

# FIVE OUT OF 13 FAIL TO GET IN

### Witnesses Unable to Clearly Establish Right to Citizenship.

Laurist E. Willumson came all the way from Mexico to Portland in order that he might complete his naturalization in the circuit court yesterday, and then, when the final test came, failed to secure the coveted document. He failed because one of the witnesses was unable to swear that he had known Willumson for quite the full five years that the law requires. His application was rejected and he must start all over again.

Niels Peter Hans Sorenson, who failed to pass for the same reason, became indignant when he learned that to become a citizen he must file a new petition and wait 90 days for a hearing. After his case had been dismissed and the matter had been fully explained to him he approached Deputy Clerk E. G. Wilde and complained in such audible tones that Judge Bronaugh warned him to keep still or leave the courtroom. He is planning a visit to Denmark and wanted to be a full fledged American before he made the trip.

The same fatal defect in the proof of residence for the last five years caused the dismissal of the petition of Jalmar Constant Jackola. He, unlike Willumson and Sorenson, passed a perfect examination on the questions of government that were asked him, and some of these tests were of unusual difficulty for such occasions. Judge Bronaugh expressed his regret in having to reject his application, and Jackola acted promptly on the court's suggestion that he at once file a new application. His petition will come up again at the February term of court.

Two other two applicants were rejected yesterday. Johan Moen, having been back to Norway on a visit lasting nine months, and George Clark's witnesses could not swear to his residence as required.

Eight were admitted to citizenship. The successful ones were John Bain and Dr. Thomas Darling of Canada, John Mangus Olson and Carl A. Lindgren of Sweden, Frank Amato of Italy, Julius Rosumny and Emil E. Pajimen of Russia and Theodor Carl Arpe of Germany.

### Banners to Advertise Apples.

Hood River, Or., Nov. 20.—A solid train of apples is being loaded at the Hood River Apple Growers' union warehouses in refrigerator cars, and will probably go forward tomorrow to their destination in New York, being a portion of the apples secured of the union by Steinhart & Kelley. Large banners have been printed and are tacked the full length of the cars, announcing the fact that the apples are from Hood River.

### Linn's Property Increases.

Albany, Or., Nov. 20.—County Assessor McKnight of Linn county has about completed the assessment roll of the county. The total for this year is \$28,133,855, while last year it was only \$21,282,882. The number of tillable acres in the county is 189,058, and of untillable 794,350, valued respectively at \$5,534,405 and \$9,965,190.

## Three Undesirables Who Have Left Portland

J. B. Crane, Professional Bunko Man.

James Novak, The Pajama Kid.

Joe Coen, Member of Harvey Dale Gang.

Three of the class that prey on the unwary are shown in the accompanying illustration. Of these Joe Coen, alias the Sheeny Kid, was the last to leave the city. Coen was a member of the Harvey Dale gang that preyed principally on visitors to Portland. He left when his boss found the city too warm for him for the time being.

and he was arrested here September 18 by Detectives Price and Coleman. At that time, nothing could be placed against him, but he was warned to get out of town. "He was arrested a day or two ago at San Francisco for stealing in a room in a hotel there. He has made Portland a stopping off place for years and is well known in police circles. J. B. Crane, who made Portland his residence for years, and has been

classified in the detective bureau as a bunko man, was arrested here October 24, 1908, for fleeing a farmer. Crane worked with A. W. Hepburn, and ran a bunko game, in which they inveigled farmers out of their cash. He pleaded guilty to a charge of larceny and was given a fine of \$100 and returned the money he got from the farmer. He was warned then to quit his business and get out of town. He is considered a professional bunko man, and is 34 years old.

## TWO TICKETS IN FIELD AT UNION

### Hot Contest Promised and Hoped End Will Be Put to Dissension.

(Special Dispatch to The Journal.) Union, Or., Nov. 20.—The annual municipal election will be held in this city December 6. There has been much contention over the municipal affairs of the city for the past several months, and the matter of invoking the recall against ex-Mayor C. H. Law and some of the councilmen was dropped by the citizens and by common consent will settle their differences at the coming election.

There are at present two tickets in the field. One is a ticket selected from the business men of the city, and the other is a ticket placed in the field by the adherents of the present council.

The first ticket named is composed entirely of the city's business men—men of long business experience—and will come under the head of the "Citizens' ticket," their platform favoring strict business methods in the administration of the city affairs, the up-

building and betterment of Union in every possible way.

The ticket is as follows: Mayor, L. A. Wright; councilmen, C. J. Forstrom, William Vogel, J. L. Jacobs and M. S. Levy; recorder, T. T. Cook; treasurer, Osburn Richens; marshal, B. R. Piaster; street commissioner, D. B. Connor.

The second ticket is composed of well known citizens and some of whom are members of the present council, up for reelection. This ticket favors or is in sympathy with the policies outlined by the present council. The ticket is as follows: Mayor, S. A. Pursell; councilmen, J. B. Sams, A. C. Hess, W. S. Faddock and O. Phelps Pratt; recorder, C. H. Law; treasurer, Osburn Richens; marshal, J. T. Rich; street commissioner, D. B. Connor.

## FALLING ROCK KILLS LABORER AT MADRAS

(Special Dispatch to The Journal.) Madras, Or., Nov. 20.—John Legin, a subcontractor under Twoby Bros., was killed by falling rock yesterday while blasting on station work in Porter Spring canyon, 10 miles north of this place. The workmen under Legin, seeing the rock starting to crumble, shouted to give him warning, but before he could get out of the way he was caught by the enormous mass and his head crushed. Legin was an Austrian and about 30 years of age. The remains were interred in the Madras cemetery.

Rate war! Steamer Nome City sails direct for San Francisco and Los Angeles Tuesday, 2:30 p. m. Frank Bolam, agent, 128 Third street.

## MARRIAGE LAW GRIEVES CLERGY

### Washington's Health Certificate Plan Means Loss of Welcome Fees.

(Special Dispatch to The Journal.) Vancouver, Wash., Nov. 20.—The effects of the new law requiring a certificate of health from a practicing physician to go with an application for marriage license is being felt very forcibly by the clergy of Vancouver and others who are empowered by law to tie the knot. One minister says that to figure the percentage of loss would run into so many dollars that he would simply lose courage and give up the task in disgust. Prior to the enactment of the new law Vancouver could properly be termed a marrying town. Local ministers reaping a harvest of from \$25 to \$85 a month from that source. There was an influx, so to speak, at all times, and licenses, at \$2 per, would run into the hundreds monthly at the issuing counter in the auditor's office.

Vancouver was the Mecca for Portland people, and they came from Seattle in large numbers. Neighboring counties and neighboring states contributed vast numbers to the established trade, and for a day to pass without the issuance of a marriage license caused the clerk to ponder for a reason. However, the feast is over, and the famine is on. Those matrimonially inclined swerve at the new law and go to Portland for some other point aside from Vancouver, where the laws are not so strict.

## JUDGES GIVE POPE SPECIAL MENTION

### After Day of Wrangling Ashland Man's Exhibit Is Officially Recognized.

Spokane, Wash., Nov. 20.—Terminating a whole day of wrangling, the National Apple show judges met in special session late tonight and made a special award to Charles Pope of Ashland, Or., for his carload of Yellow Newtown Pippins. It was learned tonight that the protest of the North Yakima exhibitors practically prevented the judges from giving the award to Pope when the other awards were being made.

Pope's exhibit was purchased tonight by W. E. Northway, representing D. Crossley & Sons of New York, exporters of fruit in the show, and believes it would take the sweepstakes if unwrapped.

Secretary Rice of the apple show wrote Pope a letter tonight informing him of the action of the judges and stating that though the carload was disqualified because of the rules of entry, its very fine quality had caused the judges to recommend special mention, and thus a special medal banner would be given as soon as it can be prepared.

This ends the controversy that has been widely discussed by the visitors at the exhibition, and has kept the judges almost at sword's points all day.

## BURGLARS GET VALUABLE JEWELS

### Pendleton Home Robbed, but Loss Not Learned for Nearly a Week.

Pendleton, Or., Nov. 20.—It became known today for the first time that a bold diamond robbery was perpetrated last Sunday, when Mrs. William Slusher, wife of W. M. Slusher, a prominent woodworker, and one time joint representative from Unadilla and Morrow counties, lost valuable jewelry from her room. She had worn them last on Saturday evening, and had placed them in a jewel case in a drawer of a dresser and did not miss them until Tuesday. It is supposed the burglar entered the house Sunday morning while the family was at church and while the hired girl was in the kitchen. The jewels were valued at \$600, and consisted of two solitaires and a large ring, with a diamond setting. Both county and city officers have been working on the case, but entertain small hope of apprehending the robber.

## ENGLISH COMING TO MEET YANKEES

### Oxford and Cambridge Athletes Would Go Against Yale and Harvard.

(Publishers' Press Leased Wire.) London, Nov. 20.—Even at this early date it is safe to say that an international series of sports will be arranged for next year in which the great English and American colleges and universities of Oxford, Cambridge, Yale and Harvard will take part. There was a great deal of disappointment this year because such a series was not arranged but, interest lagged and there was some ill feeling over the Olympic games which was not dispelled until the international polo games but it is now certain that next year will see a program of unusual sports.

Of course there was some effect upon talk of the international games by the selection of L. C. Hull, an American Rhodes scholar to the presidency of the Oxford University Athletic club and it is the consensus of opinion that his election to that position will really be a help in carrying out the program.

Will Broaden Men. A. C. Bellerby, the president of the Cambridge Athletic club, is enthusiastically in favor of the international meet. Speaking of such an innovation in college athletics, he said: "It is to be presumed that the sports would take place in America. But whether they be held here or abroad there is nothing so far as I can see which can be said against the plan. While it will establish friendlier relations between the two nations it will also broaden the men. Aside from the athletic features the travel would be an excellent thing. Those who are keenly interested in athletics would have the opportunity to see how things are done in other lands. There may be some hindrance through the financing of such a plan but I think that could be arranged if we set to work early enough."

## NO PINK TEA ATHLETES AMONG THESE MAIDENS

New York is the first city in the United States to produce a regular, sure enough women's athletic club, formed and promoted to promote athletics among girls. The leaders in the plan are Viola Pike, Adra Mann, Susanna Haskell, Elizabeth Butler and Carola Woerishoffer. The games will not be pink tea affairs, either. There is going to be some rough work when the young ladies line up in opposing basketball and hockey contests.

## Two New Pirates Arrive.

Catcher O'Connor of the world's champion Pirates is certainly playing in great luck. He not only drew down a large sum of money as substitute catcher of the Pittsburghs as a result of the recent big series, but last week he was surprised when his wife gave birth to two future baseball stars.

## Famous Golfer Dead.

Sacramento, Nov. 20.—James McNeill, golf instructor at the Del Monte Links for a number of years and known to practically all golf players on the Pacific coast, died of pneumonia early

Manager Jennings of Detroit is trying to bring about a trade with Cleveland for Catcher Nig Clarke.

## HAD CATARRH THIRTY YEARS.

EX-Congressman

Meekison

Gives Praise To Pe-ru-na For His Relief From Catarrh.

EX-CONGRESSMAN MEEKISON COMMENDS PE-RU-NA. "I have used several bottles of Peru-na, and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of 30 years' standing."—David Meekison.

OTHER REMARKABLE CASES. Mr. Jacob L. Davis, Galema, Stone county, Mo., writes: "I have been in bad health for thirty-seven years, and after taking twelve bottles of your Peru-na I am cured."—M. C. N. Peterson, 121 South Main St., Council Bluffs, Iowa, writes: "I cannot tell you how much good Peru-na has done me. Constant confinement in my store began to tell on my health, and I felt that I was gradually breaking down. I tried several remedies, but obtained no permanent relief until I took Peru-na. I felt better immediately, and five bottles restored me to complete health."

A SINCERE RECOMMENDATION. Mr. D. C. Prosser, Bravo, Allegan Co., Mich., writes: "Two years ago I was badly afflicted with catarrh of the stomach. I had had a run of typhoid fever, was very depleted, I could find nothing I could eat without causing distress and sour stomach. Finally I came to the conclusion that I had catarrh of the stomach, and seeing Peru-na advertised, began to take it. It helped me and after taking three or four bottles I was entirely cured of stomach trouble, and was now as anything."
