

GAVE MILLIONS TO THE CHURCHES

Death of John Stewart Kennedy Referred to in a Sermon.

The death of John Stewart Kennedy, who passed away recently at his New York home, was the occasion for a brief eulogy on his character yesterday morning by Dr. William Hiram Foulkes at the First Presbyterian church. Dr. Foulkes called attention not only to his unsurpassed magnanimity in the making of gifts but to the breadth of scope in his gifts.

While himself a great religious worker and a benefactor for many religious causes, he did not confine his gifts to his own Presbyterian denomination, nor even to religious institutions alone. Hospitals, colleges, art museums, libraries and many charitable organizations received of his benefits. Dr. Foulkes read to his congregation yesterday the following brief yet comprehensive article on Mr. Kennedy's philanthropy, quoted from the Interior:

Gifts to Missions.

The greatest single gifts ever received by the boards of foreign and home missions of the Presbyterian church come to them from the will of the late John Stewart Kennedy, member of the Madison Square Presbyterian church of New York city, who died at his New York home Sunday, October 31. He bequeathed \$2,250,000 to the board of foreign missions, an equal sum to the board of home missions, and as much more to both the church extension fund of the presbytery of New York and the Presbyterian hospital of that city.

Outside the church, the Metropolitan Museum of Art, the New York public library and Columbia university each get the same bequest—\$2,250,000 apiece. Robert college at Constantinople and the United Charities of New York city receive \$1,500,000 each; the Presbyterian board of aid for colleges, the Charity Organization society of New York city and the American Bible society each \$750,000. The following colleges and universities are given \$100,000 apiece: Yale, Amherst, Williams, Dartmouth, Bowdoin, Hamilton, Tuskegee, Hampton and Glasgow. Each of the following receives half as much: Anstolia, Lafayette, Oberlin, Wellesley, Barnard, Elmira, Northfield, Mt. Hermon, Berea and the teachers' college of Columbia university.

Gave Away Millions.

Gifts of \$25,000 apiece are bestowed upon the Protestant college at Beirut, Syria, Lake Forest and Center. The grand total of the benevolent gifts of this remarkable will amounts to between \$25,000,000 and \$30,000,000. And this by no means forms the sum of Mr. Kennedy's beneficence, for through his whole lifetime he gave largely. About a year ago he celebrated his golden wedding with a gift of \$1,000,000 to the New York Presbyterian hospital, of which he had been president for 25 years and to which he rendered continuous personal service in addition to his benefactions.

Ten years ago he erected the United Charities building on Fourth avenue, where the most important philanthropic organizations of New York city have offices rent free. A little later he gave \$250,000 to endow a school for training

TWO BOMBS AT VICEROY OF INDIA

(United Press Leased Wire.)
Calcutta, Nov. 15.—Lady Minto is prostrated today following her experience of yesterday when a man threw two bombs at the carriage in which she was riding with her husband, Lord Minto, viceroy of India. A score of detectives went to Ahmedabad today to assist in the hunt for the culprit.

At the earnest request of his wife, who is anxious to return to England and who also fears that her husband will be assassinated if he continues in his present position, Lord Minto is today seriously thinking of resigning his post.

Although neither bomb exploded, falling on soft sand which acted as a buffer, Lady Minto fainted from nervousness and since has been under the care of physicians.

An examination showed that the bombs contained picric acid.

When the first bomb was thrown at the carriage, a dragoon riding alongside spurred forward and with outstretched saber, intercepted it, hurling the missile some distance into a sand heap. The second struck the ground but failed to explode.

A big share of Union summary's splendid endowment came from him, and he was probably the largest individual supporter of foreign missions in the Presbyterian church.

Mr. Kennedy was born in Scotland and was near to his eightieth birthday at the time of his death, which resulted from an attack of whooping cough. It is manifest that this great sum of money put suddenly at the disposal of the three Presbyterian boards which benefit most largely by it will affect their policies very materially, and the interest of the church will be concentrated on the policy of the boards as to the use of these funds. It appears that no conditions attach to the bequests and they can be used either for current outlay or for an endowment investment.

Perfected By the Chicago Dentists

After 25 years of dental practice the Chicago Dentists have perfected a system of teeth replacement that is only excelled by the most perfect set of natural teeth. Our whalebone teeth have been subjected to the hardest usage, such as cracking nuts, etc., and have stood the test without injury to the plate or the teeth. Since perfecting this most perfect form of artificial teeth, our Portland office has supplied over 1000 sets of whalebone teeth and has had only one case come back, and that was due to an abnormal shrinking of the gums, which made it necessary to refit the plate, which we did at no expense to the patient, although it was no fault of ours that a new impression was necessary. These teeth are made only by the Chicago Dentists and they have only one office in Portland—all others claiming to make these teeth are impostors.

We are particularly careful as to crowns, as we give a 25 years' guarantee on our reinforced crowns, which no other dentists do in this city.
