Advance of 10c for Good Stuff—Sheep and Lambs Are 25c Higher Again.

Union Stockyards Run. Hogs, Cattle, Calves, Sheep. Tuesday... 242 174 486 Monday... 242 174 486 Saturday... 242 174 486

Union Stockyards, Stockdale, Nov. 30.—The month closes with the very best feeling possible in the local livestock situation and prices generally tending toward a higher range.

Demand for good stuff is gradually increasing and it is during the late period have arrivals of character been up to the requirements of the trade.

Condition has been continued for so long a period that buyers were quite willing in fact eager, to bid as high as \$2.75 for cows in the Stockdale yards.

While this was the only sale of cows made today at the record price, absence of evidence today could scarcely be taken as the fact that but one real top cow arrived and that brought the extreme value for the day's transactions.

There were no fancy steers in the yards during the day and this accounts for the absence of figures higher than \$4.50 in that branch of the cattle market.

The highest grade of steers in the yards today could scarcely be called more than mediums and \$4.50 was considered a very good price for these during the day's transactions.

Market for bulls is very good and values in effect are high, considering the state of other lines.

20c Market Remains at \$8.10. The fair run of hogs today that followed the most liberal run of yesterday.

Supply of hogs at Stockdale today was about 200 head, with 92 yesterday, 206 Saturday, 1066 Friday, none Thursday, 43 Wednesday and 322 head a week ago today.

Advance of 25c is shown all through the sheep market today. All grades are showing a rise of a quarter.
