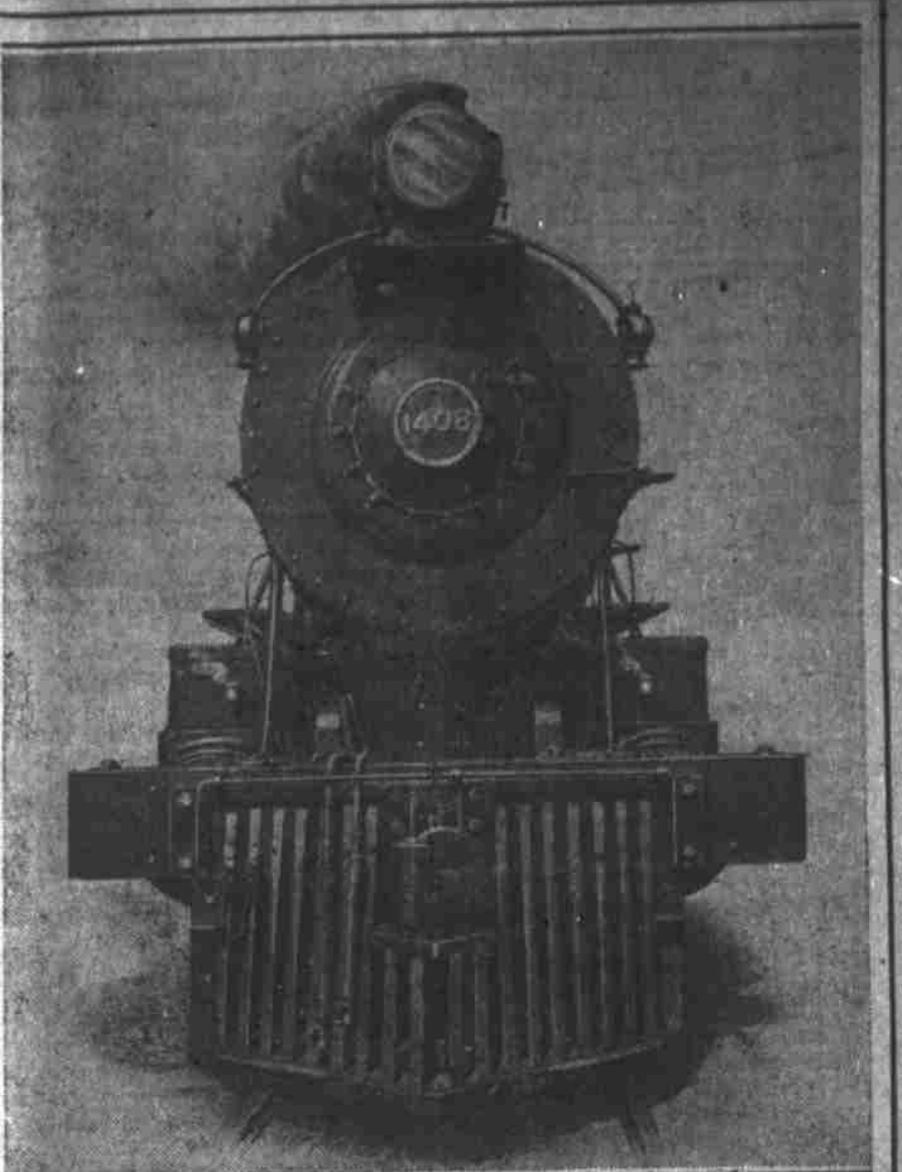

You cannot make a good cup of cocoa out of poor cocoa; a poor cook couldn't spoil

# Ghirardelli's

## COCOA

in the making. Fragrant, delicious, nourishing. Less than one cent a cup.

Don't ask merely for cocoa—ask for Ghirardelli's.
