Tom McDonald's Stars Are After New Year's Struggle With Multnomah.

There were two interesting turns to the holiday football situation this morn-ing. Professor Herdman of the Washington high school said that unless he heard from the Englewood high school of Chicago by Wednesday there would be no game Christmas day for the inter-scholastics. George McMillan, manager of the Multnoman club also stated that he would give the Washington state col-lege management until Wednesday to come through for a New Year's game. Tom McDonald, the former University

of Washington player, has written down from Seattle with a proposition to bring an eleven of former all-American stars to Portland for the year end game. Mc-Donald claims to have signed up a number of stars who are willing to come to Portland New Year's day and play against the "Winged M." If they all come, the fans will witness the greatest galaxy of football stars ever congregated together on a northwestern grid-

Forbes One of Them. McDonald says he has permission to play such men as Bob Forbes, the fa-mous all-America end from Yale; Oliver Cutts, the all-America tackle from Har-vard; George Capron, the famous Minnesota drop kicker; "Red" Abbott, the noted Wisconsin end; Jack Owsley of Yale; Claude Kern of California; G. W. Perkins of Michigan; H. Allen of Brown; F. W. Fowler of Denver; J. Johnson of Purdue; M. O'Brien of Annapolis; Jerry Missen of Washington State; Frank Dowd, University of Washington, and McDonald himself. Surely this is an array of talent imposing enough for anybody.

Manager McMillan feels that the ag-gregation selected by McDonald would be the best from a financial standpoint outside of Washington state. Inasmuch as all the men

whom the club would be expected to play are professionals, the game would be billed as an exhibition game instead of a match game, as would occur against the Pullman students. However, the fact that it would be an exhi-bition game would not detract one whit front the interest with which the fans would watch the struggle.

Answer From Pullman. McMilian looks for an answer on the guarantee question from the Pullman eleven in a few days. There is a little hitch over that new. There is a big deficit in the Pullman treasury, and Manager Jones is anxious to recuperate in this quarter as much as possible.

## BASKETBALL GAMES TO | three chofe They are: BE PLAYED BY GIRLS

The girls' teams of the Y. W. C. A. and the Social Turn Verein will play a game of basketball next Saturday night in the Catholic Young Men's club gymnasium. There are no other girls' teams as yet, but it is probable that more will be organized and that a girls' league will be formed.

There is much enthusiasm over the prospects of an interscholastic league among the girls. The girls of the east side high start practising Wednesday, and they will probably play outside games with other girls' teams.

## Pendleton Beats Athena.

(Special Dispatch to The tournal.)
Athens, Or., Dec. 13.—In a fast and interesting game of basketball the Pendieton team won from Athena, 9 to 5. The visitors were outplayed in the first half, not being allowed a single field goal, but they railled in the second half and won the game with two field goals and two free throws from the foul line. th teams played fast, clean ball and the game was in doubt until the last minute of play. Ralph Shaw, manager of the Pendleton team, was the fastest man on the floor and deserves special mention for the way in which he handled his team. Dudley and Parker were the stars for the home team. McKim is a graduate of the Baker City high and played a star game at quarterback a couple of years ago. ## STURDY CYCLIST

O'Cornell and Smith Ready to Step on Mat in Merrill's.

Eddle O'Connell, the Multnomah club instructor and champion welterweight of the world, and Strangler Smith, the Portland stevedore champion, are ready to step on the mat in Merrill's hall tonight for their finish bout.

Both men are in excellent condition and the match promises to be one of

the best ever held in Portland. They will begin wrestling as soon after 8:30 o'clock as as the preliminary is finished More interest has been manifested in the bout tonight than in any affai: of the kind that has been pulled off in Portland in recent months. From indications a record house will be on

hand to greet the wrestlers. Smith will draw heavily from the union classes, while O'Connell has many admirers among the club men of the city.

The doors will be thrown open at 7:80 o'clock so that those who do not hold reserve seats will be accommodated in getting good positions around the ringside and in the gallery.

Walter Arndt, the clever young 145 pound wrestler, will be one of the pre-liminary men, and another good boy will be sent against him.

Charlie Soules Breaks Pacific Coast Record-Cars Pile Up.

(United Press Leased Wire.)
Los Angeles, Dec. 13.—Two automobile racers are in the hospital, four more are thanking their lucky stars that they are alive today, and three au-tomobiles are wrecks, as a result of the six hour automobile race at Ascot Park yesterday, which was won by Charlie Soules, in a Stearns. He traveled 293 miles, breaking the former Pacific coast record of 267 miles, made by the Kissel car. Three cars turtled during the race and each time it looked to the excited spectators that instant death would come to the driver and inechanic in the overturned car. But only two of the six men were injured. They car, who sustained a broken rib and a fractured collar bone, and Robe, the mechanic of the same car, who was painfully bruised about the head and shoulders, when a tire blew out and caused the machine to skid, and then turn completely over. The other cars wrecked were the Apperson "Jack Rab-bit," driven by Hanshue and a Cadillac, driven by Beaudet. The Apperson threw a tire, smashed a wheel, turned a complete somersault in the air and landed right side up. Hanshue and his mechanic Ferguson, were thrown clear of the car Both escape slight jarring.

Two hours later the Cadillac turned turtle within two feet of the splintered 'Jack Rabbit" and Driver Beaudet was pinned beneath the car while Grogan his mechanic struck earth 20 feet away. He rescued Beaudet, who emerged without a bruise.

Of the eight cars which started at 10 o'clock, only four finished. The Stearns led with 296 miles to its credit, the Pullman arrived second with 251 miles registered, the Buick third with 249 miles, while the Corbin came in a bad-fourth, having reeled off only 212

Fight With Devilfish. Tampico Correspondence Mexican Herald.

A party of English fishermen had an unusual and most exciting experi-ence in the Panuco river recently with a large sting ray or devilfish. It is very rarely that these fish are seen in the river, for they are supposed to confine themselves to the sea, although they are often encountered near the coast along the south Atlantic and in the Gulf of Mexico. Occasionally a small devilfish is taken by fishermen near the coast of Florida, but their appearance in the Panuco river is something unheard of before.

The party of fishermen in question nsisted of Captain A. Paget, Captain Molyneaux, Sir Charles Cost, Major Ramsden, Captain Robert Duff and Lady Juliet Duff, who were out in small boats in quest of tarpon when three of these monster rays were encountered. One of the boats being supplied with a small harpoon threw it into the nearest ray. The other boats came to the assistance and made fast in an effort to keep the first boat, which was being fast towed seaward by the monster devilfish, but the five boats and a launch which had come up in the meantime were towed down the river with as little effort as if they had been mere toys invented for the playthings of this queer shaped monster. After several minutes of the wildest excitement which has ever been experienced by fishermen in the Panuco they succeeded in dragging the monster into comparatively shallow water and were congratulating themselves on the probable capture of the great fish when the monster gave a mighty flop that threatened to engulf all the small boats, dashed under the launch, al-most capsizing it, and succeeded in tearing out the harpoon and thus es-capes. This fish is said to measure at least 18 feet from tlp to tip of its wing shaped fins, or filppers, while the others from the glimpse gained were nearly the same size.

Covering an area of 2450 acres, the largest hydraulic gold mine in the world is in Trinity county, California.

## WRESTLES TONIGHT

Strangler Smith, the Portland long who meets Eddle O'Connell the afternoon of December 25.

(United Free Leased Wire.) New York, Dec. 11.—The disposition of the controversy, which has arisen oven the selection of a president for the National league, is affording much discussion here today pending the musting of the baseball magnates, who will meet to choose the man to fill the place occupied for so many years by the late Harry Pulliam.

Barney Dreyfuss, president of the champion Pittsburg club, and Garry Herrmann of Cincinnati, today denied the truth of the rumors that they forsake the National league and cast their lots with the rival American organization in the event of the election of John M. Ward to the presidency. Herrmann is known to favor the can didacy of Acting President Heydler, who was placed in temporary charge tonight in Merrill's hall. Smith is in of the affairs of the league following great trim and thinks he will have no Pulliam's untimely death. The meeting trouble beating the Multnomah in at which the matter will be settled in structor. However, he signed articles scheduled for tomorrow. It is rumored with O'Connell for a return engagement that if Heydler is not chosen upon provided he lost, for a \$300 side bet the first ballot, Herrmann and others with the toe hold barred and the strangle of his supporters will propose the name hold allowed, the match to take place of a man who has not yet been mentioned in connection with the position
