Finance Committee of "City Practical" Movement Reports Having \$12,000 on List With Barely the Work Well Started.

Greater Portland was rechristened yesterday the "city practical." But the finance committee of the systematic improvement project decided, even as they performed the ceremony, that the new name should interfere not in the least with the first, "city beautiful."

Enthusiasm ran higher at this committee meeting than has before been evidenced. But enthusiasm was generated not so much from gratification because of results as in contemplation of the plan's perfection.

ON HIS PASTOR'S ADVICE

Mr. Chas. W. Foster, a prominent and respected citizen of East Haven, Conn., on the advice of his pastor, some ten years ago, took Duffy's Pure Malt Whiskey as a tonic, with such good results that he has made it his stand-by ever since.

DUFFY'S PURE MALT WHISKEY

It is a heart tonic, and in old age, when the vital forces are yielding to the weight of years, it will bring strength and vigor to the muscular and nervous centers. Many men and women testify to the great benefits derived from its use.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. 60-HOUR FLYER DELAYS TRAIN 19

General Manager O'Brien in Letter Promises Better Service in Valley.

(Special Bureau of The Journal.)
Salem, Or., Nov. 20.—Train No. 5, leaving Portland at 7:45 o'clock in the morning and due at Salem at 10:35 o'clock, has been late for the reason that No. 19 waits for the new 60 hour mail train on the O. R. & N. in order to provide the Willamette valley with the quickest mail service, according to Manager J. P. O'Brien. Mr. O'Brien's attention was recently called to the fact that during last month train No. 19 was not once on time.

It is not possible, according to the general manager, to wait for mail connection, do the local work on the main branch of the Southern Pacific between Salem and Portland and make the running time. A revised schedule will be published and put into effect within a few days. The letter of Mr. O'Brien promising a new schedule is as follows: "The greater part of the delays to train No. 19 have been caused by waiting at East Portland for the new fast mail train from the O. R. & N. and the delay consequent to making heavy transfers of mail from this train to train No. 19, which on many days has been running from two to four truck loads.

"We assumed the Willamette valley was more interested in getting expeditious mail service in connection with the new 60 hour mail train, recently put on between Chicago and Portland, than in the question of delays in the arrival of the local trains. We have now arranged our business so as to make the service more regular, although we cannot wait for mail connection, do our local work and make our running time, but will arrange to straighten out this feature by allowing additional time on train No. 19 in a new time card which will probably be issued in the course of a few days."

WOMAN BETWEEN COP AND CULPRIT

Oakland, Cal., Nov. 20.—Mildred Adams is in jail, charged by Policeman C. J. O'Grady with pointing a pistol at his head and compelling him to leave a room where he went to arrest Harry Scott on the charge of misdemeanor embezzlement in the St. Regis apartments. While the officer was retreating before the threatening woman Scott escaped and is still at large.

Scott was formerly employed as a salesman by the M. T. Minney company. He is accused of keeping back money belonging to the firm. O'Grady was told that Scott could be found in Miss Adams' apartments, and he hurried down in the evening to apprehend his man. Just before he demanded admission he heard a man speaking. He was kept waiting several minutes, then opened the door. Miss Adams denied that Scott was present, and when the officer began to search the room she is alleged to have seized a revolver. Flinging it against the officer's head, she said, "Get out of here or I'll blow your brains out," according to O'Grady. The policeman left. Later he returned and caught the woman by surprise while she was telephoning. She still held the revolver in her hand when arrested.
