

# ROSEBURG HAS VERY MANY NEEDS

### Commercial Club to Try for Federal Building, Larger Postoffice and Depot.

(Special Dispatch to The Journal.)  
Roseburg, Or., Nov. 11.—At a meeting of the Commercial club Monday evening (10:30) steps were taken toward urging congress to make an adequate appropriation for a federal building in Roseburg. This matter was brought to the attention of the club by Honorable Hinger Hermann, who cited the great need for a structure of this kind in this city. Roseburg has four federal offices, which are in need of larger quarters; which already is in need of larger quarters; the United States land office, the forestry service headquarters, the United States weather bureau. Besides these there are postal inspectors, special agents, etc. who also need offices in this city. It is said a larger federal building is needed here than any other city in Oregon, outside of Portland. President Josephson appointed a committee consisting of Honorable Hinger Hermann, Governor F. W. Benson, Judge J. W. Hamilton, Honorable Dexter Rice and Honorable B. L. Eddy to prepare data of the city's needs in this line, together with suitable resolutions to submit to congress therewith. It is probable that the club will ask for an appropriation of \$10,000.

### To Make Umpqua Navigable.

Mr. Harriman also took up the matter of requesting a government survey, toward making the Umpqua river navigable from Scottsburg to Roseburg, by means of locks and dams. This plan is thought entirely feasible as there are only about 10 places which need to be thus improved. The probable cost of making this survey would be about \$10,000.

President Josephson was also instructed to appoint a committee to visit General Manager O'Brien of the S. P. lines in Oregon at an early date and present to him Roseburg's needs toward a new freight and passenger depot.

## K. OF P.'S HOLD FIRST DISTRICT CONVENTION

(Salem Bureau of The Journal.)  
Salem, Or., Nov. 11.—Tuesday night at Salem was held the first of a series of district conventions that are to be held during the winter in different parts of the state by the Knights of Pythias. Nearly 200 Knights gathered in the convention hall from different parts of the valley. The district is composed of Marion and Polk counties but there were many Pythians from other counties in attendance.

## WESTON MAN BUYS LAND IN WALLOWA

(Special Dispatch to The Journal.)  
Weston, Or., Nov. 11.—George W. Stagers, one of Weston's most successful farmers, has purchased over 800 acres of land in the Wallowa country, near Enterprise. Several other parties are making investigation as to prices of land in that section, and it is probable that a good amount of Weston capital will be invested in Wallowa county lands.

## PREACHER'S PRAYER BRINGS HIM \$1000

(Salem Bureau of The Journal.)  
Salem, Or., Nov. 11.—Rev. Louis P. Larden, who persuaded George Meyers, the slayer of Policeman Tom Eckhart at Salem about a month ago, to give himself up, was today honored by Governor Benson. He will also be given the reward offered by the city of Salem. In a public statement, Larden declares that he persuaded Meyers to give himself up by the power of prayer.

# Many Women Have Diseased Kidneys

### And Bladder Troubles Who Suffer Endless Torture, Without Knowing the Nature of Their Ailment, or Its Cause.

This is because women are told that their every sickness is due to "ailments of the sex." The notion that to cure a woman's ailments, it is only necessary to treat the distinctly feminine organs, is one that has caused much unnecessary suffering.

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, nausea and fainting spells, lassitude, despondency, sick headaches, painful, scalding sensations, inflammation, etc. are invariably due to derangements of the kidneys and bladder. And unless there is proper healing and curative treatment for the organs, which are diseased and out of order, there can be no cure of the woman's ailments. For the cure of these conditions—and as a safeguard against even more serious and fatally dangerous diseases—there must be a thoroughly good and effective kidney and bladder medicine.

DeWitt's Kidney and Bladder Pills act at once—and with this most beneficial result—on the organs in question—insure prompt and permanent relief in any cases where the disease has not been too long neglected. These pills must be depended upon to do all that is claimed for them.

They are thoroughly antiseptic—surprisingly healing and cleansing, purifying, and reconstructive in effect—and, containing no opiates, narcotics, or other harmful substances, may be taken in perfect confidence.

Thousands of women all over the United States gratefully affirm the marvelous efficacy of these Pills.

DeWitt's Kidney and Bladder Pills are put up in all-night, sanitary, glass con-

## AN EMINENT VIOLINIST

After a most successful concert tour in America, Albert Spalding, the young American violinist, has just sailed for Europe where he will make a tour of the continent in concert, including a visit to Egypt. Young Spalding, who is a grandson of A. G. Spalding, the famous American sportsman, has earned the right to be considered one of the world's great violinists.

## INFANT CONGRESS HOLDS SESSION

### Medical Men and Others From Everywhere Discuss Infant Mortality.

New Haven, Conn., Nov. 11.—The report just issued by the United States census bureau showing that 200,000 children die annually from preventable diseases in the United States attracts timely interest to the conference on the prevention of infant mortality which assembled here today under the auspices of the American Academy of Pediatrics. At the initial session of the conference held in Lamson Hall of Yale University President Hadley greeted the delegates, among whom many noted educators, social workers, practicing physicians and representatives of the most important medical schools in America.

During the two days' session of the conference the infant mortality problem, with the possibilities of its solution is to be discussed from four points of view—philanthropic, medical, institutional and educational. Prominent among the participants are Dr. Clemens von Pirquet, who has just come to this country from Vienna to take the chair of pediatrics at the Johns Hopkins Medical School; Dr. James H. Mason Knox, Jr., associate in pediatrics at the Johns Hopkins Medical School; Edward T. Devine of New York, Schiff professor of social economy at Columbia University; Dr. Thomas Darlington, health commissioner of New York City; Homer Folka, secretary of the American Child Welfare Society; Professor York Charities Aid Society; Professor Institute of Technology; Dr. J. P. Crozier Griffith, clinical professor of the diseases of children in the University of Pennsylvania; Dr. Alice Weld Talbot, professor of obstetrics in the Woman's Medical College of Pennsylvania; Professor Albert G. Keller, professor of the Science of Society at Yale; Dr. Caroline Hedger of the United Charities of Chicago; and Dr. Charles Richmond Henderson, professor of sociology at the University of Chicago.

### Illhee Club Elects Officers.

(Salem Bureau of The Journal.)  
Salem, Or., Nov. 11.—The annual meeting of the Illhee club last night election of officers was held and A. N. Gilbert was chosen president for the following year. Werner Greyman was elected vice-president; Frank T. Meredith, secretary; Joe Baumgartner, treasurer; Fred J. Rice, F. G. Deckbach, S. A. Manning, Charles L. McNary and Dr. W. Carleton Smith, trustees.

### Cruiser Calabria Departs.

(United Press Leased Wire.)  
San Francisco, Nov. 11.—The Italian cruiser Calabria, the last of the foreign fleet that visited San Francisco bay during the Portola festival in October, sailed yesterday afternoon for the Orient. Mayor Taylor and members of the Portola committee bade farewell to the officers and men. Toasts were drunk to the president and King Emmanuel of Italy and tokens of appreciation were presented to the men.

### Companies Incorporated.

(Salem Bureau of The Journal.)  
Salem, Or., Nov. 11.—Articles of incorporation were filed in the office of the secretary of state today as follows:

Log week of Miracle Palatine, Meier & Frank company, 11th Street.

## WEDS THE MAN, NOT HIS TITLE

### Kentucky Girl and French Nobleman Love at First Sight—Much Romance.

New York, Nov. 11.—Before a large and fashionable assemblage in St. Patrick's Cathedral, Archbishop Farley officiated at the wedding today of Miss Suzanne Henning, a noted beauty from the Blue Grass regions of Kentucky, and the young Marquis Antoine de Charette, son of General de Charette, the head of the French Royalists in Brittany.

Miss Marjorie Curtis was the bride's maid of honor, and the bridesmaids were the Misses Helen Coster, Dorothy Hayden, Frances Alexander, Lucia E. Hull, all of New York; Miss Helen B. Hibbs of Washington, and Miss Emily L. Helm of Louisville. The bridegroom had as his attendants Comte Amede de Cars, Baron J. de Meyronneht Saint Marc and the Marquis de Chairny.

The wedding of Miss Henning and the Marquis de Charette is a case of "love at first sight." When the young marquis met his future bride at the home of her parents in Tuxedo park, the Hennings were bitterly opposed to having a titled son-in-law. The young people thereupon took matters in their own hands and accompanied by a chaperon they started on a devious elopement to Paris, where they concealed themselves in a cheap hotel. There they were located by the marquis' mother, who took her son and the runaway American girl to her chateau in Brittany. The consent of the Hennings was won by cable.

The Marquis de Charette was born in Paris and is 29 years old. The Duchess of Madrid and Don Carlos were his sponsors. He spent several years in Germany, and after his military service accompanied the Duke of Orleans on a journey to the United States two years in Portugal, and subsequently paid two visits to America.

The bride of today is the only daughter of Mr. and Mrs. James William Henning. She has made her home in Louisville and New York and has also spent much of her time in Washington and at Tuxedo.

## ENGINEERS REFUSE COOS BAY'S REQUEST

(Special Dispatch to The Journal.)  
Marshallfield, Or., Nov. 11.—Coos Bay apparently must be satisfied with the plan of the government engineers in dredging the bay as a means of improving the harbor. The United States engineers, C. R. Peck, attorney for the port of Coos Bay, has conferred with the engineers in an endeavor to have them build a new jetty instead of dredging. His reports that the engineers refuse to change their plans until the dredging shows itself a failure. The executive committee of the chamber of commerce has delegated William Grimes to attend the Rivers and Harbors congress and to work with the rivers and harbors committee of the United States congress, in connection with the government engineers in the interests of the Coos bay improvement.
