## JUDGE MORROW WILL PRESIDE

New Plan of Procedure to Be Inaugurated in the Circuit Court.

Judge Robert G. Morrow will become presiding judge in the circuit court early in February, according to a plan agreed upon by the five judges of that court. He is next in rotation for that position, but by the former rule would not take the presiding seat until April. Under the new plan the presiding judge will change every six months, in February and August. Hereafter the presiding judge has changed yearly, but the work has increased immensely in late years and has become a severe strain on the occupant. By putting the change into effect in February, Judge Bronaugh's term will fall a few months short of the year that he was expected to serve. Judge Morrow will serve until August, and then Judge Cleveland will, for the third time since he has been a circuit judge, take the presiding seat. The presiding judge bears all motions and demurrers, unless specially relieved otherwise, acts as referee in all cases of arbitrations and plans in criminal cases, hears emergency matters and injunction and habeas corpus, and becomes a target for an unending series of questions and requests every day in the year. In addition to this work Judge Bronaugh gives two afternoons each week to the juvenile court sessions, not to speak of other time required by the work of that court.

## TRY THIS FOR COLDS

"Mix half ounce concentrated pine compound with two ounces of glycerine and a half pint of good whiskey; shake it well each time and use in doses of a teaspoonful to a tablespoonful every four hours. These ingredients can be had from any good druggist or he will get them from his wholesale house; any one who wishes to see the formula, send for the quick-cure and cold cure known to all men. The concentrated pine is a special pine product and comes only in half ounce bottles, each bottle in a separate box. It is not to be given to children."—Advertisement.

## SAVANTS ALSO SHAKE WISE HEADS AT COOK

(United Press Leased Wire.) Copenhagen, Nov. 30.—The mysterious disappearance of Dr. Frederick Cook, the Brooklyn polar explorer, is causing no little comment in this city, and as a result he may lose much of his prestige among the savants of the University of Copenhagen, who are investigating his polar records. The members of the investigating committee appointed by the university denied the announcement reported to have been made by them to the effect that Cook was on route to Denmark to assist in the review of his records. They stated, however, that his presence here would facilitate their work. Despite the adverse criticism which followed Cook's disappearance, he is still regarded by laymen as the first man to reach the pole. Among those who remain the unquestioned favorite is his contemporary with Commander Peary.

## How to Make Better Cough Syrup Than You Can Buy

A full pint of cough syrup—enough to last a family a long time—can be made by the recipe given below in five minutes, for only 6c cents. Simple as it is, there is nothing better at any price. It usually stops a deep-seated cough in twenty-four hours, and is a splendid household remedy for whooping cough, colds, hoarseness, bronchitis, etc. Take a pint of granulated sugar, add 1/2 pint warm water and stir about 2 minutes. Put 2 1/2 oz. of Pinex in a pint bottle and fill up with syrup. Take a teaspoonful every one, two or three hours. It keeps perfectly and the taste is pleasing. The chemical elements of pine which are very binding to membranes, are obtained in high proportion in Pinex, the most valuable concentrated preparation of Norway White Pine Extract. None of the weaker pine preparations will work with this recipe. Your druggist has Pinex or can readily get it for you. Strained honey can be used in stead of the syrup. Every day bottle of Pinex is a life-saver for cough sufferers.

## JAPS PROPOSE PEACE IN TRADE

International Chamber of Commerce May Be Established.

(United Press Leased Wire.) San Francisco, Nov. 30.—When the members of the Japanese trade commission that has been touring the United States return to their native land it is probable that steps will be taken immediately to secure the organization of an international chamber of commerce. The commissioners from Japan were entertained last evening at an elaborate banquet at the St. Francis hotel. They were scheduled to sail for Japan on the Chiyu Maru today. At the conclusion of the banquet Baron Shibusawa,

## WOMAN SHOTS AT ALLEGED ASSAILANT

McAlester, Okla., Nov. 30.—Mrs. Mervin King, wife of a miner, was led into the county jail to identify Will Jones, a captive negro, as the man who had tried to assault her. Sunday, she suddenly whipped a revolver from the folds of her dress and shot twice at Jones before the authorities could get the weapon away from her. At the first shot Jones gave a yell which echoed through the building and crawled under the cot in his cell. The jail doctor said neither bullet had touched him.

## ROSELAI'S TRIAL IS SET FOR DECEMBER 13

Hillsboro, Or., Nov. 30.—The trial of J. D. Roselair, charged with murdering his wife, has been set for December 13. An application has been made for a

## DIVIDEND DECLARED IN DEFUNCT BANK

(Special Dispatch to The Journal.) La Grande, Or., Nov. 30.—The comptroller of currency has ordered the issue of a 10 per cent dividend to the holders of the defunct Farmers and Traders National bank of this city and Receiver Neldner is now making out the checks. They will be hurried to Washington to be returned in time to come as Christmas gifts to the depositors. It became definitely certain today that the bank will not pay more than 65 per cent. To make the last and final issue, the bank must win all suits pending. If such is the case, the grand total of dividends will aggregate 65 per cent.

## change of venue, which will be disposed of before the trial. The defense claims that a fair trial cannot be had in this county. The tragedy occurred sometime last spring, at the mountain ranch in the extreme north edge of this county and the evidence, aside from the defendant's own statements, is circumstantial. Roselair came to Hillsboro and reported the matter and gave himself up. The body of the woman was badly hacked and mutilated.

## Talks on Teeth

BY THE BEE DENTAL CO., DENTISTS WHAT BEAUTIFUL TEETH! One of our patients told us recently of a good joke she played on one of her friends. "What beautiful teeth you have!" the friend exclaimed. "They are nice teeth," she admitted, "and," she continued, "there isn't a cavity in one of them." The friend thought that, too, was remarkable. After some more talk back and forth between them, the lady with "the beautiful teeth" said: "I am going to confess to you—these teeth are ALL FAKE. They are the famous Alveolar teeth without plates or bridgeswork. They are mine," she said, "for I bought and paid for them, but I am not telling everybody that."
