

TACOMA CITIZEN LEGAL BIGAMIST

Divorce Mill Jumps a Cog and Machinery Becomes Badly Tangled.

(United Press Special Wire)
Tacoma, Wash., Dec. 15.—By setting aside an order made by Judge Clifford, which order set aside another order made by Judge Huston that in turn set aside a divorce decree issued by Judge Kean, Judge Shackelford has caused Francis M. Ryerson to turn a matrimonial double somersault on the floor of the divorce mill and land back an unwilling victim in the arms of his first wife. Incidentally the "setting aside" toboggan Ryerson has skated down robs Bessie Brambaugh, who is Mrs. Ryerson No. 2, of her husband, Ryerson, because the court declares he belongs to Mrs. Ryerson No. 1. Mrs. Ryerson (nee Brambaugh) will have to go into court to get a divorce from Ryerson if Mrs. Ryerson No. 1 insists on keeping him, which she seems more than willing to do. The case is the worst tangle of divorce complications this county has seen.

Henrietta M. Ryerson, who is wife No. 1, got a divorce from Ryerson about 14 years ago on the ground of cruelty. After a few days Ryerson and Mrs. Ryerson talked their troubles over and concluded that he had been crazy to act so. A physician they consulted believed the same. Judge Huston patched up matters by setting aside the decree of divorce. The Ryersons later had trouble and Judge Clifford tangled matters up again by setting aside Huston's decree.

Judge Shackelford has now set aside this act, leaving Ryerson the husband of his first wife.

In one of his breathing spells while not married to Henrietta M. Ryerson, he married Miss Brambaugh. Ryerson is the only man in the state, or probably in the country, who has two legal wives. Being a bigamist by act of court, he declares he fears no punishment.

Deficit in Salem Funds.
Salem, Or., Dec. 15.—Salem will close the year 1909 with a deficit of \$11,000, which must be covered by the budget for 1910, partially completed at a special meeting of the council last night. Nearly \$60,000 will be required to be raised by taxation for next year, the total amount being close to \$80,000, of which about \$30,000 is derived from sources of revenue aside from taxation. Though the tax levy was not determined last night, it is expected to be

OCEAN-GOING DREDGE NEEDED

Oregon and Washington Taking Intense Interest in Columbia's Mouth.

Improvement of the mouth of the Columbia river was the topic of an interview given by G. Wingate, pioneer capitalist of Astoria, Or., who is a guest at the Hotel Oregon today.
"Oregon and Washington were never so vitally interested in keeping the mouth of the Columbia river navigable for ocean going vessels as they are now," he said. "People of the two states do not realize in the smallest measure the crime of allowing the river improvement to be delayed."
"First of all, and the most immediate need, is of an ocean going dredge to be kept constantly at work, when the weather permits, on the channel. Portland people who recommended the removal of the 'Chinook' are striking a terrible blow at river improvement."
"An ocean going dredge is vitally needed. Though fashioned from a worn-out transport and never able to work rapidly, the 'Chinook' is better than nothing. I am satisfied that the legislatures of Oregon and Washington would appropriate annually sufficient sums to keep a dredge at work. We who are interested in the improvement of the river mouth should urge action on the part of the voter."

QUEEN OF SWINDLERS WON'T MISS SENTENCE

Pendleton, Or., Dec. 15.—Deputy Sheriff Joe Blakely is in Seattle awaiting the outcome of the efforts of the Seattle General Electric company to prosecute Mrs. Maud Baney, alias Johnson, alias many other names, who is more commonly known as the "queen of swindlers." Mrs. Baney, as she was then known, operated in this city four years ago and succeeded in fleecing local merchants out of goodly sums. She was convicted in a jury trial here, but by the leniency of the court was paroled. However, if the case against her in Seattle is dismissed, she will be brought back to Pendleton and be sentenced to the penitentiary.

fixed at about 6 mills. The budget for the coming year includes estimates for the purchase of property to establish a city hospital or pest house and a garbage crematory, though no provision for building an incinerating plant is included.

Making Merry

At Mealtime, Means Good Appetite, Good Digestion, Good Cheer, Good Heart and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not, Why?
DYSPEPSIA is the skeleton at the feast, the death's head at the festive board. It turns cheer into cheerlessness, gaiety into gloom and festivity into farce. It is the ghost in the home, haunting every room and hitting at every fireplace, making otherwise merry people shudder and fear. If there is one disease more than another that should be promptly attacked and wrestled, it is DYSPEPSIA. It is the very genius of unhappiness, unrest and ill nature. In time it will turn the best man almost into a demon of temper and make a good woman something to be dreaded and avoided.
It is estimated that half of one's troubles in this world comes of a stomach gone wrong—of Dyspepsia. In short, food taken into the stomach and not properly cared for, converted into substances that the system has no use for and hasn't any notion what to do with. It is irritated and vexed, pained and annoyed, and in a little while this state of things becomes general and directly there is "something bad to pay." The whole system is in a state of rebellion and years to do something rash and disagreeable and a fine case of Dyspepsia is established and opens up for business.
If you were bitten by a mad dog, you would not lose a day in going to a cure; do you know you should be just as prompt with Dyspepsia. Rabies is a quick death, dyspepsia is a slow one; this is about all the difference. There is a cure for rabies and so there is for Dyspepsia and one cure was about as difficult to discover as the other. Pasteur found out one and the F. A. STUART COMPANY the other, and it is no longer a secret, as it is made public in the wonderful Tablet, which so many are using and praising today. One writer says of it:
"Stuart's Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, regulate the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote digestion and stays by the stomach until all its duties are complete."
Some cures are worse than the disease; they demand this, That and the Other and the patient despairs at the requirements, but not so with the Stuart Dyspepsia Tablet; they are easy and pleasant to take and no nausea or ill feeling follows. There is none of this "getting all over the mouth" like a liquid and making the remedy a dread. Another writer says:
"It matters not what the condition of the stomach, Stuart's Dyspepsia Tablets only improve the juices and bring quiet to the whole digestive canal, of which the stomach is the center."
Forty thousand physicians use these tablets in their practice and every druggist sells them. Price 50c. Send in your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

To the 13,000 Who Failed to Get In

Or to the 2 times 13,000, or to the 3 times 13,000, whatever the number, since the crowd who tried to honor us with their presence has been estimated as high as 50,000, we want to express our regrets in the most forceful language conceivable. The fact that thousands and tens of thousands could not get in our store, could not even get in a block of it, was the one regrettable feature of the occasion. In fact, some special friends of the advertising manager, who came all the way from Salem to assist in the reception and entertainment of our guests, were unable to get near enough to the door to communicate with us. The great crowd is the talk of the city, and it surely astonished us, although we had estimated an attendance of 10,000. Even the weather—after floods and snow storms—played to our lucky 13. We wish to extend a special invitation to those who failed to get in to **CALL AND INSPECT OUR NEW STORE AND THE 39 PRESENTS**, which will be on exhibition all the rest of the week. Even though you had no opportunity of getting a coupon which would have given you a chance for a present, we know that you will be glad to know that others really participated in an honest distribution of high-class, valuable presents, that they will get much more valuable presents than were promised.

The Thirty-Nine Presents Will Exceed \$600.00 in Value

The second 13 presents being increased from one-half \$13.00 each, to not less than \$13.00 each, and the third 13 presents from one-third \$13.00 to not less than \$13.00 each. Number 13 and Number 1313 will each get a fine Turkish Rocker, genuine number one leather, full Harrington springs, and made by Karpen Brothers, worth not less than 3 times \$13.00. Number 2613 will get an elegant large birch mahogany Chair, upholstered in genuine number one leather, worth not less than 2 times \$13.00. The other 36 presents are worth not less than \$13.00 each. We will not assign a particular article to each person, for we might give Mrs. A. something she would not like so well, and Mrs. B. something she did not like so well, while if the cases were just reversed, both would be happy. In other words, we might make 36 wrong guesses, whereas a rearrangement would please all. Therefore, winners in the first series—113 to 1213—will get first choice in the order in which they call and select, as we could not wait for each to call in rotation, for 113 might not come in till after all the others had called. Winners from 1413 to 2513 will get second choice in the same manner, first come, first served—after those above mentioned have made selection. From 2713 to 3813 the same method will obtain. However, those offered first choice must select same before 9:30 Thursday (tomorrow) night; those offered second choice must make selection between 8 a. m. Friday, to 9:30 p. m.; and those offered third choice will have from 8 a. m. till 9:30 p. m. Saturday. Those of first and second series who fail to come in on day set aside for them will take their chances with the others, who are selecting on the other days. This is most equitable method we can figure out.
