

WHITMAN ELEVEN ALL-AMERICAN WHY LOSE STARS

Captain Borleske and Morrow Have Back Work to Make Up.

(Special Dispatch to The Journal.)
Whitman College, Walla Walla, Nov. 15.—The great question before the students of Whitman college is, "Will Borleske and Morrow be kept out of the Thanksgiving game when the Missionaries meet the football eleven from the Washington State college at Walla Walla?" Borleske has been falling behind in some of his studies and there is some doubt as to whether he will be permitted to play in that game. Whitman and W. S. C. always play a strong game and with all of the Missionaries on the eligible list the game ought to create as much talk if not more than any of the conference games of the season.
C. E. Morrow is also taking the shape of a question mark as to eligibility for the big game. Morrow has played a strong game for the Missionaries eleven this season and should Borleske be withheld from the Thanksgiving game, the Farmington will more than have an even chance.
Borleske is working hard to make up his back work and the rumor of his inability to qualify in the game may yet be killed. Captain Borleske has more than played the all-star game for Whitman and the northwest this season and it is hoped that Thanksgiving will find him on the eligible list.

REYNOLDS SAYS HE DID NOT AID TRUST

(United Press Leased Wire.)
Washington, Nov. 16.—In a statement to the United Press, James B. Reynolds, formerly assistant secretary of the treasury and now a member of the new tariff board, has entered a broad general denial to the charges made against him to the effect that he obstructed the prosecution of the sugar trust. By inducing Richard B. Ryan, chief of the weighers' division in the New York custom house, had made charges to that effect.

Ask Uncle Sam to Smite Zelaya.

(United Press Leased Wire.)
Bluefields, Nicaragua, Nov. 16.—A petition is being circulated by those in sympathy with the revolution against President Zelaya demanding that the United States interfere in favor of the revolution, which, the petition alleges, is a result of the misrule of Zelaya. One paragraph of the petition reads:
"Right after the election of President Taft, Zelaya's chief of police in Granada, offered an insult to the American flag by taking it from the hands of a man who was waving it, and casting it down as a miserable piece of trash on the streets."

Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nervine. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."
MRS. LILLIE THOMAS,
Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Dr. Miles' Heart Remedy is sold by all druggists. The first bottle fails to benefit, we return your money.

FARM WORKERS NEW DECISION TO BE EXALTED AFFECTS GAME

National Farm Land Congress Holds Interesting Session in Chicago.

(Salem Bureau of The Journal.)
Chicago, Nov. 16.—The grand ball room of the new Hotel La Salle was crowded to overflowing when the first National Farm Land congress was called to order this morning. Delegates representing the various state governments and numerous commercial, agricultural, industrial, real estate and railroad interests were present from every state and territory in the union. Among the distinguished delegates in attendance were Willett M. Hayes, assistant secretary of the department of agriculture, F. H. Newell, director of the United States reclamation service, Clifford A. Pinchot, chief of the bureau of forestry; Beverly T. Galloway, chief of the bureau of plant industry; Daniel J. Lee, commissioner general of immigration; Charles P. Nadell, United States commissioner of labor; and representatives of the National Irrigation congress, the National Dairy farming congress, the Trans-Mississippi Commercial congress and various other bodies of similar importance.
The object of the congress, as explained in the introductory remarks of the presiding officer and in the addresses of several speakers at the opening session, is to bring about a national organization, representing the various commercial, industrial, agricultural and other civic interests of the country, with a view of collecting information, and distributing the same, concerning the opportunities for profitable farming in the various agricultural districts of the country. The advocates of the movement are confident that the dissemination of reliable data concerning the farm lands, conditions of climate, soil, precipitation, water supply and distribution, social conditions, means of transportation, etc., would be of great value to many thousands willing to devote themselves to agricultural pursuits and would eventually lead to the reclamation development and profitable utilization of enormous tracts of farm lands now idle and unprofitable. It would also give thousands of families now living crowded together in unsanitary city quarters, an opportunity to become independent.

Attorney General Holds Persons May Be Extradited for Misdemeanor.

(Salem Bureau of The Journal.)
Salem, Or., Nov. 16.—Attorney General Crawford yesterday read an unusual opinion to the effect that persons guilty of a misdemeanor may be extradited to other states for trial. Formerly it has been understood that a person could not be extradited for any crime less than a felony. An opinion on the question was asked of the attorney general by Governor Benson.
The game authorities of the state of California have complained to the governor that the citizens of the Oregon counties along the southern boundary of the state have a practice of going over into the adjoining California counties and shooting game in violation of the laws of that state. By scouting back into Oregon these game law violators escape punishment.
By the holding of the attorney general, however, the government of California may issue a requisition for these violators, though the offense be only a misdemeanor, and Governor Benson will honor the requisition. The attorney general says the federal statute governing extradition provides that a person may be extradited for any crime. As our statutes class misdemeanors as crimes, he holds that a person may be therefore extradited for a misdemeanor, although such a proceeding is not usual. The authorities of the state of Idaho have made similar complaint to the governor that Oregon's citizens come across the Snake river and shoot game and then by rowing back across the river escape punishment. It is likely that the governor of that state will pursue the same practice to some extent and if the governor of Oregon will honor a requisition for Oregon's citizens violating the game laws of neighboring states, the governors of those states will likewise reciprocate and the game along the boundaries of the states will be more fully protected.

Let Kodol Digest What You Eat

Then you can eat what you like, for Kodol will do exactly what your stomach does when it is well. You once could eat anything you wanted, and your stomach would digest it. But now there are some things which your stomach won't digest. Your stomach absolutely refuses to accommodate you when you eat certain food—so you have been forced by your stomach to eat food which you digested and pass up those delicacies that you would have really enjoyed.
There is a way now to eat any thing you like, if you will let Kodol digest it. Kodol will do this, too. It won't talk back or command, but will go right ahead with its work and digest all the food you eat. Kodol will let you eat anything you like. You will not have that heart-burn.

Sick or Afflicted Men!

I Want You to Know What I Am Doing Every Day With Just Such Cases as Yours

A weak and debilitated nervous system is the underlying cause of lost manly vitality. Nervous debility is due to lack of nerve power. There is no excuse for the multitude of men who are unequal to enjoying the health of man in the highest stage of perfection. It was never intended that man at any time should be lacking in the essential elements that constitute a robust man, nor would any man ever suffer those mortifying and embarrassing consequences if his nervous system did not become weak and shattered. Since the nervous system controls the action of all organs, and is the motor from which all power of the body is derived, it is evident that the proper and only successful way to bring back vim, vigor and vitality is to treat the nervous system. revive the vim of strength in treating men by a system that recharges the nerve force, and when I dismiss the sufferer there will never again be a sign of weakness, except brought on by imprudence.

THE STRANGER WITHIN OUR GATES

S. A. Carpenter, Sonora, N. M.—No one who has not been on the ground can possibly grasp the magnitude of the silver deposits of Mexico. The entire country seems covered with ledges and nearly all carry a small amount of the white metal. Somebody some day will find the richest silver mine in the world down there.
"We eat too much," said Dr. A. B. Griswold, Salt Lake City, at the Perkins. "We eat too much of everything. We Americans should live on less than half the food we now consume. No one should leave the table feeling that his appetite is satisfied. If we would practice this we would all feel better. We are killing ourselves with our food and it is not the quality, but the quantity that counts."

BAD MONEY MADE IN FAR AWAY ITALY

(United Press Leased Wire.)

"Shake Well Before Using"
Thus reads the label. Do you know what it means? It's a pretty good sign that the medicine contains a deadly poison which settles at the bottom of the bottle. One dose would make business for the undertaker, hence the warning to mix it up.
Few people realize the danger in drugs until their health is gone or their nerves and vitals wrecked by poisonous mixtures.
Then you can understand how useless it is to try to fool nature with stimulants, narcotics and poisons.
The ostrich hides its head and thinks he is out of reach of the hunter's rifle. Some people do things just as absurd.
You cover up the symptoms of a disease and imagine you are cured. Just as soon as you stop using the drug the trouble returns worse than ever.
You have got to remove the cause before you can cure any ailment.
If you have a splinter in your finger, the only way to get rid of the pain and inflammation is to get the splinter out. Of course you could take opium or morphine and relieve all pain for a while, but that wouldn't remove the cause.
The reason for nearly every chronic disease or ailment is a want of vitality and energy by some part of your body machinery.
What is this vitality? Nothing more than electricity. Then, the only way to restore it is to restore electricity to the body.
Electro-Vigor is the best and most successful device for applying electricity. It is easily, comfortably worn while you sleep. All night long it will send a steady, unbroken current of electric life coursing through your nerves and veins, giving new strength, new vim to every part that is ailing.
